N. Ref on Cur No. 6336 / 09.

Station M a d r a s, Dated the 7th December 1909.

From (Name) A. G. Bourne Esquire, D.Sc., F.R.S., C.I.E.,

(Designation) Director of Public Instruction.

Madras.

To The Secretary to the Government of Madras,

Educational Department.

Sir,

M. S. S.

To
The Secretary to Government,
Educational Department, Fort Saint George.
Through The Director of Public Instruction,
Old College,
Nungambakkam,
Madras.

Most Honoured Sir,

We, the old students of the Civil Engineering College, Madras most respectfully and humbly beg to promise that we shall no more submit a Memorial of any kind on our behalf for any concession which will ameliorate our present miserable condition. We beg to present however this last memorial for such reconsideration as your Honour may deem fit.

We saw your Honour's order No. 550-Mis. dated 7th October 1909 declining to comply with our request in connection with the form of certificates to be granted to us so as to enable us to secure appointments of Draftsmen and Sub Overseers in the P.W.D. This order though not entirely disappointing to us as the Government have at least been pleased to grant us some certificates yet these certificates though not granted to us in writing still find place in the calendar of the Civil Engineering College for 1908-09. So this Calendar will alone be sufficient to declare the number of marks we obtained and the number of years we were trained both practical and otherwise in the college. If the certificates of this description are granted to us they are nothing but the extracts or statements of marks from the College Calendar referred to above. These will not enable us to secure appointments in the P.W.D. These points were already mentioned in our previous memorials to Government.

These

in connection with

These are the vital points affecting us to the end of our lives which the benign Government do not seem to have noticed or even if noticed do not seem to have realized our extremely miserable and wretched condition. We have already had attendance certificates on leaving the College and also College Calendars containing a statement of marks and rank at the Final College Examinations of 1908.

A when there was a similar change, Col. Love, R.E., was pleased to grant to all students pass certificates so as to enable them to secure appointments in the P.W.D. None was made to fail then. There were the 3rd and 4th class certificates according to number of marks obtained by each candidate. In 1906 on their application for a reconsideration, Iyannu Achari and Murugiah Pillai were granted certificates by the same Colonel Love, R.E. notwithstanding their failure by raising the percentage in their number of marks even two months after the declaration of the results. We are unfortunate that Col. Love, R.E. is not now the Principal of the College and if so, he would have fully sympathized with our forlorn condition and would have shown his usual generosity as he is the old Veteran knowing the difficulties and the ordeals of the Civil Engineering College students. All the local leading newspapers also fully sympathize with us and expect that the concession we pray for namely the grant of 3rd and 4th class certificates may be shown to us. We beg to enclose herein the extracts from the Editorial columns of The 'Hindu', 'Standard', 'The Indian Patriot' and the 'Times' of the various dates. We also beg to refer the honorable Government to the list of Persons who have been awarded certificates of qualification as Draftsmen on the results of examination held in connection with the College of Engineering, Madras.

for the year 1900 from which it will be seen that the 3rd and 4th class certificates were granted in former years as under:-

including the College sessions and the Board. (Draftsmen class).

1. for 750 out of 1000 marks	1st class certificate
2. do. 500 do.	3rd class do.
3. do. 350 do.	3rd class do.
4. do. 250 do.	4th class do.

We therefore most respectfully pray that your Honour will be graciously pleased to reconsider the orders already passed and grant us the concession referred to above.

We will deem this to be a great blessing and an act of grace in remuneration for the hardship to which we would otherwise be subject, considering our cost, labour, trouble and exertion spent in the College course for a number of years. For which act of kindness and charity we shall as in duty bound ever pray.

We beg to remain,

Most Honourable Sir,

Your most obedient old students of
the Civil Engineering College,

Madras.

THE HINDU.

MONDAY, OCTOBER 4, 1909.

