GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper:—

Letter—from F. DEWSBURY, Esq., B.A., LL.B., Registrar, University of Madras.
To—the Secretary to Government, Educational Department.
Dated—Senate House, 14th March 1910.
No.—1005.

I have the honour, by direction of the Syndicate, to submit for the sanction of His Excellency the Governor in Council under section 25 of the Indian Universities Act, 1904, the following additional Transitory Regulation passed by the Senate at its meeting held on the 4th instant:—

“Candidates who sat for the Matriculation examination of 1909, and obtained a total of 199 marks in the examination and obtained also 40 per cent. of the marks in English, and 35 per cent. in three additional divisions, shall be declared to have passed the Matriculation examination of the year 1909 provided that no candidate may be admitted to the course of study in Groups I or II of the Intermediate examination in Arts unless he has obtained 35 per cent. of the marks in Mathematics and in Elementary Science, nor in Groups III or IV of the said examination unless he has obtained 35 per cent. of the marks in History and Geography.”

2. I am to explain that in the last Matriculation examination, the first examination held under the new regulations, the percentage of passes was only 11.9, an abnormally low figure. The Syndicate considered that the large failure was due to the altered character of the examination under the more exacting syllabuses of the new regulations, especially those in English and Elementary Science. The Syndicate decided that in these exceptional circumstances the principles which will obtain in the grant and acceptance of future Secondary School-leaving Certificates might be adopted, so as to afford some measure of relief to those candidates who had satisfied the examiners in certain groups of subjects and enable them under certain conditions to continue studying in a University course. The Syndicate, therefore, resolved to recommend to the Senate for adoption an additional transitory regulation, which, with certain amendments, was passed in the form now submitted to the Government. I am directed to request that the Government will be pleased to accord its sanction to the regulation at an early date.

3. I am to add that, in anticipation of the sanction of the Senate and of the Government, the Syndicate prepared a list of the candidates whose cases are covered by the proposed transitory regulation and forwarded it, as early as the 16th February last, to all the affiliated colleges with a covering letter stating that the heads of these colleges would not, in the opinion of the Syndicate, be acting in-adviseably if they made admissions to the Intermediate classes in anticipation of the passing of the regulation by the Senate and of its approval by Government. A copy of the list of candidates affected is herewith enclosed for the information of Government.

Order—No. 206, Educational, dated 15th April 1910.

Under section 25, sub-section (1) of the Indian Universities Act, 1904, the Government sanction the additional transitory regulation submitted with the Registrar's letter read above.

2. The Government, however, regret that the Senate has found it necessary to submit for sanction this very exceptional regulation which they cannot but regard as inimical to the true interests of education in this Presidency; and they desire it to be understood that their approval in the present case, which has been given with much reluctance, should not be held to form any precedent for the future.

(True Extract.)

L. M. WYNCH,
Ag. Secretary to Government.

To the Registrar, Madras University.
 „ Director of Public Instruction.
 Editors' Table.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 206, EDUCATIONAL, DATED
15TH APRIL 1910.

[SUBJECT.—*Additional Transitory Regulation framed by the University of Madras in connection with failed students of the last Matriculation examination.*]

From the Registrar, University of Madras, dated 14th March 1910, No. 1005.

Please see the proposed additional Transitory Regulation and the reasons for the passing of the regulation explained in paragraph 2 of the Registrar's letter.

2. The above regulation was passed by the Senate at its meeting of the 4th March 1910. The resolution as moved by the Hon'ble Mr. Stone was only intended to lay down that failed candidates who had obtained a specified number of marks in certain subjects "should be admitted by Page 7 of the *Hindu*, dated 5th March 1910. "the head of an affiliated college if he be "satisfied as to their fitness to a course "of study for the Intermediate examination in Arts and in consequence of such "admission shall be registered for the purposes of Regulation 178 as Matriculates "of the University"

3. The regulation as finally passed by the Senate and now submitted for the Copy put up. sanction of Government under section 25 of the Indian Universities Act, 1904, is that candidates who obtained a specified number of marks should be declared to have passed the Matriculation examination of the year 1909. This alteration was made on the motion of the Hon'ble Mr. T. V. Seshagiri Aiyar. Attention is solicited to the remarks of the Hon'ble Dr. Bourne and of the Hon'ble Justice Krishnaswami Aiyar on page 8 of the *Hindu* of the 5th March 1910.

