READ—the following papers :—

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., C.I.E., Director of Public Instruction, Madras.

To—the Secretary to Government, Educational Department.

Dated—the 4th April 1910.

No.—Ref. on Cur. No. 8431/09.

I have the honour to submit the enclosed plan with estimate, amounting to Rs. 8,500, for the construction of a hostel open to all castes in connection with the American Arcot Mission Secondary school, Tindivanam, a secondary institution which on the 31st March 1909 had 360 pupils on its rolls, and to recommend that a third grant of Rs. 2,833 may be sanctioned under rule 51 of the Grant-in-Aid Code to be paid when funds are available.

2. The management is anxious to begin the work previous to the approval of the plan and estimate by the Public Works Department. The request may, as a special case, be granted on the same terms under which such sanction was granted in Official Memorandum No. 48-1, Educational, dated 13th January 1908, to the authorities of the High school, Tirukattupalli.

3. The application for aid in the prescribed form is submitted.

**Note by the Chief Engineer, Public Works Department,
dated 22nd June 1910.**

The Director of Public Instruction submits for sanction in connection with an application for a building grant an estimate, amounting to Rs. 8,500, for constructing a hostel for the American Arcot Mission Secondary school at Tindivanam in the South Arcot district.

The estimate and plans have been scrutinised in the Chief Engineer's office, and certain necessary alterations have been made involving provision for two buttresses to take the thrust of the couples on the wall, making the partitions 1' 1½" thick instead of 1' which is not suited to ordinary brick dimensions and providing rolled steel beams in the corner rooms to support the roof. It is observed that the nature of the soil is not stated. The pressure on the foundations works out to 0.45 ton. The Superintending Engineer should satisfy himself that the foundations as designed are suitable.

The scantlings of the bressummers specified as "country wood" are suited to timbers of class I in Chief Engineer's Memorandum No. 2040-C, dated 27th April 1909.

With these remarks, the estimate, as altered by the Chief Engineer, amounting to Rs. 8,670, is recommended for sanction.

F. J. WILSON,
Chief Engineer.

Order—No. 382, Educational, dated 4th July 1910.

The Government are pleased to sanction a grant not exceeding one-third of the actual expenditure, nor exceeding Rs. 2,890, towards the cost of constructing a hostel in connection with the American Arcot Mission Secondary school, Tindivanam, subject to the following conditions :—

(1) That in carrying out the work the suggestions of the Chief Engineer in his note read above are adopted ;

(2) that the work is completed before the 30th September 1911 ;

(3) that a certificate of the actual expenditure incurred on the work is submitted before the 30th November 1911 ;

(4) that all other conditions prescribed in the Grant-in-Aid Code have been duly complied with.

2. On the above conditions being fulfilled the grant will be paid as funds become available.

NOTES CONNECTED WITH G.O., No. 382, EDUCATIONAL, DATED
4TH JULY 1910.

[SUBJECT.—*Application for a grant of Rs. 2,833 in aid of constructing a hostel attached to the American Arcot Mission Secondary School, Tindivanam.*]

From the Director of Public Instruction, dated 4th April 1910, No. 8431.

The Director of Public Instruction recommends—

(1) that a grant of Rs. 2,833 may be sanctioned under article 51 of the Grant-in-Aid Code towards the cost of constructing a hostel attached to the American Arcot Mission Secondary school, Tindivanam, and

(2) that permission may be given to the school authorities to commence the work previous to the approval of the plan and estimate by the Public Works Department.

2. Permission to commence the work in anticipation of approval of plan and Paragraph 2 of Director of Public Instruction's estimates is granted only in exceptional letter. cases on strong grounds. No such reason has been given in the present case, except that "the management is anxious to begin the work." Ordinarily plans and estimates submitted by the school authorities are defective and alterations are made in them by the Chief Engineer in the course of the scrutiny. One of the conditions under which the grant is sanctioned is that the alterations in the plans and estimates suggested by the Chief Engineer should be carried out. In case the work is commenced before the plans are scrutinized by the Chief Engineer it is impossible to carry out any alterations which on a scrutiny of the plans and estimates by that officer may be found necessary. It is for consideration whether the permission applied for may be granted or whether the plans and estimates may be forwarded to the Public Works Department for scrutiny at an early date.

P.R.—13-4-10.

It is submitted that there are no grounds in this case for deviating from the rules of the Grant-in-Aid Code and that the Government should insist on these rules being strictly followed.

K. RANGASWAMI AIYANGAR—14-4-10.

Article 51 (ii) of the Grant-in-Aid Code requires previous approval of plans and estimates. There is nothing to show that this is a special case. The plan and estimates may be forwarded to the Public Works Department.

PUBLIC WORKS DEPARTMENT.

Note by the Chief Engineer, Public Works Department, dated 22nd June 1910.

The plans and estimate have been scrutinised in the Chief Engineer's office, and certain alterations made with the result that the amount of the estimate has been raised from Rs. 8,500 to Rs. 8,670.

2. The work can be completed within ten months from the date of its commencement.

3. The file is returned together with a note by the Chief Engineer on the estimate.

EDUCATIONAL DEPARTMENT.

The amount of the estimate as originally submitted was Rs. 8,500; and the Director of Public Instruction recommended a one-third grant not exceeding Rupees 2,833. On scrutiny by the Chief Engineer, the amount of the estimate has been raised to Rs. 8,670. The grant also may be correspondingly increased to Rupees 2,890.

2. The time for the completion of the work may be fixed as 30th September 1911, that is, five months more than what is recommended by the Public Works Department in paragraph 2 of that department note *supra*, so as to avoid any possibility of an application for extension of time.

3. The draft order placed below is submitted for approval.
