Subject.
Sub overseers and surveyors passed out from the
college of Engineering previous to the year 1909
Enquires whether the - are also qualified to hold the
post of draftsmen in the P. W. D.

No. 184 W

Station Coimbatore, Dated the 1st March 1910.

From (Name) Hugh O'Connell, Esq.,

To Educational up. (Designation) Superintending Engineer, Fourth Circle.

To The Chief Engineer to the Government of Madras.
The Secretary

Public Works Department.

P. W. U. O. D No. 358
Dated 7-4-10

Ed. C. No. 696
Dated 4-4-10

Adverting to G.O. No. 191-Educational, dated 29th --

March 1909, communicated with Government Memo No. 2186-C of

5th May 1909, approving of the revised rules relating to --

the constitution and working of the Engineering College, --

Madras, I have the honour to enquire, with reference to --

clause iii of Rule 10, whether Sub-Overseers and Surveyors

passed

passed out from the College previous to the year 1909 are also
qualified to hold the post of Draftsmen in the P.W.D. I am -
personally of opinion that they are qualified and as the matter
is not free from doubt, I request that a definite ruling of -
Government be obtained.

I have the honour to be,

Sir,

Your most obedient Servant,

Thos. O. Connolly

Supg. Engineer, IV Circle.

LEGISLATIVE

*Enquiring whether the Sub-Overseers and Surveyors passed
out of the College of Engineering previous to 1909 are qualified
to hold the post of Draftsmen in P.W.D.*

NOTES.

C.No.696, from the Superintending Engineer, IV Circle, No.184 W d/1-3-10.

Subject.

Enquiring whether the Sub-Overseers and Surveyors passed out of the college ^{of Engineering} previous to 1909 are qualified to hold the post of draftsman, in P.W.D.

With reference to clause (iii) of rule 10 of the rules for the working of the College of Engineering approved in G.O. No.191 Educational, dated 29th March 1909, the Superintending Engineer, IV Circle, (Mr. O'Connell) enquires whether the Sub-overseers and Surveyors who passed out of the College of Engineering previous to 1909 are also qualified to ^{hold} the posts of Draftsmen in P.W.D.

Pages of notes with Sono 159 Edt
20-3-07

2. Prior to 1907 the Engineering College contained the following classes:-

- (i) Engineer Class - for the training of Civil and Mechanical Engineers.
- (ii) Engineer Subordinate class - for the training of Upper subordinates for the Public Works Department, the local boards and municipalities.
- (iii) Sub-overseer and Surveyor class - for the training of lower subordinates and surveyors for the Public Works Department, the Survey Department, Local Boards and Municipalities.

4
2
v

(iv) Draftsman class - for the training of Mechanical draftsmen and estimators.

Page 59 from bss CdP
3. 10. 05

P. 3. In paragraph 14 of their report, the Committee appointed to consider the reorganization of the College of Engineering recommended that a new class named "Lower subordinate class" should be formed and that it should replace the Sub-overseer and Surveyor and Draftsman classes. The Committee's recommendation was accepted by Government in paragraph 8 of G.O. No. 655.

P. Educational dated 3rd October 1905, and under rule 10 of the revised rules of the College of Engineering approved in G.O. No. 159 Educational dated 20th March 1907, the College now contains only the following three classes:-

- (i) Engineer class - for the training of
 - (a) Civil Engineers, and
 - (b) Mechanical Engineers.

(ii) Upper Subordinate class - for the training of Upper Subordinates for the Public Works Department, Revenue Department, Local Boards and Municipalities.

(iii) Lower Subordinate class - for the training of Lower Subordinates, Surveyors and Draftsmen for the Public Works Department, the Survey Department, Revenue Department, Local Boards, Municipalities, Railways &c.

4. According to the Public Service Notification, draftsmen are required to pass the "examinations prescribed for the Engineer Subordinate

(Overseer)

Item (b) under "N. P.W.D." on page 8 — C₂.

"(Overseer) class or the draftsman class of the "College of Engineering, Madras". The old "Engineer Subordinate class" corresponds to the present "Upper Subordinate class" and the present "Lower subordinate class" provides for the training of surveyors and draftsmen. Under the rules in force prior to 1907 Sub-overseers and Surveyors were trained in the sub-overseers' and surveyors' class and they were not eligible for appointment as draftsmen. There was a separate "draftsman class" and only persons trained in that class were eligible for ~~an~~ draftsman's post, as well as persons who were passed Engineer subordinates (Overseers). Subsequent to 1907, however, surveyors and draftsmen are both trained in the "Lower Subordinate class" and a candidate who has passed the examination prescribed for this class seems thus to be eligible for a draftsman's place now.

4. The answer to the Superintending Engineer's query seems to be that sub-overseers and surveyors who passed out of the College of Engineering under the rules which were in force prior to 1st April 1907, on which date the revised rules of the College of Engineering came into operation, are not eligible for the posts of draftsmen. ^{while those who passed out after 1-4-1907 are eligible.} Before, however, a decision is come to, the Superintending Engineer's letter may be referred to the D.P.I. for remarks.

5. The draft endorsement placed below is submitted for approval.

Sec 7.

The S.E.'s query seems to imply that he thinks the classes were reorganized in 1909. As a matter of fact, they were reorganized in 1907 (Pg 0). I submit that the answer at A is correct. No reference to the D.P.I. is necessary.