Now that the Draughtsman and Sub-Overseer classes of the Engineering College have been abolished with effect from December last, the candidates who were unsuccessful in the last examination have been vainly endeavouring for a second chance as a special case and memorialising the Government in the Educational Department for some time past. Once before, we commended the case of the memorialists for sympathetic consideration and pleaded on their behalf that their hardship might be somewhat mitigated. On the 7th ultimo, the Government in passing orders on the penultimate memorial of the failed candidates, observed that they were not prepared to reconsider their decision, or to permit the holding of a new examination for the benefit of the memorialists. However, it was stated that the Government had no objection to the candidates being granted such certificates as the Examiners and the College authorities might consider suitable in each case. In fact, they approved of the proposal of the Director of Public Instruction in regard to the grant of such certificates. From the memorial which the candidates have last submitted to Government, it would appear the College and Examiners' certificates contemplated by the Government in their order are not certificates which would enable the candidates to obtain service in the Public Works Department as Draughtsmen and Sub-Overseers. Certificates entitling candidates to appointment in the P.W.D. known as Third and Fourth class certificates, were issued before. But they have been discontinued now for some years. The memorialists ask for these certificates being revived, instead of the mere extract from the class and examination marks books which is all the Government order would seem to contemplate. The latter kind of certificate, if it may at all be so designated, is obviously of no practical value, and there can be no object in issuing such a certificate. The memorialists, therefore, pray that the Government might be pleased to issue orders to the College authorities and the Examiners to grant pass certificates as follows:—To students who have scored not less than 750 marks out of a thousand—a First class certificate; to those who have secured not less than 500—a second class certificate; when not less than 350—a third class certificate, and, lastly, a fourth class certificate to those who have secured not less than 250 marks. The memorialists pray for this concession as they have no more chance of appearing for the examination in future years, and their study in the College till now will be come useless to them. We trust the Government will be pleased to reconsider the hard case of these poor youngmen and grant them their prayer.

Madras Standard

WEDNESDAY, EVENING, Oct. 20, 1909

SINCE the abolition in December last of the Draughtsman and Sub-Overseer classes of the Madras Engineering College, the candidates who failed in the final examination of these classes have again and again memorialised the Government of Madras, praying them either to continue these classes for two or three years more, or to hold a new examination for the failed candidates. But the Government in their order of 7th September, '09, while declining to reconsider their decision or to hold a new examination for the benefit of the memorialists were pleased to observe that "they had, however, no objection to these candidates being granted such certificates as the examiners and the college authorities might consider suitable in each case as proposed in paragraph 3 of the Director of Public Instruction's letter referred to." These certificates, it is believed, would not entitle the candidates to secure appointment. Hence they have again sent in a further memorial to the Government, pointing out their legitimate grievances and requesting that at least third and fourth class certificates, as in former years, would be granted to them. As these unfortunate students have no more chance of an examination and as their course of training will not avail them without duly authorised certificates, the Government in consultation with the Director of Public Instruction will, it is hoped, be pleased to grant third and fourth class certificates to these candidates, according to their qualifications. In the absence of any such provision, the condition of the plucked candidates will be hard.

THE INDIAN PATRIOT.

MADRAS, NOVEMBER 9, 1909.

ENGINEERING CLASSES.

