Furnishing the Syndicate of the University of Madras with a statement of receipts and charges connected with the Tamkam property in Madura out of which the — are maintained.

THE GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper :—

Letter—from Mr. J. J. HENSMAN, Manager in charge, Office of the Registrar, University of Madras.

To—the Secretary to Government, Educational Department.

Dated—Senate House, the 28th April 1910.

No.—1612.

I am directed to request that the Government will be pleased to issue orders for the supply to the Syndicate of a detailed statement of account in connection with the funds of the Johnston of Carnsalloch scholarship endowment showing the receipts and disbursements in respect of the Tamkam property during the last ten years and the amount of the funds accumulated up to the present time.

Order—No. 579, Educational, dated 8th October 1910.

With reference to their letter No. 1612, dated 28th April 1910, the Syndicate of the University of Madras will be furnished with a statement showing the receipts and charges connected with the Tamkam property from 1906–1907 to 1909–1910. For the accounts previous to 1906–1907, the Syndicate will be referred to the statements of receipts and charges furnished annually under G.O., No. 412, Educational, dated 20th July 1897. From the 1st April 1906, when the arrangement sanctioned in G.O., No. 102, Educational, dated 11th February 1904, came into force, no separate accounts of the receipts and charges of the Tamkam property have been maintained.

2. Under the arrangement above referred to, however, the University is now regularly receiving a sum of Rs. 480 a year for the maintenance of the Johnston of Carnsalloch scholarships and it is clear from the accounts now furnished that there is no accumulated surplus as surmised by the Syndicate, and that the Government are giving the University more than they need actually do under the terms of the Trust deed.

3. Further orders will issue in the Public Works Department for the maintenance of a separate account of the receipts and charges of the Tamkam property and for the revision of the rent now charged for the bungalow.

(True Extract.)

L. M. WYNCH,
Secretary to Government.

To the Registrar, Madras University, with a statement of accounts (paragraphs 1 and 2 only).
,, Public Works Department.

ANNEXURE.

STATEMENT of receipts and charges connected with the Tamkam property, Madura, from 1906–1907 to 1909–1910.

Year.	Receipts.	Charges.		
		Original works.	Repairs.	Total.
	RS.	RS.	RS.	RS.
1906–1907	..	* 27,473	2,467	29,940
1907–1908	..	2,535	257	821
1908–1909	..	1,480	550	1,203
1909–1910	..	1,822	277	1,677
Total	..	† 5,837	27,457	33,641

* Includes outlay of Rs. 8,494 incurred during 1905–1906 on the estimate of Rs. 27,450 sanctioned in G.O., No. 1207 W., dated 12th November 1907.

† Includes the sum of Rs. 2–1–2 being balance at credit of the bungalow account before transfer to the Public Works Department.

NOTES CONNECTED WITH G.O., No. 579, EDUCATIONAL,
DATED 8TH OCTOBER 1910.

From the University, dated 28th April 1910, No. 1612.

The Syndicate of the University of Madras requests to be supplied with a detailed statement of accounts in connection with the funds of the Johnston of Carnsalloch scholarship endowment showing the receipts and disbursements in respect of the Tamkam property during the last ten years and the amount of the fund accumulated up to the present time.

2. The property, known as the Tamkam bungalow in Madura, is vested in the Secretary of State upon trust for the founding and maintenance of two or more scholarships called the Johnston of Carnsalloch scholarships. The trust-deed is dated 6th May 1872, and is printed at pages 2 to 4 of G.O., No. 365, Educational, dated 20th June 1902.

3. According to the deed, the management of the trust funds is entirely in the hands of the Secretary of State. The income from the property has in the first instance to be devoted to the payment of all costs, charges and expenses connected with the management and improvement of the premises, the residue being utilized for the payment of the scholarships.

4. In G.O., No 215, Educational, dated 21st May 1877, the rent of the building was fixed at Rs. 100 a month, and in G.O., No. 193, Educational, dated 27th May 1878, it was decided that the rent should be paid over to the University after deducting 10 per cent. for repairs. Other charges, such as gardener's pay, quit-rent and municipal assessment, seem also to have been paid from the rent and the balance handed over to the University. From the net proceeds thus received the University spent only Rs. 480 *per annum* in scholarships, and the balance was allowed to accumulate, but the cost of important repairs and additions to the building, which was not previously deducted from the proceeds was until 1895 met from this accumulated balance. In 1895, however, the University declined to provide funds for carrying out certain repairs sanctioned by Government, saying that they had no power under the trust-deed to utilize the accumulated balance for repairs to the building. Thereupon the Government directed that, for the future, the income from the property should not be handed over to the University until the cost of all

necessary repairs to the bungalow had first been liquidated—*vide* G.O., No. 602, Educational, dated 29th September 1896, and G.O., No. 412, Educational, dated 20th July 1897. From 1897 therefore the balance of the rent, after deducting

* Estimated cost Rs. 2652—*vide* G.O., No. 1207 W., dated 10th May 1897, on page 4 of G.O., No. 412, Educational, dated 20th July 1897.

gardener's pay and rates and taxes was paid to the Public Works Department in settlement of the advance made from Provincial funds for the cost of repairs* and additions to the bungalow.

