GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers :—

I

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., C.I.E., Director of Public Instruction, Madras.

To—the Secretary to Government, Educational Department.

Dated—the 2nd August 1910.

No.—Ref. on Cur. 3508.

I have the honour to submit the enclosed plans with estimates, amounting to Rs. 7,200, towards the cost of constructing an additional building for the Noble College, Masulipatam, and to recommend that a third grant of Rs. 2,400 may be sanctioned and payment of the amount authorized when funds are available.

2. The proposed building is to contain five rooms and they are to be used for the following purposes :—

- | | |
|---------------------------|-------------------|
| (1) Science lecture room. | (4) Balance room. |
| (2) Chemical laboratory. | (5) Store room. |
| (3) Physical laboratory. | |

3. Since 1905–1906 the strength of the school department has been steadily growing and the accommodation provided has been neither sufficient nor suitable for the increasing strength. Further, with the introduction of the new University courses of studies, suitable laboratory accommodation has to be provided.

II

Note by the Chief Engineer, Public Works Department, dated 21st September 1910.

The Director of Public Instruction submits for sanction, with reference to an application for a grant-in-aid, an estimate, amounting to Rs. 7,200, and two plans for constructing an additional building for the Noble College, Masulipatam.

The plans bear no distinctive numbers.

The plans and estimate have been scrutinised in the Chief Engineer's office, and the following alterations have been made :—

Altering section of "struts" for trusses from 5" × 5" to 4" × 4".

Altering spacings of common rafters from 1' 6" to 1' 3" for flat and pan tiles.

Altering section of verandah rafters from 2" × 6" to 2" × 6½".

By these alterations the estimate has been increased from Rs. 7,200 to Rupees 7,390.

Acid proof paint should be used instead of ordinary zinc or lead paint for any laboratory or lecture room where chemical fumes will be formed in the course of work. No information has been furnished regarding the nature of the soil as required in Circular No. 793-D of 11th July 1906. The Superintending Engineer should satisfy himself that the foundations provided are suitable.

With these remarks, the estimate, as altered by the Chief Engineer, amounting to Rs. 7,390, is recommended for sanction.

F. J. WILSON,
Chief Engineer.

Order—No. 570, Educational, dated 30th September 1910.

The Government are pleased to sanction a grant not exceeding one-third of the actual expenditure, nor exceeding Rs. 2,460, towards the cost of constructing an additional building for the Noble College, Masulipatam, subject to the following conditions :—
