G.O., No. 524, Educational, dated 17th September 1909.

ABSTRACT.—Requesting the Director of Public Instruction to formulate in consultation with the Chief Engineer definite proposals regarding the addition required to the cadre of the upper subordinate establishment of the Public Works Department in order to provide for additional appointments in the subordinate staff of the College of Engineering and appointing Messrs. Jordan, Lakshminarayana Rao and Swaminatha Aiyar as additional instructors of the college.

Letter—from A. G. BOURNE, D.Sc., F.R.S., C.I.E., Director of Public Instruction, Madras.

To—the Secretary to Government, Educational Department (through the Accountant-General).

Dated—the 10th December 1909.

No.—Ref. on Cur. 2123.

With reference to paragraph 3 of G.O., No. 524, Educational, dated 17th September 1909, I have the honour to submit herewith a proposition statement for the three additional instructors sanctioned for the College of Engineering and to state that the pay and allowances now drawn by Mr. E. J. Jordon and M.R.Ry. B. Lakshminarayana Rao are Rs. 125 and Rs. 105, respectively, and that the Principal reports that a consolidated pay of Rs. 105 per mensem was claimed on behalf of M.R.Ry. V. S. Swaminatha Aiyar, but that the Accountant-General has passed only Rs. 80 for him on the ground that a temporary Overseer is not eligible for Presidency and house-rent allowances. In paragraph 2 of the above Government Order it is stated that the three Overseers will draw a consolidated pay equivalent to the pay and allowances which they would be entitled to if employed on Public Works Department in the Presidency town and the Principal thinks it reasonable that M.R.Ry. Swaminatha Aiyar should also receive the allowances in view especially of the fact that no option was given to him in the matter of his transfer and recommends that he be granted the allowances amounting to Rs. 25 per mensem to cover the extra cost of living and house-rent in Madras. I beg to support the Principal's recommendation and have accordingly provided for a consolidated salary of Rs. 105 per mensem for him also in the proposition statement herewith submitted.

2. As regards paragraph 1 of the Government Order, I beg to state that the

	Pay.	
	RS.	
1 First-grade Sub-Engineer ..	400	Chief Engineer, whom I have consulted
1 Third-grade do. ..	250	suggests an addition of nine appointments
1 First-grade Supervisor ..	200	as shown in the margin to the cadre of
2 Second-grade Supervisors ..	150	the Public Works Department on account
2 First-grade Overseers ..	100	of the staff required for the college on the
1 Second-grade Overseer ..	80	assumption that the Assistant Instructors
1 Third-grade do. ..	60	in Mechanical and Civil Engineering and

in Surveying only would be recruited from the ranks of the Public Works Department. He says that the addition to be made to the Public Works Department

cadre would be distributed among the several grades according to the rule of proportion laid down in paragraph 62 of the Public Works Department Code, volume I, and that the pay of the men drafted into the college would thus depend upon their departmental rank. He, however, adds that the subordinates would, if desired, be selected from the lower grades, provided suitable men could be found in those grades.

It will be observed that the salaries proposed by the Chief Engineer are in the first two cases considerably in excess of those already suggested by me in my letter R.C. No. 2123, dated 17th July 1909, and that the Chief Engineer has apparently overlooked the direction of Government that the addition to the cadre of the Public Works Department should be made to the Upper Subordinate establishment of that department. My own opinion is that the rank of any subordinate of the Public Works Department selected for transfer to the College of Engineering need not be higher than that of a first-grade Supervisor on Rs. 200 exclusive of Presidency and house-rent allowances or at the highest that of a third-grade Sub-Engineer on Rs. 250.

G.O., No. 176 W.,	dated 25th January	1900.
" " 57, Educational	" 21st January	1908.
" " 524	" 17th September	1909.

From the Director of Public Instruction, dated 10th December 1909, No. 2123.

In July last the Director of Public Instruction submitted certain proposals for the revision of the subordinate staff of the College of Engineering and for the recruitment of that staff from the Public Works Department. Before passing final orders on the proposals, the Government requested the Director of Public Instruction in G.O., No. 524, Educational, dated 17th September 1909, to formulate definite proposals in consultation with the Chief Engineer in regard to the addition which would be necessary to the cadre of the Upper Subordinate establishment of the Public Works Department in order to provide for the subordinate staff of the College, and in regard to the scales of pay to be fixed for those posts.

