Extract from the Hon'ble Member's note on the Legislative Council Question No. XXXVII on the subject of the modification of the rules regulating the distribution of grants to Girls' schools and Boys' schools where girls are taught.

"But is it not time that we revised the Code? I see in February 1908, Mr. Taylor spoke of revision being advisable after one year's experience-much more than a year has elapsed. We had better consult the Director of Public Instruction on the point."

Educational Depart.

With reference to the Secretary's orders on p. 1 supra the D.P. I may be requested u.o. to state whether the revision of the Educational Rules and the Grant-in-Aid Code may now be taken in hand. He has already been furnished with a copy of the memorials submitted to Govt. containing remarks and suggestions in regard to the revised "Educational Rules" and the "Grant-in-aid Code" and also with a copy of the précis of remarks and suggestions contained in the memorials and in the comments in the newspapers.

Any regular periodical revision seems to be a mistake. When necessity arises any particular article may be modified.

18/12-9

H.M.

12/12/09

I understand from D. Porome that in no specific case as regards girl schools have the rules worked hardy. In fact the power given to the D.P.I. to treat girl schools on a par with boys schools with matters of practice has never been exercised. It is unnecessary and to do any thing - may be in the Budget debate the matter will come up again & it can be considered then.

I
PRECIS OF REMARKS ON THE EDUCATIONAL RULES.

GENERAL.

Female Education.

Trichinopoly Teachers' Association.	Page 1, current file, paragraph 4.	The rules are not so liberal as the old one in the matter of female education.
A.C.C. and Mr. J. C. Maclean.	Pages 21-23 [Newspaper cuttings].	There is no provision for special encouragement to girls' schools. The grant payable under the new rules will be even less than half of what was payable under the old rules. There is no trace whatever of exemption of girls from payment of fees. Highly qualified teachers will have to be replaced by those of minimum qualifications.
A.C.C.	Page 42 [Newspaper cuttings].	The tendency of the rules is to merge girls' schools into boys' schools and to eliminate the separate inspecting agency.
"Satya Dipika"	Page 53 [Newspaper cuttings].	Special schools for girls should be established and more liberal grants given.
M.R.Ry. K. B. Ramanatha Aiyar Avargal (Fellow of the University).	Page 50 [Newspaper cuttings].	Girls' schools and boys' schools ought not to be treated alike.

GENERAL.

Control of Inspecting Officers.

- | | | | |
|---|----|---------------------------------------|---|
| H.A.P. and A.C.C. | .. | Pages 40 and 42 [Newspaper cuttings]. | The control of inspecting officers is found everywhere. Departmentalism is carried to the extreme. Rules 11, 15, 18, 20, 25, 30, 62, 70, 72 and 93 are cited in support. |
| "Satya Dipika" | .. | Page 54 [Newspaper cuttings]. | The control of inspecting officers is found everywhere. Departmentalism is carried to the extreme. [Rules 70 and 72]. |
| M.R.Ry. Vasudevachari (Wesleyan Mission College, Royapettah). | | Page 47 [Newspaper cuttings]. | The rules give Inspectors control everywhere. Manager has been made utterly insignificant. No provision exists for appeal to the Director or to the Government. |
| M.R.Ry. Vasudevachari (Wesleyan Mission College, Royapettah). | | Page 48 [Newspaper cuttings]. | The tendency of the rules is to throw into the hands of the Inspector all powers of control over schools and give him unlimited opportunities of interfering with the internal management of schools and the appointment and retention of teachers. |

GENERAL.

Teaching of English.

Mr. J. C. Maclean ..	..	Page 23 [Newspaper cuttings].	The rules are open to the objection that they contain implied restrictions regarding the teaching of English.
A.C.C.	..	Page 42 [Newspaper cuttings].	In the rules a dislike is shown to the teaching of English.

GENERAL.

M.R.Ry. T. Ramaswami Aiyangar (retired Sub-Judge).
Coimbatore town—leading inhabitants.

Page 4, current file, paragraph 6.
Page 7, current file, paragraph 14.

Requests that the Director of Public Instruction may be asked to ascertain from Managers of Anglo-Vernacular Upper Primary schools whether they require their schools to be treated as elementary or secondary and if the latter to give them a year's time to conform to the new rules as is required to be done in the case of Lower Secondary schools.

Rule 5.

