Ref on Cur No. 1073/10.

Station Madras, Dated the 2nd June 1910.

From (Name) The Hon'ble Mr. A. G. Bourne, D.Sc., F.R.S., C.I.E.,

(Designation) Director of Public Instruction,

Madras.

To The Secretary to the Government of Madras,

Educational Department.

Sir,

Lt. Col. Gerald Cree, station Hospl., Madras p. 4 of pamphlet

At the instance of the x Honorary Secretary, S.I. Centre, St. John's Ambulance Association, Mr. F.E. Morgan, lately Acting Principal, College of Engineering proposed that the students of that College should be required to attend a course of instruction in 'First Aid to the injured' as practically every student who goes on to construction later is almost certain to meet cases of serious accidents with no medical help to hand and the Indian Subordinates he met with in the Public Works Department had in his opinion shown themselves helpless on such occasions. The course is to consist of five lectures of two hours each as given on page 30 of the enclosed x pamphlet issued by "St. John's Ambulance Association in India". Mr. James, the present Principal is not for providing for the course in the College rules, but he considers it sufficient if it is made compulsory for the senior classes and

x. To be kindly returned when done with-

TR
3/6

if the successful candidates in the examination held at the end of the course be awarded the certificates of the Association. He adds that if thought desirable the College diplomas might be endorsed to that effect. The expenses connected with the course are reported to be as follows :-

	Rs.	A.	P.
1. Cost of Books	1	2	0
2. Cost of Certificate	0	8	0
3. Cost of a set of diagrams which would be available for all future classes.	13	8	0

Of these the students would be charged with items (1) and (2), and item (3) to the College contingencies.

I consider the above proposal as modified by Mr. James to be worthy of trial and request that it may be sanctioned. The award by the Association of certificates to the successful students would in my opinion seem to be sufficient and no entry in the College diploma is necessary.

I have the honour to be,

Sir,

Your most obedient servant,

for Director of Public Instruction.

M. S. S.

2. Adult Course in First Aid to the injured.

First Lecture.

A. Principles of First Aid
B. A brief Description of the Human Skeleton and of the Muscles.
C. Fractures - Causes, varieties, signs and symptoms.