We understand that ever since the discontinuance of the Draughtsman and Sub-Overseer classes of the Madras Engineering College, the candidates who failed in the last year's examinations, have approached the Government of Madras with a memorial, praying that an arrangement might be made either to continue these classes for a couple of years or to hold another examination for the benefit of the failed candidates. The Government have declined to reconsider their decision, but they saw no objection to such candidates being granted certificates, as the Examiners and the college authorities might consider fit in each case, and as recommended by the Director of Public Instruction. It is feared that these certificates, as contemplated in the Government Order of the 7th September, 1909 and in the Report of the Director, will be of little use in securing appointments for the memorialists. If, on the other hand, third and fourth class certificates, as were granted some years ago, are granted to the candidates, they will readily find service, and their knowledge and training in the Engineering college can thus be profitably utilised. We learn that these candidates have again petitioned the Government on the subject, and trust that their grievances will be redressed by the authorities concerned. It is, indeed, hard that candidates who have devoted a large portion of their time to a particular subject should be disabled to profit by the knowledge that they have striven to obtain, because some examinations have been abolished. That they do possess knowledge is certainly their best qualification, but without a certificate, that qualification has no value for those who have to offer employments. Every possible help rendered to these helpless candidates will be appreciated by the public, who have not the faith in the examinations, it is true, but who have been accustomed to attach value to the certificate of merit and to expect such a certificate before they place confidence in a stranger.

When granted	From 1860 to & inclusive of 1896			From 1896 and under current rules		Asked for by Memorialists	
	1st	2nd	3rd	1st	2nd	3rd	4th
Certificate Class							
Percentage of marks to be obtained in each subject	66	50	36	33	33		
Percentage of total marks to be obtained	75	66	50	75	50	35	25

4. The memorialists enclose 4 newspaper extracts dealing with their present grievance, which with one exception do not call for comment. The "Madras Times" extract (flagged C) states that the students complain of some of the questions set last year which were not from the syllabus.

I have examined all the papers set and there are only 2 questions in the paper on Building Construction (8 questions) which assume a more extensive knowledge of the subject than the students would have, this was due to the old syllabus not being more explicit, but as the College staff assessed the papers this no doubt was taken into account, moreover there was only one failure in this subject.

5. As Government have ruled that no further examination should be held, personally I see no objection to holding one more and think it is the solution of the question, it is simply a question of the form of the certificate. The Memorialists ask for a certificate that will enable them to obtain Government appointments and mislead the private employer. As to their obtaining Government appointments, even if an order were passed that holders of 3rd and 4th class certificates were to be eligible for Government appointments it would remain at that as the poor quality of the 1st and 2nd class draftsman under the old rules is too well known

known

13 14
known in Government service. As to misleading the private employer the memorialists lay stress on the fact that the statement of marks obtained by them is of no value to them in obtaining employment, and a 3rd class certificate would deceive an employer, who has not previously had a 2nd class certificated draftsman, and bring certificates granted by the College, to Draftsmen, into more disrepute than at present.

6. I still think that the best form of certificate is that recently proposed and which has been accepted by you. This would be of value to a holder, as an employer may not want a considerable knowledge of certain of the subjects in which the holder had done indifferently, whereas he may have passed well in the particular branch for which required. For instance a person wanting a draughtsman for Building Construction and Estimating would not care how a man has done in Mechanical and Geometrical Drawing and in many cases an Estimator only will be required. Certainly the list of marks, which are in the hands of the memorialists would do as well, if employers would take the trouble to look into them and see what value to attach to them but I doubt if this would be done.

I have the honour to be,

S i r,

Your most obedient servant,

(Sd) F. E. Morgan,

Acting Principal.

C.No.2240 From the Director of Public Instruction, No.6536, dated 7-12-09.

S U B J E C T.

Memorial from failed independent candidates
of the College of Engineering, Madras.

The Director of Public Instruction submits
for the orders of Government a memorial from
failed candidates of the College of Engineering,
Madras, in which the candidates request that they
may be granted some kind of pass certificates
which will enable them to obtain employment.

2. These candidates were educated under
the old rules for the College of Engineering which
were in force previous to the 1st April 1907.
Under these rules - vide rule 98 on page 14 of
G.O.No.57, Educational, dated 20th January 1906, -
a student who had failed to obtain a certificate
from the Board of Examiners at the final examina-
tion might appear before the Board for examination
in any subsequent year, provided he was certified
to have put in the necessary attendance at the
College and paid the prescribed fee. Thus a
student who failed to pass at a final examination
may appear for the examination any number of times
subsequently, provided he satisfied the conditions
prescribed in Rule 98. But under the new rules
which came into force on the 1st April 1907, a
student who fails to obtain qualifying marks at a
sessional or final examination will not be

promoted

vide Rules 14, 20 & 25 on
pages 17 and 18 of pp. 191 & 1
29.3.09 - F.

