STATEMENT OF THE OBJECT, AND AN APPEAL ON BEHALF OF THE CIVIL ORPHAN ASYLUMS.

THE MADRAS CIVIL ORPHAN ASYLUMS were founded one hundred and three years ago for the gratuitous education, board and lodging of the orphans of Europeans and their descendants, who are not eligible for admission into the Military Asylums in the Presidency. They have thus stood the test of time, and continue to retain public confidence.

It is no easy task to feed, clothe and educate one hundred and fifty orphans. It is a still more difficult matter to successfully launch out in life these children, educated up to the Lower Secondary Standard, to make their way through the ever-increasing crowd of better educated competitors.

The necessity, character and scope of the work done in these Institutions are well known to the general public in Madras, and the help received is practically confined to the residents in this City. But all orphans throughout the Presidency are eligible for admission. This fact, it may be assumed, is generally known throughout the Mofussil, from the applications which are made from various stations for the admission of orphans; but the Directors regret that the claim *resulting from this fact*, upon persons residing in the Mofussil, for some contribution towards the support of these Institutions, does not appear to be so generally recognized.

These Institutions are managed in an admirable manner by, a particularly strong Directorate, who are elected by the subscribers.

The Bishop of the Diocese is the President, the Archdeacon is the Vice-President, and the rest of the Clergy of the Church of England are *ex-officio* Patrons of these Institutions. Though the religious instruction imparted here is in accordance with the tenets of the Church of England, destitute orphans of all denominations are admitted.

The Directors, therefore, earnestly request the Clergy in the Presidency and Mofussil, either to make regular periodical collections in their Churches on behalf of the Asylums, or else to circulate this appeal, together with the accompanying report, among the European and Eurasian residents at their stations, who are particularly invited to come forward and contribute, according to their means, towards the support of Institutions which provide such efficient relief for the destitute and distressed members of their own community.

Health.

Details of admissions to Hospital, etc., will be found in the Medical Officer's Report (Appendix A).

Directorate.

The following changes occurred on the Directorate:—

Messrs. Fraser, Pears and the Hon'ble Mr. Andrew, I.C.S., resigned owing to their departure from Madras, and Surgeon-Captain Hawkes also resigned in consequence of failing health.

Finance.

At no period, perhaps, in the history of the Institutions, had the financial outlook assumed such a grave aspect as at the beginning of the year under report. The year opened with a debit balance of Rs. 1,571, and the estimated receipts and expenditure showed a further deficit of Rs. 2,400. A special meeting of the Directorate was convened to consider ways and means for meeting this large deficiency, and it was resolved to curtail expenditure in certain directions, and to make a special appeal to the public for a larger measure of support. The latter appeared to afford the only prospect of appreciable relief, and the matter was energetically taken up by members of the Directorate, with the result that the donations and subscriptions rose to about Rs. 5,000 in excess of the estimate, and the year closed with a credit balance of Rs. 810.

The half-yearly interest on Woolley's bequest and certain other Trust funds, due in December, was not paid to the Institutions till a month later. Had these been realised in due time, the closing balance would have been Rs. 2,700.

The year has been conspicuous for the large number of demands made upon the public on behalf of local charities. The Directorate has, therefore, much cause to be grateful for the generous response to their appeal. Special thanks are due to H. E. Lady Lawley, H. H. the Maharani of Vizianagram, H. H. the Gaekwar of Baroda, Lady Benson, Lady King and other ladies and gentlemen, by whose help the Institutions have successfully passed through a very grave difficulty.

The average number of children maintained during the year was 184, and the cost per head per mensem Rs. 17-5-4. The maintenance charges continue high, owing to the high prices of articles of diet and other necessities.

Details of the receipts and expenditure for the past two years are given below:—

APPENDIX A.

Annual Medical Report of the Civil Orphan Asylums, Madras, for the year 1909.

I.—GENERAL HEALTH.

There were 329 admissions into hospital for the year under review, against 194 in 1908, and 290 in 1907. There has been a large increase, particularly under 'Diseases of the Skin,' and 'Fever,' of which 86 cases were 'Scabies,' and 70 'Fever.'

Of the admissions during the year, 23 cases were sent to the General Hospital and 2 to the Ophthalmic Hospital. The blood of many of the fever cases examined showed malarial parasites. Two of the fever cases sent to the General Hospital turned out to be enteric. These two cases were of a rather severe type. Both of them made good recoveries.

The sanitary condition of the surroundings of the Asylum is not satisfactory. The waste water from the Swimming bath is led away in iron pipes to some shallow depressions at the rear of the Asylum grounds, and forms a most fertile breeding place for mosquitoes. The water should be utilised for irrigating plantain trees, as I have repeatedly recommended. In the Asylum grounds itself there is a large pit behind the Boys' kitchen, where water collects during the rainy season. The surface should be treated with kerosine oil every week, and the banks should be kept clean. These collections of water have, no doubt, contributed to the large increase in the number of admissions under fever. There are still far too many admissions under 'Itch'. I would advocate a closer supervision of the laundry arrangements, particularly the boiling of the children's clothes, which it is reported is performed perfunctorily at present.

II.—DEATHS.

No deaths occurred during the year under review.

III.—DIETS.

No changes were introduced into the Diet Scale.

IV.—CONSERVANCY AND BATHING.

The arrangements for bathing are satisfactory; the Swimming bath is kept clean, and is much appreciated.

V.—EPIDEMICS.

Nil.

VI.—HOSPITAL BUILDINGS.

Some minor repairs have been carried out.

VII.—COST OF MEDICINES.

Rs. 96-6-0 as compared with Rs. 68-10-1 in 1908.

VIII.—STAFF.

I have been in medical charge since 16th June 1909, when I took over from Captain Kirkpatrick, I.M.S. Mr. dePrazer handed over subordinate charge of the Asylum to Mr. Dunlop on 10th November 1909.

Nurse Ignatius continued as Nurse throughout the year.

IX.—GENERAL REMARKS.

All serious cases requiring special attention were sent to the General Hospital.

W. Nagle, one of the boys of the Asylum, was admitted into the General Hospital on 20th May, 1908, for Tubercular disease of the hip, and is still there. I owe my thanks to the Medical Officers of the General Hospital, who have, with their usual courtesy, assisted with opinions and help whenever necessary.

The ladies continue to take a kindly interest in the children when in hospital, and provide them with toys, books, etc.

Mr. dePrazer and Mr. Dunlop, the Subordinate Medical Officers, have taken a keen interest in the welfare of the children and have done excellent work.