T. R. Ramanatha Aiyar ..	Page 50 [Newspaper cuttings].	The definition of "elementary schools" is such as to discourage secondary education.
The Hon'ble P. S. Sivaswami Aiyar.	Legislative Council Proceedings, Gazette, 1907, page 100.	The classification of schools into "elementary" and "secondary" is open to several objections.
M.R.Ry. T. Ramaswami Aiyangar [retired Sub-Judge]. Coimbatore town—Leading inhabitants.	Pages 3 and 6, current file, paragraphs 4 and 7.	Alter definition of "secondary schools" into "schools designed for pupils who are likely to seek higher general education" and for the second sentence of the rule substitute the following :— "They may contain some or all of the following classes but every secondary school should have at least the third class, and if it has classes higher than the third, they must be in the ascending order from the third class."
M.R.Ry. T. Ramaswami Aiyangar [retired Sub-Judge].	Page 4, current file, paragraph 7.	Alter designations of 3rd and 4th classes into Forms A and B in secondary schools, so as to distinguish them clearly from standards 3 and 4 in elementary schools.
Tanjore Teachers' Association.	Page 4, current file, paragraph 1.	The rule should be altered so as to make elementary and secondary courses run concurrently, for example, by classifying schools containing all or some of the classes from the infant class to the fourth class as elementary schools and schools containing all or some of the classes from I to VI form as secondary.

CHAPTER II.

Elementary schools.

- Trichinopoly Teachers' Conference. Page 2, current file, paragraphs 6 and 7. Substantial encouragement should be given to open in numerous centres standards 4, 5, 6 and 7 of elementary schools—
- (i) by allotting substantial grants for such standards in proportion to efficiency,
 - (ii) by the encouragement in them of English and of technical, agricultural and commercial subjects, and
 - (iii) by the introduction of a final examination the passing of which may qualify persons for posts of village karnam, munsif, police constables, peons, attenders, etc.
- The Madras Mail [23rd August 1906]. Page 34 [Newspaper cuttings]. The rules prescribe a higher standard of teaching efficiency for elementary than for secondary schools.
- A.L.M. Page 56 [Newspaper cuttings]. The view that the majority of elementary schools are to teach only up to the third standard will, if carried out, be disastrous in its effects.

Rule 10.

Tanjore Teachers' Association. Page 5, current file, paragraphs 2 and 3.

The new rules should not be enforced as regards professional qualifications of teachers possessing certificates approved by the department prior to the introduction of those rules. It will be sufficient if two-thirds of the staff hold trained teachers' certificates. The headmaster of an elementary school should be required to have an elementary trained teachers' certificate.

Rule 15.

Coimbatore town—leading Page 7, current file, The rule places a needless restriction on
inhabitants. paragraph 12. the discretion of teachers and
managers and may be altered into a
distinct prohibition of the use in
recognised schools of books which
may from time to time be prescribed
in the Gazettes.

A.C.C. Page 42 [Newspaper The rule is foolish, and futile and
cuttings]. altogether undignified.

Rule 17.

M.R.Ry. Vasudevachari .. Page 47 [Newspaper cuttings].

This is a dangerous relaxation of existing rules. Rule 44 which corresponds to this as regards secondary schools exists.

Trichinopoly Teachers' Association. Page 1, current file, paragraph 7.

Leaving certificates should be maintained in the case of elementary schools also.

16

Rule 18.

M.R.Ry. Vasudevachari .. Page 47 [Newspaper cuttings]. Provision should be made for the Inspector's consulting the headmaster or manager as to the progress and capacity of the boy. No leaving certificates of Inspector should be required in the case of boys proceeding to secondary schools.

CHAPTER III.

Secondary Schools.

Trichinopoly Teachers' Association.	Page 1, current file, paragraph 2.	Incomplete secondary schools affiliated to complete secondary schools should be permitted to exist, in places approved by Government, to provide for the needs of towns and villages unable to maintain complete secondary schools.
Trichinopoly Teachers' Conference.	Page 2, current file, paragraphs 4 and 5.	Provision should be made for incomplete secondary schools to meet the needs of residents in the small towns and villages where under the new scheme complete secondary schools cannot be maintained. As these incomplete schools will be more expensive, a scheme for additional grants to such institutions in proportion to efficiency should be devised.
Headmaster	Page 32 [Newspaper cuttings].	Incomplete secondary schools or lower secondary schools should not be neglected.
H.A.P. and A.C.C. ..	Pages 40 and 42 [Newspaper cuttings].	The rules give too much power to inspecting officers. Departmentalism is carried to the extreme. [Rules 25, 30 and 62].
T. Ramasami Aiyangar, Coimbatore.	Page 3, current file.	If the spread of secondary education is not, to be seriously checked, different grades of secondary schools corresponding to existing upper primary, lower secondary and upper secondary schools will have to be maintained as heretofore. The division into primary, middle and high schools was recognised in the old code and continues to be recognised in the new Code of Regulations for European schools.
Coimbatore town—leading inhabitants.	Page 5, current file.	