17 87

promoted or pass out, but must either leave the College or join the class division next below his own - vide rules 14, 20 and 25 on pages 16, 17 and 18 of G.O.No.191, Educational, dated 29th March 1909.

F

Page 2 of G.O.no.556 #
22-7-08

3. In view of this change in the rules, Dr. Pourns in his letter No.4871, dated 26th May 1908, recommended that the students of the College, who had failed to obtain a certificate under the old rules and who might claim to be re-examined in accordance with the provisions of rule 98 of those rules, should be shown some consideration and proposed that these students should be given a further opportunity to pass the examination according to the standard prescribed by the old rules. He accordingly suggested that they should be warned to appear for the respective examinations in 1908, as they would have no opportunity of appearing for a special examination thereafter, but that they would receive certificates stating, as nearly as possible, the value of their college work and that for posts for which no better qualified applicants might be forthcoming, applications for exemption would be made on behalf of the holders of those certificates.

57

4. The Government approved only the first proposal of the Director of Public Instruction, i.e., to hold a re-examination for the old students in the year 1908, but with regard to the second proposal, they said that no hope of exemption or of appointment should be held out to such of those students as might fail to qualify

186
5

at the re-examination - vide G.O.No.556, Educational, dated 22nd July 1908.

5. A re-examination for these students was accordingly held in December 1908, but the petitioners were unsuccessful at that examination. They accordingly memorialized Government urging that sufficient notice was not given of the fact that the examination of December 1908 would be the last of the kind for which students educated under the old rules would be allowed to appear - vide petitions under cover of G.O.No.240, Educational, dated 26th April 1909 - and requesting for the continuance of the examination under the old rules for three years more, ^{in the alternative,} ~~or~~ for the grant to them of a certificate of lower qualification than that for which they would be eligible had they been successful at that examination.

6. The Director of Public Instruction, while conceding that there was some truth in the complaint of the students that they had not sufficient notice that the examination held in December 1908 was the last chance for them, recommended that at least one more chance might be allowed them to pass the final examination, the examinations being conducted under the old rules by the College staff ^{and} held in December next along with the College examinations, on the ground that, had it not been for the change in the rules, these students would have been able to continue to appear for the examination as 'independent candidates' for any number of years until they passed. The Government, however, refused to give the students any further chance. - vide G.O.No.240,

E

Educational, dated 26th April 1909 and the notes on pages 23 and 24 of the G.O.

E

7. In July 1909 the students submitted a petition and prayed for a reconsideration of the orders in G.O.No.240, Educational, dated 26th April 1909. In submitting their petition, the Director of Public Instruction, Dr. Fourné observed:-

Pages 142 of G.O. no 514 D
7.9.09

"These students have undergone their course of study in the College at great expense and have had the required College training, but having failed at the final examination they are obliged to lose completely the benefit of their College course and could make no living for want of the prescribed certificate of qualification."

Page 2 of G.O. 514 Exl, dated
7.9.09 - D

E

The Director of Public Instruction therefore requested that Government ^{might} ~~would~~ ~~be pleased to~~ reconsider their order No.240, Educational, dated 26th April 1909 by sanctioning the holding of another special examination similar to that held in December 1908 or to sanction the grant to the failed students of some sort of certificates saying how they did in the College and in the Board's examinations, so as to facilitate the employment of the holders of such certificates in temporary vacancies or in cases in which the services of qualified candidates might not be available.

