Station Madras, Dated the 3 December 1909.

From (Name) A. G. Bourne, Esq., D. Sc. F.R.S. C. I. E.,

(Designation) Director of Public Instruction,

Madras,

To The Secretary to the Government of Madras,

Educational Department.

Sir,

I am given to understand that when the Mount Road
Electric Installation is connected with the Madras Electric
Supply Corporation mains, the battery of storage cells now in
use in the Mount Road Post Office will no longer be required there.

The Principals of the Presidency and Rajahmundry
Colleges request that a part of this battery may be transferred
to the physical laboratories in the two institutions where they
are much needed. The Executive Engineer, Presidency Division,
who was consulted in the matter says that the battery which
consists of 120 cells can be disposed of either as a complete set
or in two sets of 60 cells each. As, however, so many as 60 cells
are not required for either of the colleges, the Professor of
Physics, Presidency College, suggests that a set of 60 cells may be
obtained and divided equally between the two colleges. To

charge

2.
charge the cells at Rajahmundry, it is proposed to transfer the gas engine and dynamo from the Presidency to the Rajahmundry College as they are shortly to be replaced in the former institution by a motor dynamo set driven by current from the Madras Electric Supply Company's mains.

In these circumstances, I have the honour to request that the necessary orders may be issued for the transfer to the Presidency and Rajahmundry Colleges of a set of 30 cells each from the Mount Road Post Office. I gather from the Executive Engineer, Presidency Division, that the sanction of Government is required to their being handed over free of charge.

I have the honour to be,

Sir,

Your most obedient servant,

G. Krishnamoorti

For Director of Public Instruction.

61.

P. V. S.

C. No. 2225 From the Director of Public Instruction No. 3087, dated 24 December 1909.

SUBJECT. Requesting sanction to the transfer of a battery of storage cells from the Mount Road Post office to the Presidency & Rajahmundry Colleges.

The Director of Public Instruction requests sanction to the transfer to the Physical laboratories of the Presidency and Rajahmundry Colleges of a part of a battery of storage cells now in use in the Mount Road Post office, ^{which} ~~as the former~~ ~~the~~ ~~battery~~ will not be of any use in the Post office when the Mount Road Electric Installation is connected with the Madras Electric Supply Corporation mains.

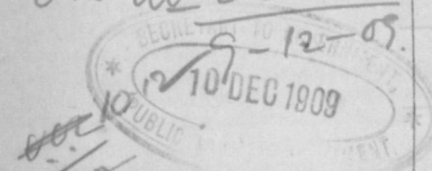

2. As the subject appears to be one that should be dealt with in the P.W.D., that department may be requested to state whether they will take over this current for disposal.

P.W.D.

The Director of Public Instruction requests that two sets of 30 cells each be transferred free of charge to the Presidency & Rajahmundry Colleges. As the cost of the Mount Road Post office installation was debited to Imperial Funds, it is thought that these funds should be credited with the value of ^{any cells} ~~the~~ ~~cells~~ transferred - vide last sentence of Para 1508 Vol II, P.W.D. Code.

Flap 2

2. The Superintending Engineer, Rythu Circle, has been directed to go to 230 W 15 Feb 1909 to submit proposals for the disposal of the generating plant which would be set for when supply is taken from the Madras Electric Supply Corporation. If Education agrees to pay for the ^{cells} required, the ^{request} of the Director of Public Instruction may be ^{communicated} to the Superintending Engineer for compliance.

Page 1 of CF.

* This is put down at 25 per cent of the original Capital Cost (Rs 11,542).

The battery consists of 120 cells. The value likely to be realised by the sale of it is estimated at Rs 2,885/- vide statement on page 7 of the notes with Gov. No. 230 W. of 19th February 1909. The D.P.I. desires to have only 60 cells to be divided equally between the Presidency and Rajahmundry Colleges. The cost of 60 cells will ^{be} ~~the~~ ^{roughly} Rs 1,443.

2. The D.P.I. may be requested to state, viz. whether he is prepared to pay for the cells required by him at the rates above given.

8.1.10 D.P.I. no. Chd 10/1

U. O. No. 6 of 26-1-10. 1

Mr Jones has inspected the cells and reports that their value has much depreciated - that they are not worth the price asked - that they are only "5 plate" cells and not "9 plate" as he appears to have expected and which he now says would about be suitable and would moreover be procurable at the price quoted.

I gather that he wishes to withdraw his application and feels that he ought to have inspected them carefully in the first ^{instance} ~~place~~ and he expresses regret that he did not do so.