Rule 23.

M.R.Ry. T. Ramaswami
Aiyangar.
Coimbatore town—leading
inhabitants

Pages 3 and 6. Para-
graphs 4 and 8.

Teachers of the 3rd and 4th classes and of 1st and 2nd forms should hold teachers' certificates of a grade not lower than secondary and teachers of 3rd form should ordinarily be F.A.'s with teachers' certificates.

Teachers who have obtained what has hitherto been called untrained teachers' certificates or service certificates and who are now in the profession should continue to be considered qualified teachers.

Tanjore Teachers' Association.

Page 5, current file,
paragraphs 3 to 5.

The new rules should not be enforced as regards professional qualifications of teachers possessing certificates approved by the department prior to the introduction of the rules. It should be laid down that it will be sufficient if two-thirds of the staff hold trained teachers' certificates. A general educational qualification should be fixed for teachers, for example, that teachers of class IV and Forms I to III should at least be Matriculates and teachers of higher forms, graduates. The headmaster of a complete secondary school should ordinarily hold a collegiate trained teachers' certificate, of an incomplete secondary school containing up to Form IV or V a collegiate trained teachers' certificate, of an incomplete secondary school containing above class III and up to Form III a secondary trained teachers' certificate and of every other school an elementary trained teachers' certificate.

Hon'ble M. Krishnan Nayar. Legislative Council
Proceedings, Gazette
for 1907, page 111.

The rule will increase the cost of secondary schools unduly.

Hon'ble K. R. Guruswami
Aiyar. Legislative Council

The rule is very stringent. The effect of it will be the closure of many incomplete secondary schools.

M.R.Ry. Vasudevachari . . . Page 48 [Newspaper
cuttings].

In the old rules only half and not the total staff should be trained teachers of not lower grade than secondary.

Tanjore Teachers' Association.
Page 5. Paragraph 11.

In view of an intermediate examination being recognised by the University Regulations, it is desirable to have a class of teachers' certificates corresponding to that stage of general education.

Rule 24.

One interested age 37 [Newspaper
cuttings]. B.A.'s and F.A.'s who have passed the
secondary grade collegiate and have
had some years' experience as a
teacher should be recognized as teachers
of collegiate grade.

Rule 25.

Tanjore Teachers' Association.

Page 5, current file,
paragraph 6.

Omit rule 25, as it is not likely to have a salutary effect on teachers and as it unnecessarily interferes with the discretionary powers of the management.

Coimbatore town—leading inhabitants.

Page 7, current file,
paragraph 11.

It would be simpler and more satisfactory if the powers conferred in the rule were restricted to that of withdrawing if necessary certificates or diplomas held by any teacher when found unfit, such withdrawal being clear notice to all schools that the teacher so affected should not be employed.

Rule 27.

M.Ry. T. A. Swaminatha Page 49 [Newspaper The rule should be omitted from the
Aiyar (teacher). cuttings]. Code.

Rule 28.

M.R.By. T. Ramaswami Aiyangar. Coimbatore town—leading inhabitants.	Pages 4 and 7, current file, paragraphs 5 and 10.	The rule should be enforced only in the case of very large complete schools having two or three sections of each class. The proviso in the rule as to treating the headmaster as one of the class masters should be extended at least to schools which contain no classes above the 3rd Form and the words "with the concurrence of the Director" should be omitted from the proviso.
Tanjore Teachers' Association.	Page 5, current file, paragraph 7.	The rule need not be insisted upon at least in the case of incomplete secondary schools and in all such cases the headmaster may be treated as a class teacher.
The Hon'ble M. Krishnan Nayar.	Legislative Council Proceedings, Gazette 1907, page 111.	The rule will increase the cost of a secondary school unduly.
The Hon'ble K. R. Guruswami Aiyar.	Do. page 133.	The rule is very stringent. The effect will be the closure of many incomplete secondary schools.

Rule 29.

Tanjore Teachers' Association.	Page 5, current file, paragraph 8.	Omit rule 29 and insert instead rule 86 (i).
H.A.P.	Page 40 [Newspaper cuttings].	{Do. do.
Coimbatore town—leading inhabitants.	Page 7, current file, paragraph 13.	The rule may be modified so as to provide against continuous and persistent overcrowding of a class beyond 40 pupils, allowing for temporary rises and falls up to a small limit, say five pupils above the <i>minimum</i> (maximum?).

