GOVERNMENT OF MADRAS.
EDUCATIONAL DEPARTMENT.

READ—the following paper :—

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 14th May 1910.

No.—Cur. 3311.

I have the honour to submit for the information of Government a copy of my Proceedings, Dis. No. 3020, dated 10th May 1910, reviewing the report on the working of the Government College, Rajahmundry, during the year 1909.

ENCLOSURE.

Proceedings of the Director of Public Instruction, Dis. No. 3020, dated 10th May 1910.

Read—the following paper :—

Letter—from O. J. COULDREY, Esq., M.A., Acting Principal, Government Arts College, Rajahmundry.

To—the Director of Public Instruction.

Dated—the 24th April 1910.

No.—323.

I have the honour to submit my report on the working of the Government College, Rajahmundry, during the year 1909.

2. *Staff and distribution of work—Appendix A.*—There were changes in the personnel of the staff during the year under report—

(a) Mr. Mark Hunter, the permanent Principal, went on furlough for 14 months, with effect from the 5th July 1909, in continuation of the long vacation, handing over charge to Mr. Wilkinson, the first Chief Lecturer, on the 30th April 1909. The latter officer conducted the office correspondence during the vacation and handed over charge to me on the 5th July 1909, the reopening day of the College.

(b) Mr. A. Arulanandam, B.A., Assistant lecturer in English, was transferred on promotion to the Kumbakonam College, and he was relieved here on the afternoon of the 1st April 1909. M.R.Ry. D. A. Narasimham, M.A., has been made to act with effect from 2nd April 1909 *vice* Mr. Arulanandam transferred.

(c) M.R.Ry. C. H. Bhagavanlu, B.A., one of the Assistant English Lecturers, was transferred to the Inspectorate in the Provincial Educational Service in March 1909.

(d) M.R.Ry. A. Subrahmanyam Aiyar, B.A., L.T., Chief Lecturer in Philosophy, was transferred to the Presidency College, with effect from the 18th January 1909, and M.R.Ry. T. V. Sivakumara Sastri, B.A., L.T., was appointed in his place from the Kumbakonam College and he joined his duties in this College on the forenoon of the 25th January 1909. About the end of March 1909 M.R.Ry. T. V. Sivakumara Sastri was again transferred as acting Assistant Inspector of Schools, Bellary district. During his absence on other duty, M.R.Ry. L. A. Ganapati Aiyar, B.A., Senior Assistant Lecturer, was made Chief Lecturer, and he was appointed additional lecturer temporarily sanctioned by Government with effect from 1st April 1909 to the end of 4th July 1909. M.R.Ry. P. Narasimham, M.A., was transferred as Philosophy Assistant from the Presidency College *vice* M.R.Ry. L. A. Ganapati Aiyar, promoted. M.R.Ry. T. V. Sivakumara Sastri was again ordered to go back to his permanent appointment in this College as Chief Lecturer in Philosophy, and in consequence M.R.Ry. P. Narasimham was relieved.

(e) In G.O., No. 330, Educational, dated 5th June 1909, the Government sanctioned the addition to the cadre of the Provincial Educational Service (ninth grade) of a lecturer and Mr. Wilkinson was appointed with effect from 1st April 1909.

(f) The Senior Pandit's place has been kept vacant since the retirement of M.R.Ry. Mahamahopadyaya K. Venkatarathnam Pantulu Garu on the 31st March 1908 and the Junior Pandit has been acting as Senior Pandit since then.

3. *Accommodation, apparatus etc.*—(a) The extension of the existing building is almost complete and the Executive Engineer, Dowlaishweram, writes to say that the galleries and the articles of furniture will be finished this month, but the building will not be quite ready to be handed over until the end of May 1910. The new building may be occupied after the reopening of the College in July 1910 with all its accomplishments.

(b) The present accommodation being insufficient for the laboratory it is requested that early action may be taken as regards the extensions of the laboratory. Plans have been made and approved. The carpenter's shed also needs extension in case the dynamo and the engine of the Presidency College are made over to this College which I understand to be possible.

(c) *Gas and fitting.*—The gas installation is now complete and gas will be available for use in the laboratory in a couple of weeks. The Elementary Practical Physics hall has been almost completely fitted up. Tables for the Practical Physics hall have been made and fixed in position and gas is laid on them. The hall for Chemistry classes has been partly fitted up and some more fittings and furniture will be required to make this hall thoroughly equipped. As a temporary measure, satisfactory arrangements have been made for intermediate class students in Practical Chemistry by putting up temporary tables in the Chemistry class room.