4. As observed by the Hon'ble Mr. Justice Krishnaswami Aiyar, it is entirely within the Province of the University to say whether a certain candidate has passed the Matriculation examination or not. The Syndicate could, by adopting some process of moderation, have brought about the same result before the results were published. Had this been done, neither the Senate of the University nor the Government would have any voice in the matter. The Syndicate did not adopt this course, and the University has now passed an additional Transitory Regulation to bring about the desired result. It will be observed that the Syndicate has in anticipation of the sanction of the Senate and of the Government forwarded to heads of colleges lists of candidates who would be declared to have passed in accordance with its recommendation, and that about 500 students have already joined the Intermediate classes. In these circumstances the regulation proposed by the Senate may, it is submitted, be sanctioned. Attention is in this connection invited to the Honourable Member's remarks on page 7 of the notes with G.O., No. 130, Educational, dated 17th March 1910.

5. The question, however, arises whether the 500 candidates who have been declared to have passed the Matriculation examination in accordance with the proposed additional regulation should be considered to be eligible for the public service under G.O., No. 649, Educational, dated 15th December 1909, according to which

persons who pass the Matriculation examination of the Madras University subsequent to 1910, will not, in the absence of a School-leaving Certificate, be eligible for public service. The candidates above referred to will be granted certificates of having passed the Matriculation examination of 1909, in the same manner as candidates who were in the first instance declared to have passed and it would be impolitic to make any distinction between these two classes of Matriculates as regards admission to public service.

K. RANGASWAMI AIYANGAR—21-3-10.

The draft regulation may be approved and these 500 persons tacitly allowed to rank as Matriculates for purposes of the Public Service Notification

A. GALLETTI—22-3-10.

In the circumstances there is nothing to be done apparently save to sanction the regulation.

The candidates will receive Matriculation certificate and there will be nothing in them to distinguish those who pass by "grace" from those who pass by merit.

L. M. WYNCH—23-3-10.

A I am not certain about the use of word "Transitory" spelt in the Registrar's letter with a capital T. Is it used in the Act with any special meaning? Have we sanctioned similar Transitory Regulation before?

I am not sure how the regulation is legal. I suppose the generality of section 25 would enable the Senate to pass any regulation it liked, if Government would sanction.

In any case I should like the Director of Public Instruction to be asked for his remarks. We must, I think, sanction, but it may be well to make some comments in the Government Order. Send the papers to the Director of Public Instruction for his remarks please.

M. H[AMMICK]—25-3-10.

To the Director of Public Instruction.

L. M. WYNCH—26-3-10.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

There are "Transitory Regulations"—please see pages 238—241 of University Calendar.

There can be little doubt about the legal aspect. Besides the general power in section 25 (1) of the Indian University Act there is particular power under 25 (2) (o) "Conditions to be complied with by candidates for Matriculation." The only question so far as I can see would be the retrospective character of the proposed regulation. I think the legality may be assumed.

The Syndicate's proposal to allow certain people to seek admission to a college seemed perfectly constitutional and in accord with the spirit of regulation 166 (University Calendar, 1910); but it is quite a different thing for the Senate to declare persons to have passed an examination when the examiners certified that they had failed.

If the regulation is to be accepted it might be pointed out that the Government regard the action of the Senate as unconstitutional and inimical to the best interests of education and that if they do not refuse sanction on the present occasion their approval of any similar proposals made in the future must not be counted upon.

I regret that I cannot hit upon any more suitable wording.

A. G. BOURNE—3-4-10.

Submitted.

T.K.—5-4-10.