The Hon'ble M. Krishnan Nayar.		Legislative Council Proceedings, Gazette 1907, page 112.	Objects to the rule as an unnecessary restriction on the freedom of school authorities. The matter may be left to the headmaster.
Trichinopoly Teachers' Association.		Page 1, current file, paragraph 1.	There should be an examination of the pupil seeking admission from an elementary school into a secondary school in lieu of the production of a certificate marked "good".
M.R.Ry. T. Ramaswami Aiyangar.		Page 4, current file, paragraph 7.	Approves of the provision that a pupil from an elementary school should ordinarily join the third class of a secondary school.
Tanjore Teachers' Association.		Page 5, current file, paragraph 9.	If their suggestion in regard to rule 5 is not adopted, no restriction need be placed upon boys from elementary schools seeking admission into secondary schools and into classes for which they are found fit. Clauses (3) and (4) may be omitted or clause (2) amended to embrace such cases also.

Rule 59.

Tanjore Teachers' Associa- Page 5, current file, The latter part of rule 59 (b) should be
tion. paragraph 10. made applicable to all cases alike.

Rule 66.

Coimbatore town—leading
inhabitants.

Page 7, current file,
paragraph 12.

The rule places a needless restriction on the discretion of teachers and managers and may be altered into a distinct prohibition of the use in recognised schools of books which may from time to time be prescribed in the Gazettes.

A.C.C.

Page 42 [Newspaper
cuttings.]

The rule is foolish and futile and altogether undignified.

Rule 68.

The Madras Mail (23rd August 1906). Page 36 [Newspaper cuttings].

The rule is open to the strong objection that it leaves the settlement of a question of vital importance to the Inspector.

CHAPTER IV.

H.A.P. and A.C.C.

Pages 40 and 42 [News-
paper cuttings].

The inspecting officer is given too much
power. Departmentalism is carried
to the extreme. [Rules 70 and 72.]

Rule 69.

cuttings]. treatment for girls in aided schools.

Rule 83.

Tanjore and Trichinopoly Mirasidars.	Pages 9 and 10, current file.	Capitation allowance should be paid to Board schools having five standards also.
The Madras Mail August 1906.]	23rd Page 35 (Newspaper cuttings).	Capitation grants and fees may be given in addition to pay to all teachers.

Rule 84.

Tanjore and Trichinopoly Pages 9 and 10, current
Mirasidars. file.

Headmasters of schools with five standards should also be permitted to appropriate school fees. The rates of fees leviable in schools with four standards and in those with five should be the same.

32

Rule 139.

Tanjore Teachers' Association.

Page 5, current file, paragraph 11.

In view of the University recognising an intermediate examination, it is desirable to have a class of teachers' certificates corresponding to that stage of general education.

II

PRÉCIS OF REMARKS ON THE GRANT-IN-AID CODE.

GENERAL.

Female Education.

"Satya Dipika"	Page 53 [Newspaper cuttings].	The same liberality shown by Government in the past should be continued.	
A.C.C. and Mr. J. C. Maclean.	Pages 21-23 [Newspaper cuttings].	Do.	do.
Trichinopoly Teachers' Association.	Page 1, current file, paragraph 4.	Do	do.

GENERAL.

Backward Classes.

Trichinopoly Teachers' Association.	Page 1, current file, paragraph 6.	The concession granted to backward classes for elementary education should be extended to them for secondary education also.		
A.C.C.	Page 21 [Newspaper cuttings].	Do.		do.
"Satya Dipika"	Page 53 [Newspaper cuttings].	Do.		do.

GENERAL.

Assisted Scholarships.

Trichinopoly Teachers' Association. Page 1, current file, The system of assisted scholarships which prevailed in the past with regard to schools and colleges should be continued.

4

37

GENERAL.

Night Schools.

Manager, Elementary school. Page 31 [Newspaper
cuttings]. Aid should be given for both day and
night schools though the same
teachers may be concerned in both.

GENERAL.

Grants.

"Satya Dipika" Page 53 [Newspaper Objects to the withdrawal of grants
cuttings]. when funds are not available.

Rule 15.

