GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper :—

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., C.I.E., Commissioner for Government Examinations, Madras.
To—the Secretary to Government, Educational Department.
Dated—the 5th August 1910.
No.—135/I-D.

I have the honour to submit the annual report on the examinations under the control of the Commissioner that were held during the year 1909-1910.

2. The clerical work connected with the different examinations held under the Code of Regulations for European schools was done by this office under the supervision of the Secretary, as directed in G.O., No. 269, Educational, dated the 3rd May 1909.

3. According to the scheme for the award of Secondary School Leaving Certificates sanctioned in G.O., No. 427, Educational, dated the 21st July 1909, the Secretary to the Commissioner was appointed Secretary to the Board for the award of the certificates. The first meeting of the Board was held in December to issue subsidiary rules.

4. Four examinations in all were held at the various centres in the Presidency. Of these, the Technical Examinations were held also in the Native States of Travancore, Cochin and Mysore.

5. Detailed information in respect of each examination is given below :—

(a) *The Upper Secondary Examination.*

The total number of candidates that registered their names for the compulsory test rose from 812 to 884, among whom there was not a single female candidate. Of this number, 812 presented themselves for examination, 543 of these being "pupil" candidates who came up from 97 institutions. One hundred and eleven candidates were successful, 88 of whom were pupils. The percentage of success was 14. As many as 605 of the number examined and as many as 91 of the number that passed were Brahmans.

Twenty-nine candidates appeared for examination in a second language only, of whom twenty passed.

Eighteen candidates completed their success in the year. Including these, the total number of candidates that passed the late Upper Secondary Examination during the twenty years that the examination was in existence, was only 158.

The Upper Secondary Examination was held for the last time in December, as, under G.O., No. 427, Educational, dated the 21st July 1909, the first public examination under the scheme for the award of Secondary School Leaving Certificates will take the place of the former.

(b) *Technical Examinations.*

The total number of individual candidates registered for the three grades of examination was 6,572, of whom 227 were for the Advanced grade, 1,915 for the Intermediate, and 4,430 for the Elementary. Sixty-two of the candidates for the Advanced, 535 for the Intermediate, and 905 for the Elementary grade were pupils who belonged to 8, 42 and 56 different institutions, respectively.

The total number of subject-candidates examined was 7,960, of whom 3,228 were successful. There was a decrease in the number of candidates for the Elementary grade, as a number of unprepared candidates must have been kept out by the raising of the fee sanctioned in G.O., No. 757, Educational, dated the 10th November 1908. There was an increase in the percentage of passes on the whole.

Six of the subject-candidates for the Advanced grade, 56 for the Intermediate, and 186 for the Elementary were female candidates. All the female candidates for the Advanced grade, and 43 and 89 for the Intermediate and Elementary grades, respectively, were successful. Of the six female candidates for the Advanced grade, one came up in Type-writing and the remaining five in Needle-work and Dress-making, and the largest number for the Intermediate and Elementary grades took up Free-hand Outline Drawing.

The number of papers set for the Advanced, Intermediate and Elementary grades, respectively, was 52, 102 and 75, the number of subjects for the corresponding grades being 21, 63 and 54.

Brahmans and Non-Brahman caste Hindus formed, as usual, the bulk of the subject-candidates that passed in the case of all three grades.

Twenty-six diplomas, of which 17 were for Agriculture, and 58 group certificates, among which there was one for Machine Construction, were issued during the year.

The silver medal of the Madras Musical Association was not awarded during the year, as none of the successful candidates satisfied the conditions prescribed.

The examinations in the subjects prescribed for the diploma in Agriculture were held for the last time in April, as sanctioned by Government in their Order No. 24, Educational, dated the 15th January 1909.

(c) *Examinations in connection with the Subordinate Medical Department.*

There were 40 vacancies for the grade of Civil Medical Pupil, and the number that appeared for the competitive examination for this grade was 46. As six matriculates registered their names for the grade of Native Military Pupil for the six vacancies advertised, there was no competitive examination for that grade. In accordance with the concession granted by Government in G.O., Mis. No. 250, Educational, dated the 29th April 1909, the great majority of the candidates for the competitive examination for the grade of Burma Medical Pupil were men who were duly certified to have studied in the sixth form. The number of candidates examined for this grade was 55, excluding five matriculates who were selected without examination.

(d) *Special Test Examinations.*

For these examinations, 4,137 candidates in all registered their names, 3,285 presented themselves for examination and 1,409 passed. The numbers that were registered and examined and that passed during the previous year were 3,897, 3,112 and 1,370, respectively. The results were fair on the whole. In the Higher grade of the Revenue Test, the results were again good. In the Précis-writing Test the number of candidates examined was 222 against 389 in the previous year and the percentage of passes 40 or nearly 4 per cent. less than that of last year.

An examination in the Provincial Insolvency Act, which was added to the list of subjects for the Civil Judicial Test, under G.O., No. 170, Educational, dated the 19th March 1909, was held for the first time during the year.

Under G.O., No. 596, Educational, dated the 1st November 1909, the examinations in the Civil and Criminal Judicial Tests will be conducted, as in the Revenue Tests, with books and without books.

6. *Finance.*—The receipts of the Commission amounted to Rs. 70,377, or Rupees 9,458 more than in the previous year, while the expenditure, inclusive of refunds and of the charges for printing work done at private presses, was Rs. 58,497, or Rs. 8,061 less than in the previous year.

7. An inventory of valuable stock was duly maintained and checked during the year.

S. H. SLATER—16-8-10.

Honourable Member—

The most noteworthy features appear to be a falling off in the number of candidates for group certificates under Civil and Mechanical Engineering.

There was an increase under *Commerce* in the intermediate grade, but a falling off in the elementary.

The same remark applies to drawing.

The number of candidates for examination under Sanitary Science remained about the same.

L. M. WYNCH—17-8-10.

I think we may simply record.

ORDINARY.

PREFERENCE.

URGENT (a).

EDUCATIONAL
LEGISLATIVE DEPARTMENT.INSTRUCTIONS FOR THE
SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b¹) For rules regarding printing of notes, see the rules in G.O., No. 1220, Public, dated 30th November 1900.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Deputy Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Deputy Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.
