I have the honour to state that I have received applications for grants towards the purchase of books, furniture chemicals, apparatus and appliances on behalf of colleges and secondary schools. If these applications are entertained the expenditure during the current official year under "Grants for Furniture, Apparatus and other Special Objects" will amount to Rs 44,000/- against a budget allotment of only Rs 25,000/- . The grants applied for are quite necessary as additional expenditure has to be incurred in the equipment of all institutions so as to bring them up to the standard of efficiency required by the new rules. EDUCATIONAL DEPARTMENT

NOTES.

C.No.1413, from the D. P. I.

No.4567, dated 12th July 1910.

Subject.

Additional allotment required for payment of special grants to Secondary schools and colleges.

The Director of Public Instruction applies for an additional allotment of Rs.19,000 to enable him to pay grants towards the purchase of books, furniture, chemicals, apparatus and appliances on behalf of colleges and secondary schools.

2. In the budget for the current year under Education - Grants-in-Aid, there is a provision of Rs.25,000 for "Grants for furniture, apparatus and other special objects". The D.P.I. states that he has received a large number of applications for grants towards the purchase of books, furniture &c., ~~and~~ ^{and} that if all these applications are entertained he will require a sum of Rs.44,000 to meet the expenditure during the current year under "Grants for furniture, apparatus and other special objects" and ^{as} there is only a budget provision of Rs.25,000 for the purpose he applies for an additional allotment of Rs.19,000.

3. The Director considers that the grants ~~are~~ applied for are quite necessary as additional expenditure has to be incurred in the equipment of all institutions so as to bring them up to the standard of efficiency required by the new rules—the new University Regulations in the case of colleges and the Madras Educational Rules and the scheme for the award of secondary school leaving certificates in the case of high schools.

4. In the circumstances stated by the D.P.I., the grants applied for by the Managers of secondary schools and colleges appear to be necessary. But instead of sanctioning an additional allotment as applied for by the D.P.I., it is for consideration whether the grants on behalf of colleges, which are required to bring them up, in the matter of equipment, to the standard of efficiency required by the University Regulations, may not be paid from the provision of Rs.50,500 under 22-Education University in the current year's budget. From paragraph 2 of the office note on page 3 of the Budget notes 1910-11 relating to 22-Education, it will be seen that a sum of Rs.50,000 of this allotment is intended for giving aid to non-Government colleges in order "to render them more efficient in those respects in which an inspection by the University shows them to be defective". The D.P.I. finds the provision of Rs.25,000 under the head "Grants for furniture, apparatus and other special objects" to be insufficient to meet the demands for special grants both on behalf of colleges and high schools. But if the demands on behalf of colleges are met from the University grant (i.e. from the provision under 22-Education-University) the provision of Rs.25,000, under the head "Grants for furniture, apparatus and other special objects" will probably be sufficient to meet ^{the} demands on behalf of high schools. The D.P.I. may, it is submitted, be requested u.o. to state how much of the grant of Rs.44,000 is required on behalf of colleges and how much on behalf of secondary schools. He may also be asked to submit a list of the grants ^{for furniture etc} which he ^{would} recommend for the several colleges which have applied to him for ^{such} aid.

According to the foregoing list furnished by the D.P.I., the grants applied for during the current year for the purchase of furniture &c amount to Rs 44,016 and further applications ^{it is stated.} are coming in. Of these, the grants applied for on behalf of Colleges amount to Rs 20,856, including the sum of Rs 21 already paid to the A.E.L.M. College, Guntur. It is for consideration whether these grants may be paid from the provision of Rs 50,500 Under 22- Education - University in the current year's budget. Deducting the building grant of Rs 11,379 sanctioned for the Madras Christian College in G.O. no. 460 Edl D, 8-8-10 and the sum of Rs 480 payable to the University of Madras on account of the Johnston of Carnsalloch Scholarship, the amount still available out of this provision is Rs 38,641.

7/8/
11-8-10

The D.P.I. states that the additional allotment of Rs 19,000, for which he has applied will be entirely absorbed by Colleges and may therefore come from the provision of Rs 50,500 made under 22- Education - University. The addl allotment under 22-G. Grants in aid asked for by the D.P.I. ^{in his current letter} seems thus to be unnecessary.

The grant to colleges can come out of the Budget prot. already made and no special allotment is required. The B.P.O. may be made.

Is it necessary that he should specify details in each case for the approval of Govt.?

I do not quite see what useful check we can exercise on such details.

A draft is submitted for approval.

2. With reference to the Secretary's query whether it is necessary that the Director of Public Instruction should specify details in each case for the approval

of Government, it is submitted that on the last occasion the Government sanctioned the distribution of the special grant placed at their disposal by the Government of India in aid of University and collegiate education. Please see G.O.No.810 Educational, dated 3rd December 1907, and the objects for which the grants were sanctioned were indicated in some detail in the annexure to this G.O.. These details were furnished by the D.P.I. - vide his letter on pages 2 to 4 of G.O.No.810 Educational, dated 3rd December 1907. A similar procedure may perhaps be followed on the present occasion also. It does not however appear that the Government can exercise any useful check over the details; this must be left to the D.P.I., the Government merely accepting the recommendation made by that officer.

7.H.
25-8-10

But the grants sanctioned in G.O. No. 810 Ed. 3-12-07 were for Colleges.

But the D.P.I. originally addressed Govt. for an additional grant of Rs 19,000. As it is unnecessary, as

grant for supplying furniture to colleges,
meeting the demands of other institutions
from the Grants-in-Aid allotment of Rs 25,000.
Is it necessary for him to get the separate sanction
of Govt. for the expenditure of existing allotments?
G.O. No. 810 1907 related to a special grant.

Office

Sd/-

As the expenditure under the head 22 Education University is controlled by the Government and not by the D.P.I., the ~~same~~ separate sanction of Government is necessary to the D.P.I.'s utilizing any portion of the allotment under that head. The objection to permitting the D.P.I. to meet expenditure from this allotment is that, if he were allowed to do so, the Government would not be in a position to know how much had been spent out of the allotment and how much remained at a certain date.

2. The grants paid from the allotment under the head University are not governed by the Grant-in-Aid Code, and cannot therefore be sanctioned by the D.P.I., who can sanction only grants under the Grant-in-Aid Code.

3. The case of G.O.No. 810, Edl., dated 3rd December 1907, is, it is submitted, similar to the one now under consideration. It sanctioned the distribution of the amount allotted under 22 Education University in the budget estimate for 1907-08 to various colleges - vide para. 2 of Financial note on page 10 of the notes ^{to that G.O.} The question now under consideration is also the distribution of the allotment under 22 Education University