Trichinopoly Teachers' Conference.	Page 2, current file, paragraph 7.	Substantial encouragement should be given to open in numerous centres standards IV, V, VI and VII of elementary schools by allotment of substantial grants for such standards.
A. C. C.	Page 20 [Newspaper cuttings].	Teachers of village schools of the old type should be induced by a small grant-in-aid to allow his school to be inspected; a liberal grant of Rs. 80 or 100 for each school maintained by private managers and missionaries.
Coimbatore town leading inhabitants.	Page 8, current file, paragraphs 2, 5, 6, 7 and 8.	The payment of a uniform grant of Rs. 36 a year or Rs. 3 a month for every teacher and an annual capitation grant of As. 8 a pupil will tend to discourage sound vernacular education; no teacher or manager would care to have standards above the second. The grant may be increased to Rs. 5 a month for third and fourth standards and to Rs. 7 for fifth to seventh. As to capitation grant it should be given only to those who have attended for six months at least. It should be raised to As. 12 per pupil in standards infant to second and to one rupee per pupil in the higher standards. In the case of girls and backward classes it should be at least 50 per cent. higher.
A Manager	Page 17 [Newspaper cuttings].	Rupees 36 for a year for a teacher is very inadequate. The evil of having untrained teachers will be aggravated. The provision regarding 25 per cent. increase for increased efficiency is not a sufficient protection.
A. C. C.	Page 21 [Newspaper cuttings].	All previous liberal concessions for backward classes have been cancelled. The capitation grant is very inadequate.
Mr. J. C. Maclean	Page 22 [Newspaper cuttings].	The provisions of the previous code were very liberal as to grants for girls' schools. The system of salary grants and grants given for supervision permitted the employment of European ladies. The aid now admissible will be less than half of that in the past.
H. A. P.	Page 40 [Newspaper cuttings].	Provision for backward classes is very inadequate. There is no need to make a distinction in the matter of capitation grant to private schools. Cf. Educational Rule 83.
Satya Dipika	Page 53 [Newspaper cuttings].	The distinction between a private and public school in the matter of capitation grant is unnecessary. (Cf. Educational Rule 83.) Facilities should be afforded, for improvement of the education of backward classes.
Mr. J. C. Maclean	Page 23 [Newspaper cuttings].	The grants for Panchamas have been virtually abolished.
Trichinopoly Teachers' Association.	Page 1, current file, paragraph 3.	The grant should be in some fair proportion to the expenses and efficiency of the schools.

Rule 22.

Trichinopoly
Association.

Teachers' Page 1, current file,
paragraph 5.

The grants should be permitted to be
drawn monthly as before.

Rules 32 and 33.

Trichinopoly Teachers' Association.	Page 1, current file, paragraph 6.	In calculating the fee-income a reasonable proportion of free scholars or assisted scholars should be permitted in secondary schools. The grants-in-aid should be in some fair proportion to the expenses and efficiency of the schools.
Coimbatore town, leading inhabitants.	Page 8, current file, paragraphs 8, 9 and 10.	There is no reason to make a difference in the matter of calculating grants payable to a European school — Regulation 29 of the Code of European Regulations — and to a secondary school. The limit to the grant should be as in the old Code, income from all sources. Fees included with a margin of 10 per cent. allowed as before to allow of exceptionally intelligent but poor pupils receiving a higher education.
M.R.Ry. S. Srinivasa Sastriyar [Headmaster, High School].	Pages 30 and 49 [Newspaper cuttings].	The half grant is not sufficient. The old rule with 10 per cent. margin should be restored.
The Madras Mail [4th June 1906].	Page 16 [Newspaper cuttings].	Furniture and appliances should not be omitted from the legitimate items of expenditure in the statement by the help of which the grant payable to schools is arrived at.
The Hon'ble P. S. Sivaswami Aiyar.	Legislative Council Proceedings, pages 100 and 101 of Gazette, 1907.	Institutions are not entitled to aid unless they have a certain amount of guaranteed income from sources other than fees, under these rules and the result will be the closure many high schools and colleges.
The Hon'ble M. Krishnan Nayar.	Legislative Council Proceedings, pages 110 and 111.	Maintenance of secondary schools in towns and rural parts will be a matter of difficulty if these rules were to be insisted on.
The Hon'ble K. R. Guruswami Aiyar.	Legislative Council Proceedings, page 134.	The object of the rule is to indirectly compel the creation of endowments for schools. The rule will work as a hardship. The sound policy is to supplement the fee-income by grants-in-aid.

52

Chapter IV.

Headmaster Page 32 [Newspaper cuttings]. Objects to classifying second-grade colleges as secondary schools for grants-in-aid.