Vide letter on pages 4 and 5 of G.O., No. 365, Educational, dated 20th June 1902.

defray the cost of the Johnston of Carnsalloch scholarships and that the accumulated balance of the scholarship fund had in consequence dwindled to Rs. 3 720. The University further suggested that in view of the fact that the bungalow would be shortly given up as a residence for the Collector of Madura and would then have to be

re-let at a greatly reduced rent, it (the bungalow) should either be sold and the proceeds handed over to the University or

that the Government should take over the property and guarantee to the University an annual income sufficient to maintain the two existing scholarships.

6. After carefully considering the suggestions made by the University, the Government determined in G.O., No. 102, Educational, dated 11th February 1904, to maintain the bungalow in accordance with the terms of the trust-deed. They decided that the bungalow should continue to be used as the residence of the Collector of Madura; that no further action should be taken in regard to the proposed construction of a fresh residence for that officer; that such additions as were reported to be necessary should be made to the accommodation in the bungalow so that the rent to be levied from the Collector might not exceed Rs. 160 a month; that the whole rent should be credited to Provincial funds, the cost of subsequent maintenance and municipal rates and taxes being charged against it; but that as far as possible the payment to the University of an annual sum of Rs. 480 for the maintenance of the Carnsalloch scholarships should be regarded as a first charge on the rents, future maintenance charges being so regulated as to enable this contribution being regularly paid to the University.

7. In June 1904 the University again addressed the Government on the subject pointing out that the whole of the surplus receipts of the Tamkam bungalow for the year ending 31st March 1904 amounting

to Rs. 777-7-9 had been credited to the Public Works Department in part settlement of the amount due to that department and that nothing had been paid for the maintenance of the scholarships and it requested that Government would be pleased to arrange to pay to the University the sum of Rs. 480 for the maintenance of the scholarships as promised in G.O., No. 102, Educational, dated 11th February 1904. The Government thereupon informed the University that the additions to the Tamkam bungalow sanctioned in G.O., No. 102, Educational, dated 11th February 1904, had not been carried out; that as soon as they were completed, orders would be issued to the Collector for the payment of the annual contribution of Rs. 480 promised to the University and that in the meantime the existing arrangements would have to continue—*vide* G.O., No. 452, Educational, dated 26th July 1904.

8. For the improvements and additions to the Tamkam bungalow approved in G.O., No. 102, Educational, dated 11th February 1904, an estimate, amounting to Rs. 20,100, was sanctioned in G.O., No. 1749 W., dated 16th September 1905, and they were completed by the end of 1906. The Public Works Department formally took charge of the bungalow on the 1st April 1906 and in G.O., No. 827, Educational, dated 17th December 1906, the Government ordered that all expenditure in connection with the building subsequent to 1st April 1906 should be met by the Public Works Department and that from the 1st April 1907 a sum of Rs. 480 should be paid annually to the University out of the rent levied by the Public Works

Department from the Collector in accordance with the arrangement sanctioned in G.O., No. 102, Educational, dated 11th February 1904. In G.O., No. 556, Educational, dated 26th August 1907, the Government also ordered that the personal ledger account of the Tamkam bungalow maintained at the Madura treasury should be closed and the balance credited to Provincial funds.

9. The Tamkam bungalow has thus practically become a Government building, subject to the trust which involves an annual payment of Rs. 480 by Government to the University for the maintenance of the Johnston of Carnsalloch scholarships—*vide* paragraph 1 of Mr. Taylor's note, dated 15th May 1907, on page 2 of the notes with G.O., No. 556, Educational, dated 26th August 1907, and no separate account of the receipts and charges of the building is now maintained. In these circumstances it is for consideration whether the University may be informed that as suggested by the University in 1901 the Government have taken over the building and charged upon themselves to pay a sum of Rs. 480 annually for the maintenance of the scholarships and that consequently no separate account of the building is now maintained. It may

be noted that statements showing the receipts and charges of the Tamkam bungalow up to the year 1905-1906

submitted by the Collector of Madura under G.O., No. 412, Educational, dated 20th July 1897, were regularly furnished to the University and that it is only for the period subsequent to the 1st April 1906 when the Public Works Department took charge of the building, that no accounts have been furnished. Under the deed of trust relating to the property, the University seems to have no authority to call for an account of the administration of the trust.

