Sir,

In returning herewith endorsement No. 250-1,
Educational, dated 15th February 1910, together with its
enclosure, I have the honour to offer the following
remarks:-

Resolution (1):- A scheme for establishing a Provident
Fund for teachers is still under the consideration of
Government.

Resolution (2) (a):- I presume that it is not intended to
raise the rates of grants-in-aid on behalf of secondary
schools and colleges.

Resolution (2) (b):- Government have already refused to
require municipalities and Local Boards to set apart any
fixed percentage of the total revenue for the purposes
of education.

2. It seems doubtfully expedient to encourage any Teachers' Union to suppose that any resolutions it may choose to pass are entitled to the consideration of Government. The Present resolutions, which are moreover unsupported by any arguments, might well be recorded. 4

C. No. 250 From the South Indian Teachers' Union No. , dated 9-2-1910.

SUBJECT.

Resolutions passed at a Conference of the
South Indian Teachers' Union.

The General Secretary of the South Indian Teachers' Union submits for the favourable consideration of Govt. copies of the resolutions passed at a Conference of the Union held at Trichinopoly on the 21st & 22nd Dec. last.

2. In the resolutions the Conference thanks the Govt. for the steps they have taken for the establishment of a Provident Fund for Teachers and suggests that managers of schools might be required to pay a small contribution ^{to the Prov. Fund for teachers} of not more than one anna in the rupee of the school fees paid by the pupils. The Conference also requests that a grant of 75 per cent of the net cost be sanctioned in aid of High Schools and Colleges and that municipalities and Local Boards may be required to set apart not less than 15 per cent of their total revenue for elementary education.

3. The last request is one for consideration in the L & M. dept. but the first two have to be dealt with in Edl. The resolutions may in the first instance be referred to the D.P.I. for remarks.

Memo.No.250-1 Edl., dated 9-2-10.

From the D.P.I., R.C.No.1074, d/18-4-10

The D.P.I. submits the following remarks on the resolutions passed by the Educational Conference of the South Indian Teachers' Union.

2. Resolution (1). Provident Fund for Teachers.--The D.P.I. states that a scheme for establishing a Provident Fund for Teachers is still under the consideration of Government but offers no remarks on the suggestion that Managers of schools might be required to pay to the Provident Fund for Teachers a small contribution of not more than one anna in the rupee of the school fees paid by the pupils..

3. Resolution (2)(a). Grants to High Schools and Colleges.--Under rule 33 of the Grant-in-Aid Code the grant allotted to a secondary school will ordinarily be equal in amount to the income ^{guaranteed} ~~granted~~, that is, the difference between the ordinary revenue and the ordinary expenditure, or the net cost of the school. It is however not laid

down that the grant should bear any definite proportion to the net cost. ^{The grant sanctioned under} in such cases is generally dependent on the rule 40 grants to colleges are fixed by the D.P.I. The South Indian Teachers' Union requests that a grant of 75 per

cent. of the net cost may be allotted to schools and colleges. The D.P.I. remarks that he presumes that it is not intended to raise the rates of grants to secondary schools and colleges.

4. Resolution (2) (b). Expenditure on Elementary Education by Municipalities and Local Boards. The South Indian Teachers' Union requests that Municipalities and Local Boards may be required to set apart not less than 15 per cent. of their total revenue for Elementary Education. The Director remarks that Government have already refused to require municipalities and Local Boards to set apart any fixed percentage of the total revenue for purposes of education. The Director refers apparently to G.O.No. 945 Educational, dated 31st December 1895-Para.3

5. In conclusion the D.P.I. remarks that it seems doubtfully expedient to encourage any Teachers' Union to suppose that any resolutions it may choose to pass are entitled to the consideration of Government and suggests that the present resolutions which are unsupported by any arguments might well be recorded.

6. It is for consideration whether the resolutions may as suggested by the D.P.I. be 'recorded' ~~on their receipt~~ ~~may simply be acknowledged.~~
