" Please state whether G.O., No. 616, Educational, dated 22nd November 1909, " should be understood as giving power to the Director of Public Instruction to fix the " salary of the teacher under training as he thinks fit or whether the rules for fixing " the salary approved by the Government of India and referred to in G.O., No. 700, " Educational, 28th November 1904 should still be observed by him."

EDUCATIONAL DEPARTMENT.

Under rule 122 (1) of the Educational Rules, as it stood before it was modified by G.O., No. 616, Educational, dated 22nd November 1909, the Director of Public Instruction had the power to allow a teacher sent to a training institution for the purpose of undergoing a course of training, so much of the pay of his substantive appointment in addition to his stipend as would raise his total emoluments to Rupees 10 per mensem, while the person acting for him might also be allowed a minimum pay of Rs. 10 per mensem. If the pay of the appointment was sufficient and it was considered advisable to exceed these minima in the case of either of the teacher under training or of his *locum tenens*, then the teacher under training might be permitted to draw, in addition to his stipend, a portion of the pay of the appointment not exceeding one-half, while his *locum tenens* might be permitted to draw a salary not exceeding the remaining half of the pay of the appointment. This rule was subject to the condition that in the case of both the teacher under training and his *locum tenens* the total emoluments enjoyed by each of them must not exceed the permanent pay of the appointment.

2. The above rule was in accordance with the instructions of the Government of India in paragraph 2 of their letter No. 890, dated 31st October 1904, printed with G.O., No. 700, Educational, dated 28th November 1904.

3. In February last, the Government of India modified the rules in the Civil Service Regulations relating to the concessions granted to teachers under training and inserted the following as rule 2 under article 57 of the Civil Service Regulations :—

" An officer may under this article be authorized to proceed to a school, " college or other institution for a course of training, and the Local Government may " at its discretion decide what pay should be allowed during the period of such depu- " tation up to the limit of the substantive pay of the officer. In the case of a student " who is not in Government service the Local Government may allow such pay, not " exceeding Rs. 50 a month, as it considers suitable."

4. The Accountant-General thereupon requested that the rules in the Madras G.O., No. 352, dated 15th June 1909.

might be revised in accordance with the altered provisions of the Civil Service Regulations. The Director of Public Instruction, who was asked to amend the

G.O., No. 527, dated 21st September 1909.

to be reported to Government as required by the new rule in the Civil Service Regulations, it would lead to a great deal of correspondence and unnecessary delay. He therefore suggested that the power vested in the Government by the amended articles of the Civil Service Regulations, of sanctioning the concession to teachers might be delegated to him. The Government agreed with the Director of Public Instruction

Ibid.

and requested the Government of India to empower them to delegate to the Director of Public Instruction the power vested in them by rule 2 to article 57 of the Civil Service Regulations and other amended articles.

5. The Government of India sanctioned the proposed delegation. The powers G.O., No. 616-A, dated 22nd November 1909.

vested in the Local Government by rule 2 to article 57 of the Civil Service Regulations and amended articles 160A, 203, 411 and 1138A have accordingly been delegated to the Director of Public Instruction and the following has been substituted for rule 122 (1) of Educational Rules:—

“The salaries and travelling allowances of teachers employed in schools under public management who are selected to undergo training (including students selected with a view to employment in such schools) shall be settled by the Director of Public Instruction, the President of the Local Board or the Chairman of the Municipal Council, as the case may be.”

6. The Accountant-General now enquires whether under this rule the Director of Public Instruction has power to fix the salary of the teacher under training as he thinks fit or whether he should still observe the rules for fixing the salary approved by the Government of India and referred to in G.O., No. 700, Educational, dated 28th November 1904.

7. As in rule 2 to article 57 of the Civil Service Regulations, the Government of India have left it to the discretion of the Local Government to decide what pay should be allowed to a teacher during the period of his training up to the limit of his substantive pay, it is evident that they do not intend that the local Government should in fixing the salary of teachers be bound by any further rules. The Director of Public Instruction to whom the power of the Local Government has been delegated, may likewise have the discretion to fix the pay of the teacher during the period of his training up to the limit of his substantive pay. There is, however, no objection to the Government's requiring the Director of Public Instruction to observe certain further rules in fixing the salary of teachers under training.

8. It is for consideration whether the Director of Public Instruction should be required to observe any further rules and, if so, what rules should be prescribed.

T.K.—17-12-09.

Rule 2 to article 57 of the Civil Service Regulations gives unrestricted discretion to the Local Government to decide what pay should be allowed to teachers deputed for training, up to the limit of the substantive pay of the officer. The Local Government have, with the sanction of the Government of India, delegated this power to the Director of Public Instruction and it is submitted that the power of the Director of Public Instruction to fix the pay of a teacher under training is limited only by the condition that the substantive pay of the officer is not exceeded. No further condition appears to be necessary. The Accountant-General may, it is submitted, be informed accordingly.

K. RANGASWAMI AIYANGAR—18-12-09.

The above is, I think, the correct view. The Government have delegated to the Director of Public Instruction their power which is unrestricted so long as the substantive pay of the teacher is not exceeded. It seems unnecessary to hamper the Director of Public Instruction's action by any rules.

C. A. SOUTER—18-12-09. W

Unfortunately all reference to the limit of substantive pay or to Rs. 50 a month in the case of private pupils, is omitted in the Government Order under reference. That is the Accountant-General's difficulty. Draft order that with reference to that Government Order it should be understood that a teacher under training should not receive a salary larger than the substantive pay of his appointment nor a private student than Rs. 50 a month.
