G.O., No. 779, Educational, dated 21st November 1908.

ABSTRACT.—Accepting the proposal of the Director of Public Instruction for the strengthening of the staff of the Kumbakonam College by certain additional appointments.

II

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., C.I.E., Director of Public Instruction, Madras.

To—the Secretary to Government, Educational Department (through the Accountant-General).

Dated—Madras, the 5th January 1910.

No.—Ref. on Cur. 7518/09.

With regard to the additional staff for the Kumbakonam College, it was stated in G.O., No. 779, Educational, dated 21st November 1908, that the post of temporary assistant in English should be outside the cadre of the Subordinate Educational Service and that the question of including it in that service would be considered when a decision was arrived at on the question of the retention of the appointment at the end of the year for which it was sanctioned. The Principal now reports that the distribution of work in the College during 1910 will stand as follows :—

	Number of hours per week in each class during 1910.					Total number of hours in 1909.
	IV.	III.	II.	I.	Total.	
English.. .. .	10	10	11	11	42	42

Philosophy	10	10	3	3	26	23
Science	..	..	12	12	24	12
Total					157	140

2. There are at present four lecturers in English including the temporary assistant and as the amount of work to be done will be the same as last year there is no possibility of getting through it with fewer lecturers. For History work there are two lecturers and as the work will increase from 31 to 37 hours, an additional lecturer is considered necessary. The mathematical work can be managed in future by two lecturers, and the third lecturer, who is at present on the staff will not be needed. For Science an additional lecturer will be required to cope with the increased work involved by the formation of an additional or the senior intermediate class.

The Principal consequently proposes that the temporary assistant in English be made permanent, that an additional assistant lecturer be appointed for History and that in the place of one of the mathematical assistants who might be transferred elsewhere a science assistant be appointed.

He also proposes in connection with the science laboratory that a Mechanic on Rs. 30—2—50 should be employed, as a great deal of miscellaneous work will have to be done by way of fittings and repairs and as his entertainment is likely to lead to a considerable saving in the expenditure on petty repairs and sundry works.

3. I consider the Principal's proposals, based as they are on the representations of the lecturers, to be reasonable and accordingly beg to recommend—

(i) that the temporary assistant in English be made permanent and that his appointment be included in the last grade of the subordinate collegiate service with effect from the 25th January 1910 so as to admit of the permanent retention of the present incumbent in the appointment;

(ii) that an additional assistant in History on Rs. 100 be sanctioned with effect from 17th January 1910, the date on which the College reopens, the post being for the present temporary for a year and outside the Subordinate Collegiate Service; and

(iii) that a Mechanic on Rs. 30—2—40 be sanctioned as in the Rajahmundry College.

4. I submit herewith, in duplicate, two proposition statements, one for the subordinate collegiate service and the other for the Kumbakonam College, together with a reappropriation statement pointing out the source from which the extra charge during the current year can be met, and I beg to request that the necessary provision may, if possible, be made in the budget estimates for 1910—1911 now before Government. If, however, this is not possible, I beg permission to submit a reappropriation statement after the Civil Budget Estimates for 1910—1911 have issued.

**NOTES CONNECTED WITH G.O., No. 92, EDUCATIONAL,
DATED 25TH FEBRUARY 1910.**

[SUBJECT.—*Additional staff for the Kumbakonam College.*]

From the Director of Public Instruction, dated 5th January 1910, No. 7518.

The Director of Public Instruction requests the sanction of Government

(1) for making permanent, with effect from the 25th January 1910, the temporary assistant for English (on Rs. 100 *per mensem*) sanctioned for the Kumbakonam College in G.O., No. 779, Educational, dated 21st November 1908 ;

(2) for appointing an additional temporary assistant in History on Rs. 100 *per mensem* in the same college for one year with effect from the 17th January 1910 ; and

(3) for appointing a mechanic on Rs. 30—2—40 *per mensem* for the Science laboratory of the same college.

2. *Temporary Assistant for English.*—In submitting proposals for the additional staff required for the Kumbakonam College, in order to comply with the requirements of the New University Regulations in 1908, the Director of Public Instruction recommended the appointment of two additional lecturers, one for English and the other for Physics and Chemistry. As regards the additional lecturer for English, the Director suggested that he might be employed temporarily for a year at the outset, the continuance of the appointment being determined after ascertaining the actual requirements of the college at the end of the year ; and he accordingly recommended that the temporary assistant might be placed in the last class of the Subordinate (Collegiate) Service. The Government thereupon said—

"The post of temporary assistant for English will for the present be outside the cadre of the Subordinate Educational Service. The question of including it in that service will be considered when a decision is arrived at on the question of the retention of the appointment after the expiry of one year for which it is now sanctioned"—*vide* paragraph 3 of G.O., No. 779, Educational, dated 21st November 1908.

3. The Director of Public Instruction now states that there are at present in the Kumbakonam College four lecturers in English including the temporary assistant, and that as the amount of work to be done will be the same as last year (42 hours a week) there is no possibility of getting through it with fewer lecturers. He therefore proposes that the appointment should be made permanent and that it should be included in the last grade of the Subordinate Educational Service with effect from the 25th January 1910 so as to admit of the permanent retention of the present incumbent in the appointment.

4. (2) *Additional Assistant for History.*—For History there are at present two lecturers in the college, but as the work will increase during the current year from 31 to 37 hours, the Director considers an additional assistant to be necessary. He

accordingly recommends that an appointment on Rs. 100 be sanctioned with effect from the 17th January 1910, the date on which the college reopened after the Christmas vacation, the post being for the present temporary for a year and outside the Subordinate Educational Service.

5. For Science also an additional lecturer is wanted, but the Director of Public Instruction proposes to meet this want by transferring one of the mathematical assistants as he considers that the mathematical work can in future be managed by two lecturers and that three are not wanted.

6. (3) *Appointment of a Mechanic.*—This appointment is wanted in connection with the Science laboratory to cope with a good deal of miscellaneous work by way of fitting and repairs. In the Rajahmundry College there is an appointment of mechanic attached to the Science laboratory there. Salary Rs. 30—2—40 *per mensem*.

7. The two new appointments proposed by the Director of Public Instruction appear to be necessary and may be sanctioned, and the proposal to retain permanently the temporary assistant for English may be approved. The draft is for approval. If approved, it may be sent to the Financial Department for acceptance. The reappropriation proposed by the Director of Public Instruction requires the sanction of that department.