2. To carry on the work of the College, in the meantime, the Government appointed three Public Works Department subordinates to be additional instructors at the College and requested the Director of Public Instruction to submit a proposition statement to provide for these three additional instructors.

3. In his current letter, the Director of Public Instruction submits the proposals mentioned in paragraph (1) *supra* and also submits the proposition statement referred to in paragraph (2). As the proposals for the additions to be made to the cadre of the Upper Subordinate establishment of the Public Works Department require careful consideration it is proposed to deal with them separately, when orders have issued sanctioning the proposition statement for which the Financial Department has been sending reminders.

4. In paragraph 1 of his letter, Dr. Bourne raises the question of the pay of M.R.Ry. Swaminatha Aiyar, one of the three Public Works Department subordinates who were appointed by paragraph 2 of G.O., No. 524, Educational, dated 17th September 1909, to be additional instructors at the College of Engineering. In that order it was stated that the three Public Works Department subordinates would draw a consolidated pay equivalent to the pay and allowances which they would be entitled to if employed on Public Works Department duty in the Presidency town. The Director of Public Instruction states that the Accountant-General has refused to pass the payment to Swaminatha Aiyar, consolidated pay and allowances amounting to Rs. 105, and has allowed him only Rs. 80 per mensem on the ground that a temporary overseer is not eligible to draw Presidency and house-rent allowances. But in view of the fact that no option was given to Swaminatha Aiyar in the matter

of his transfer, the Director recommends the payment to him of a consolidated salary of Rs. 105 * per mensem and states that he has provided for this pay in the proposition statement submitted by him. The Accountant-General states that there is no audit objection to the proposal being sanctioned by Government.

	Rs.
* Pay	80
Presidency allowance	15
House-rent	10
Total	105

5. When appointing Swaminatha Aiyar the Government contemplated a consolidated salary of Rs. 105 per mensem for him—*vide* Under Secretary's note on top of page 11 of the notes with G.O., No. 524, Educational, dated 17th September 1909, which was approved by the Acting Secretary (Mr. Francis) and by the Honourable Member. The proposal may, it is submitted, be approved and the proposition statement may be sanctioned.

6. The draft below is for approval. If approved, it may be sent to the Public Works Department and the Financial Department for acceptance.

PUBLIC WORKS DEPARTMENT.

The expression "so long as he is employed in the College of Engineering" in the concluding portion of paragraph 1 of the draft order seems to require amendment. The subordinate's consolidated pay and allowances while employed in Madras will be Rs. 105, as stated in the draft, so long as his pay in the Public Works Department continues to be Rs. 80; but when his pay is increased to Rs. 100, which increase he will very likely get in the near future, his consolidated pay and allowances will, under paragraph 2 of G.O., No. 524, Educational, dated 17th September 1909, be Rs. 125.

2. The question as to whether the pay of Temporary Upper Subordinates employed on departmental duty in the Presidency town should be raised by the equivalent of the Presidency house-rent and allowance admissible under the Public Works Department Code to permanent subordinates of corresponding rank has been separately raised by Financial, but this need not, it is submitted, affect the present case which is a special one—please see paragraphs 4 and 5 of the Educational department note *supra*.

T.S.R.—22-1-10.

It was evidently the intention to pay this subordinate the pay of his rank in the Public Works Department *plus* an allowance of Rs. 25.

His salary when he gets his rent slip would be Rs. 100 in the Public Works Department. So with the order worded as drafted he would only get Rs. 5 more. The alteration pencilled in the draft order may perhaps be made.

P. HAWKINS—22-1-10.

The proposed alteration in the wording seems a fair one and the order may be accepted with the alteration.

F. J. WILSON—22-1-10.

EDUCATIONAL DEPARTMENT.

The file may now be sent to the Financial Department for acceptance of the draft order.

2. Before the file is sent to Financial, it may be considered whether the alteration suggested by the Public Works Department in paragraph 1 of the draft order may be accepted.

T.K.—11-3-10.