T.K.—12-5-10.

Please see also G.O., No. 503, Educational, dated 2nd September 1909, in which the Registrar of the University was informed, with reference to an enquiry by him, that G.O., No. 827, Educational, dated 17th December 1906, in which the payment of an annual contribution of Rs. 480 to the University, out of the rent of the Tamkam building, for the scholarship, had not been subsequently modified and that it continued in force; and that the University should arrange to draw the annual contribution of Rs. 480. It is not possible to understand how the Syndicate ordered the present reference to be made, unless on the hypothesis that they overlooked the previous orders on the subject.

K. RANGASWAMI AIYANGAR—13-5-10.

I submit that the Syndicate have no claim whatever to inspect the accounts of the Tamkam bungalow. The trust is vested in the Secretary of State represented by Government in the Educational Department, with absolute discretion to dispose of the funds (*vide* trust-deed in G.O., No. 365, Educational, dated 20th June 1902). Owing to the fact that the bungalow had fallen into a state of disrepair, with little prospect of any rent being realised from it, Government in 1904 (G.O., No. 102, Educational, dated 11th February 1904), sanctioned a considerable expenditure on extensive repairs and handed over the bungalow to the Public Works Department which department has, since 1st April 1906, retained the management, subject to the payment of Rs. 480 annually to the University, through the Educational Department. With regard to this sum of Rs. 480, it seems to have been the amount originally fixed by the University, *i.e.*, two scholarships at Rs. 20 each per mensem. But the original rent of the building was only Rs. 100. It is now Rs. 160. Whether this monthly rental, after providing for interest on the expenditure of over Rs. 20,000 on repairs in 1904-1906, has permitted of the accumulation of a fund which should properly be devoted to the purposes of the "Johnston of Carnsalloch" scholarships, is not known in this department.

Though the University, therefore, has no right to demand this information, I submit that it is very desirable that this department, as trustee of the fund, should be furnished with the accounts of the management of the bungalow.

S. H. SLATER—14-5-10.

I agree that the University have no control over us in the matter of the management of the Tamkam property, but we are bound to apply the "clear residue" of the rents and profits to the scholarship fund and it would be as well to ask the Public Works Department for a statement of account since the property was handed over to them, so that we may see exactly how matters now stand.

L. M. WYNCH—18-5-10.

To the Public Works Department.

PUBLIC WORKS DEPARTMENT.

The main facts connected with the history of the Tamkam bungalow, Madura, are summarised below.

2. The property, by a deed of 6th May 1872, was originally vested in the Secretary of State upon trust for the founding and maintenance of two or more scholarships.

3. According to the deed, the management of the trust fund is entirely in the hands of the Secretary of State, the income from the property being devoted in the first instance to the payment of all charges connected with the management and improvement of the premises, and the residue utilised for the payment of scholarships.

4. In 1901, in view of the fact that the bungalow would be shortly given up as a residence for the Collector of Madura, the University suggested the desirability of reconsidering and modifying the terms of the original agreement in one of the following ways:—

(a) that the property be sold and the proceeds credited to the University for the purpose of maintaining as many scholarships as possible, or

(b) that Government should take over the property and guarantee to the University an annual income sufficient to continue the two existing scholarships, viz., Rs. 480 *per annum*.

5. The property was valued at Rs. 8,000 which at $3\frac{1}{2}$ per cent. would fetch only Rs. 280 *per annum*. In the interests of the endowment, the second of the alternatives suggested by the University was adopted, whereby the Government agreed

to improve the building at the cost of Provincial revenues and undertook the payment as far as possible, after the completion of additions to the building, of an annual sum of Rs. 480 for the maintenance of the scholarships.

6. In 1907 the Government ordered that the personal ledger account of the fund at the Madura treasury be closed and the balance credited to Provincial funds.

7. The property was taken over by the Public Works Department from 1st April 1906 and additions and improvements costing Rs. 27,180 was carried out to it from Provincial funds. An estimate of Rs. 2,280 for further additions to the building has recently been approved.

8. The Tamkam bungalow has thus become a Government property subject to the trust involving an annual payment of Rs. 480. There seems therefore to be no question of the application of the "clear residue" of the rents and profits to the maintenance of the scholarships.

9. If however, it is thought, that a separate account of the receipts and charges connected with the fund should be maintained, the question of any "clear residue" to be accumulated towards the scholarship fund cannot, it is submitted, arise until

* Rs. 27,180 + Rs. 2,280—*vide* paragraph 7 above. **A** the expenditure of Rs. 29,460* on improvements to the building incurred from Provincial funds is recovered in full from the rents accruing out of the property.

10. Before the papers are returned to Educational, the Examiner may be requested unofficially to furnish for the information of that Department a statement of the receipts and expenditure connected with the property, since the date it was taken over by the Public Works Department.