D

E

8. In G.O.No.514, Educational, dated 7th September 1909, the Government declined to reconsider their decision in G.O.No.240, Educational, dated 26th April 1909 not to permit the holding

G.O. no 514 D
7-9-09

D

D

20/3
5
of a new examination for the benefit of the failed candidates but sanctioned the grant to them of such certificates as the examiners and the College authorities might consider suitable in each case. *Vide also this remarks on p. 8 of G.O. No 514, dated 7th September 1909.*

9. On the 15th September last, the failed students of the Draftsman and Sub-overseer classes of the College of Engineering petitioned Government and represented that the certificates which the Government had authorized the College authorities to grant them in G.O.No.514, Educational, dated 7th September 1909, would not make them eligible for any appointment in the Public Works Department. They requested that the College authorities might be directed to grant them pass certificates as follows:-

First class certificate to those who had obtained not less than 750 marks out of 1000;
Second class certificate to those who had obtained not less than 500 marks out of 1000;
Third class certificate to those who had obtained not less than 350 marks out of 1000; and
Fourth class certificate to those who had obtained not less than 250 marks out of 1000.

C
In G.O.No.550, Educational, dated 7th October 1909, the Government refused to comply with the request of the students.

C
10. Subsequently, the Director of Public Instruction submitted to Government another copy of the petition disposed of by G.O.No.550, Educational, dated 7th October 1909 and a form of the certificate which the Principal of the College of

Engineering proposed to grant to the failed students in accordance with G.O.No.514, Educational, dated 7th September 1909. The Government approved this certificate in G.O.F.No.370, Educational, dated 29th October 1909.

11. In the present petition the students state that the proposed certificates would contain nothing but extracts or statements of marks from the College calendar and will not enable them to secure appointments in the Public Works Department. They therefore request that they may be granted some sort of pass certificates i.e. 1st, 2nd, 3rd or 4th class certificates, according as they (students) had obtained 750; 500; 350; or 250 out of 1000 marks. They also state that ^{formerly} when there was a similar change in the College rules, all students were granted pass certificates - 3rd and 4th class certificates, according to the number of marks obtained by the candidates.

12. The statement that the proposed certificate would contain only a statement of marks obtained by the candidate at the examination held in December 1908 is not correct. In the certificate approved in G.O.F.No.370, Educational, 29th October 1909, the proficiency of a student in the various subjects in which he was examined at the Final examination held in December 1908 would be classed as below:-

Percentage of maximum marks obtained.

100	Very good
80	Good
65	Satisfactory
50)	Moderate
35)	
30	Poor.

13. The Acting Principal of the College, (Mr. Morgan) in reporting upon the requests of the students, states that personally he sees no objection to holding one more examination and that he thinks it would be the solution of the question. But as the Government have ruled that no further examination should be held, the question for consideration, he thinks, is the form of the certificate to be granted. He thinks that the best form of certificate is that recently approved by Government in G.O. No. 370, Educational, dated 29th October 1905. But apparently he does not consider that the certificate would be of more value than the list of ^{is given in the College Calendar, Copies of which are} marks which ~~are~~ ^{are} in hands of the candidates. He remarks "certainly the list of marks, which are in the hands of the memorialists would do as well, if employers would take the trouble to look into them and see what value to attach to them but I doubt if this would be done."

14. The statement of the memorialists that when there was a similar change in the College rules, 3rd and 4th class certificates were granted to students who failed, does not appear to be correct. As the Principal remarks no fourth class certificates have been granted since 1860 and no third class certificates since its abolition in 1896.

15. It is for consideration whether any kind of pass certificates should be given to these failed students or whether the difficulty may be solved by the holding of one more examination, as suggested by Mr. Morgan.

74.
15-12-09 Please see the Acting Principal's letter

on pages 11 to 13 of the current files which deals fully with the requests of the memorialists

RD

See.

I submit that it is about time to put a stop to these persistent memorials. The fact have gone as far as they intend to go. The memorial may be rejected & the memorialists told that no further representations from them on the subject will be considered.