(d) The pump referred to in the last year's report being out of order, the Executive Engineer has been requested to put up a new pump for the laboratory.

(e) The building for the quarters of the warden of the hostel is under construction but is at present unfortunately delayed by the appearance of a crack in the masonry.

(f) I may mention here that the College is sadly in need of a compound wall. This want has been felt for a long time.

4. *Number on the rolls—Appendix B (1).*—The statement shows that the College has regained its former strength which was lost in 1907.

5. *Appendix B (2).*—Though Brahmans preponderate, the other classes also have been fairly represented.

6. *Library and library work.*—Three hundred and twenty-seven volumes were added to the library during the year under review. I regret to say that the special allotment of Rs. 2,000 provided for history books in the budget for 1909–1910 lapsed, because Messrs. Baker & Co. failed to supply the books indented for in time and that in spite of the fact that the indent was sent to your office with my letter No. 349, dated 23rd August 1909, and forwarded by you to them for compliance with your letter R.C. No. 5851, dated 23rd September 1909. The incident is particularly unfortunate as the formation of an adequate library for the newly entertained history group is thus thrown back a whole year. The library tutorial system was continued on the lines indicated by Mr. Hunter in the last year's report with satisfactory results, but much has yet to be learnt in the way of profitably correlating library-reading with lecture work.

7. *Examination results—First Examination in Arts.*—Thirty-seven students of the Senior F.A. class were sent up from the College for the examination. Fifteen passed, two having been placed in the first class.

B.A. Degree examination—(a) English Language division.—The result was excellent taking into consideration the percentage of passes over that of last year, i.e., 75.8 per cent. against 50 per cent. in the previous year.

(b) *Second Language division.*—The result was on the whole fair.

(c) *Science divisions.*—Though the percentage of passes was somewhat lower than last year, nearly 50 per cent. of the successful candidates were placed in the second class.

M.A. Degree examination.—This class was maintained throughout the year under report. There were three students, and all the three appeared for the examination, one having come out successful.

College examinations were held as in the year 1908.

8. *Physical Training*.—Gymnastics and drill were taught as usual. The sports association was constituted on new lines. A committee has been formed, the Principal being the President and two of the members being on the staff managing committee. A number of football matches were played during the year, notably those in connection with the Bell-Cup Trophy which was secured by the College. Much credit is due to the keenness of the Honorary Secretary Mr. K. V. Subbayya. Tennis as usual continues to be popular.

9. *Manual training*.—The carpentry class has since been abolished and the carpentry shed is being used for the laboratory purposes.

10. *Literary society*.—This has been working rather spasmodically.

11. *Hostel*.—There were 36 students which consist of Brahmans, Kshatriyas, Vaisyas and Muhammadans, there having been no accommodation for more than 36 students. Muhammadans are given only quarters in the hostel and not boarding.

12. *Discipline*.—Satisfactory both in the college and in the hostel.

13. *Service books*.—All have been verified. Service registers on behalf of the laboratory attender who was confirmed in September 1909 and the gardener have yet to be opened; the sweeper and the night watcher being only acting sub. *pro tem.* men, no registers have as yet been opened on their behalf. I shall see that all the registers are opened shortly. The College calendar for 1909 was not published since it was not sent back to the Superintendent by the late clerk A. Somannah Sastri after the proof was received.

14. I have much pleasure in acknowledging the willingness and cordial co-operation of the staff in all the work of the College.

NOTES CONNECTED WITH G.O., No. 326, EDUCATIONAL, DATED
7TH JUNE 1910.

[SUBJECT.—*Report on the working of the Rajahmundry College during the year 1909.*]

From the Director of Public Instruction, dated 14th May 1910, No. 3311.

The report is satisfactory. In paragraph 3 (f) of the report, the Principal states that the College is sadly in need of a compound wall and that this want has been felt for a long time. The College may be provided with a compound wall at an early date.

2. The draft below is for approval.

T.K.—24-5-10.

As observed by the Director of Public Instruction in paragraph 2 of his endorsement, the College has almost recovered lost ground in the matter of attendance, but it is a matter for regret that the results of the University Examinations, judged from the percentage of passes, were poorer in 1909 than in the preceding year, except in the English Language division of the B.A. Degree Examination under which however there was a satisfactory improvement. This point is dealt with in paragraph 7 of the Principal's report.

The draft may be sent to the Public Works Department u.o. for acceptance of paragraph 2.