With reference to the Honourable Member's remark at A on page 2, attention is solicited to Transitory Regulations Nos. 366 to 374 on pages 93 and 94 of G.O., No. 841, Educational, dated 27th December 1906, and also to the modifications of those regulations sanctioned in G.O., No. 620, Educational, dated 23rd November 1909, pages 3 and 4.

The word "Transitory" in the expression "Transitory Regulations" is used apparently in the same sense in which it is used in the expression "Transitory Provisions" occurring in the heading above section 12 of the Indian Universities Act, 1904.

K. RANGASWAMI AIYANGAR—5-4-10.

The expression is familiar to me as an expression of French law. "Dispositions transitoires" are provisions of law tacked on under a special heading to a new law, and especially a new Code, and providing for the passage from the old law to the new. They include provisions which come under our General Clauses Acts and some other provisions, such as provisions for the repeal of previous law, which are usually to be found in the body of our Acts. Such provisions are spent as soon as they are exercised and are repealed from time to time in India by the general Repealing and Amending Acts. The Senate apparently call these regulations "Transitory" because they are spent as soon as exercised. But I was not aware that the word was an English legal expression. Please put up Stroud's and Murray's dictionaries.

A. GALLETTI—6-4-10.

Stroud's Judicial dictionary is submitted. Murray's dictionary—letter T—has not yet been received.

T.K.—6-4-10.

"Transitory" is given neither in Stroud's nor Wharton's Legal dictionaries. It is used in the correct French sense in the heading above section 12 of the Indian Universities Act, 1904, of provisions for passage from an old law to a new. Sir T. Raleigh, a Professor of Law acquainted with foreign legal terms—probably stuck in "Transitory provisions," in the Act. The Senate means, I suppose, by "Transitory Regulations" regulations facilitating passage from the old to the new rules for courses of study.

2. This may perhaps have been intended by some of those who voted for it to be a regulation in favour of 500 particular individuals and of the nature of a privilegium. It is contrary to the right spirit of legislation to legislate simply with a view to confer a special favour on particular persons. But I suppose the Senate (or the Advocate-General, if consulted) would say that the Regulation really was intended to remove a hardship caused by the passage from one set of conditions to another, and was not intended to confer a "privilege" on the 500 persons, but only to remove this hardship; and Government may perhaps assume the higher motive.

A. GALLETTI—8-4-10.

Please put up the University Calendar of 1910.

L. M. WYNCH—9-4-10.

Put up.

K. RANGASWAMI AIYANGAR—9-4-10.

Please see the Director of Public Instruction's note at page 2. The Transitory Regulation may, I submit, now be approved with the rider suggested by the Director of Public Instruction.

L. M. WYNCH—11-4-10.

I do not like the regulation at all. As Dr. Bourne says—if it merely admitted to the collegiate course a certain number of students, there would not be much objections to it, but it definitely states that certain students have passed the Matriculation examination who have not done so.

No. 206, EDUCATIONAL, 15TH APRIL 1910.

However I do not think we can well refuse to sanction now. So the order may issue approving of the regulations. Paragraph 2 had better say merely that the Government regret that it has been found necessary for the Senate to submit this very exceptional regulation, and that while approving it, the Government does so with much reluctance and desires to record the opinion that their consent in this case is not to form any precedent for the future. They cannot but regard such a regulation as inimical to the true interests of education in the Presidency.

M. H[AMMICK]—12-4-10.

Issue order accordingly please.

L. M. WYNCH—13-4-10.

Draft submitted for approval.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b¹) For rules regarding printing of notes, see the rules in G.O., No. 1220, Public, dated 30th November 1900.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Deputy Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Deputy Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.

* Copies distributed on.....*(Press Clerk.)

† Copies distributed on.....*(Despatcher.)

* To be initialled and dated.

{P.T.O.

A

Please send proof in triplicate. The papers have been carefully edited.

B

Proof returned corrected. Please strike off and send number of copies as indicated.

Type may be released after usual interval.
at once.

C

As the matter is clear manuscript and has been carefully edited, (b) proof need not be sent. Please print and supply number of copies as indicated.

Type may be released after usual interval.