The alteration suggested by the Public Works Department seems to be necessary in the circumstances explained in the notes *supra* and may be accepted.

K. RANGASWAMI AIYANGAR—11-3-10.

Please type the draft as altered and send to Financial Department for acceptance or remarks.

A. GALLETT—12-3-10.

To the Financial Department.

FINANCIAL DEPARTMENT.

Attention is invited to paragraphs 1 and 2 of G.O., No. 524, Educational, dated 17th September 1909.

2. Pending final orders on the question of additional staff required for the College of Engineering, the Government sanctioned in the order referred to above the creation of three posts for additional assistant instructors as these were urgently required to carry on the work of the College. For these appointments three overseers of the Public Works Department were posted and, as a tentative measure, it was decided that they would draw a consolidated pay equivalent to the pay and allowances which they would be entitled to if employed on Public Works Department duty in the Presidency town.

Educational Department note, dated 9th September 1909 on page 11 of notes to G.O., No. 524, Educational, dated 17th September 1909.

Paragraph 2 of G.O. *ibid*.

3. Of the three officers appointed, Mr. E. J. Jordan (Permanent overseer, 1st grade—pay Rs. 100) gets a consolidated pay of Rs. 125 and B. Lakshminarayana Rao (Permanent overseer, 2nd grade—pay Rs. 80) gets a consolidated pay of Rs. 105. The third man, viz., V. S. Swaminatha Aiyar who is only a *temporary* overseer on Rs. 80 *per mensem* is not entitled to the Presidency allowance and house-rent allowance, viz., Rs. 25, if employed on the Public Works Department duty in the Presidency town. The Director of Public Instruction accordingly proposes that his pay may be fixed at Rs. 105 *per mensem* and has provided for this scale in the proposition statement.

4. With reference to this proposal, the Public Works Department have raised the question whether the pay will not have to be raised to Rs. 125 * *per mensem* if and when Swaminatha Aiyar is promoted to Rs. 100 grade in his appointment of *temporary* overseer in the Public Works Department. The Educational Department have with reference to these remarks altered their draft order which now runs:—

"M.R.Ry. V. S. Swaminatha Aiyar will receive the pay of his rank in the Public Works Department *plus* a local allowance of Rs. 25 *per mensem*, so long as he is employed in the College of Engineering"

5. It is submitted that the draft, as amended, seems opposed to the ruling of the Government of India in G.O., No. 176 W., dated 25th January 1900, which prohibits the grant of local allowances to the members of the temporary Upper Subordinate Establishment. Moreover, in accordance with the Public Works Secretary's note, dated 14th February 1910, and the Chief Secretary's note, dated 15th March 1910, on the case relating to increase of pay to *temporary* Upper Subordinates in the Presidency town, so as to compensate them for Presidency allowance and house-rent for which they are not eligible under the rules, the concession of giving increased pay to the *temporary* Upper Subordinates of the Public Works Department brought up from the *mufassal* is to be treated as a matter requiring special consideration in each case.

No. 165, EDUCATIONAL, 28TH MARCH 1910.

6. It is therefore for orders whether it will not suffice for the present to fix the pay of Swaminatha Aiyar at Rs. 105, leaving it for future consideration whether it should be raised to Rs. 125 if and when Swaminatha Aiyar is promoted to Rs. 100 grade in his temporary appointment of the Public Works Department.

7. The Director of Public Instruction has shown these 3 posts as "permanent" in the proposition statement. Till final orders are passed on the general question of the revision of the College staff, these

Yes.	C. REILLV.	3 posts should presumably be considered as temporary additions only.
	W. S. MEYER.	

8. The charge during the current year will be about Rs. $(335 \times 6 =)$ 2,010 and this will be covered by the additional allotment which Financial is sanctioning separately to the major head 22. EDUCATION. For 1910-1911, a lump provision of Rs. 5,500 has been entered for revision of establishments in the College of Engineering.

V. GOPALAKRISHNAN—19-3-10.

The course proposed in paragraph 6 may be followed.

A revised order in accordance with the Financial note above is submitted for approval.

2. The question referred to in paragraph 3 of the draft order will be taken up for consideration after the issue of the order in this case.