P. K. SUBBAIYAR—21-6-10.

Government has agreed to take over and administer the property and has, in the interests of the trust, guaranteed a payment of Rs. 480 for the scholarships. Apparently, however, under the terms of the trust, Government cannot appropriate surplus profits in excess of Rs. 480 *per annum*. In assessing such profits, the total expenditure on maintenance must of course be allowed for and separate accounts will in this case be required.

As regards **A** *supra*, as Government has taken over the property it has to be decided whether Government is to recoup this Rs. 29,460 and other capital expenditure in full from the surplus profits or whether this should not be regarded as invested funds, and only the interest deducted from the surplus profits—the latter is presumably the proper course.

P. HAWKINS—22-6-10.

OFFICE OF THE EXAMINER OF PUBLIC WORKS ACCOUNTS, MADRAS AND C. ORG.

Herewith statement showing the receipts and charges connected with the Tamkam property from 1906-1907 to 1909-1910.

R. SRINIVASA IYER—2-8-10.

STATEMENT of receipts and charges connected with the Tamkam property, Madura, from 1906-1907 to 1909-1910.

Year.	Receipts.	Charges.		
		Original works.	Repairs.	Total
	RS.	RS.	RS.	RS.
1906-1907		..	..	..
1907-1908		2,535	257	2,792
1908-1909		1,480	550	2,030
1909-1910		1,822	277	2,099
Total	..	5,837	2,457	8,294

+ Includes outlay of Rs. 8,494 incurred during 1905-1906 on the estimate of Rs. 27,150 sanctioned in G.O., No. 1207 W., dated 12th November 1907.

+ Includes the sum of Rs. 2-1-2 being balance at credit of the bungalow account before transfer to Public Works Department.

The amount of rent recoverable for the period is, however, Rs. 6,663 as per details below:—

	RS.	A	P.
Rent from 15th January 1907, to 28th February 1907, at Rs. 50 <i>per mensem</i> .	77	6	9
Rent from 1st March 1907 to 31st March 1910, i.e., for 37 months at Rs. 178 <i>per mensem</i> as per G.O., No. 1011 W., dated 20th September 1909.	6,586	0	0
Total	6,663	6	9

* Rs. 6,663—(5,837-2).

The difference of Rs. 828 * represents amount recoverable from the parties concerned as noted below and the Executive Engineer has already been asked to recover the amounts due:—

R. SRINIVASA IYER—2-8-10.

PUBLIC WORKS DEPARTMENT.

The Examiner has furnished a statement of the receipts and charges connected with the Tamkam property from 1906-1907 to 1909-1910.

The file may now be returned to Educational.

P.V.—4-8-10.

P. HAWKINS—9-8-10.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

Please see the Secretary's note at page 4 *supra*.

2. The Examiner, Public Works Accounts, has furnished a statement showing the receipts and charges connected with the Tamkam property from 1906-1907 to 1909-1910—*vide* page 5 *supra*.

3. It is for consideration whether this statement may be furnished to the University of Madras with reference to the request contained in their letter of the 28th April 1910. For the accounts previous to 1906-1907, the university may be referred to the yearly accounts furnished under G.O., No. 412, Educational, dated 20th July 1897, paragraph 2. *Cf.* G.O., No. 438, Educational, dated 21st June 1906.

T.K.—16-8-10.

The questions raised in the Public Works Department notes on page 5 *ante* regarding the maintenance of a separate account of the receipts and charges of the Tamkam bungalow and the recoupment of the sum of Rs. 29,460 spent from Provincial funds on improvements to building from the rent realized from it do not appear to arise at present and it seems unnecessary to consider them.

2. It seems to be enough on the present papers to send a copy of the statement furnished by the Examiner of Public Works Accounts to the university.

K. RANGASWAMI AIYANGAR—19-8-10.

The university has no *locus standi* in this matter, and I submit we may refer them to the previous orders on the subject.

With regard to the utilization of any clear residue arising from the rental of the property, it is clear from the Public Works Department notes at A on page 5 *supra* that the residue is at present a *minus* quantity, assuming that the capital expenditure that has been incurred upon the property is to be recovered from the rental. If, however, this assumption is incorrect, then the only proper charges on the property are—

- The scholarship fund of Rs. 480 a year,
- Interest on the capital expenditure, and
- Ordinary repairs, assessment, etc.

The account furnished by Public Works Department does not show what would be the present net result upon the above calculations.

2. I submit that the question whether the capital expenditure or only the interest thereon is to be recovered from the property is the question to be settled now, and that it may be desirable to take legal opinion on it.

S. H. SLATER—20-8-10.

As I understand these papers, the statement made in Mr. Chadwick's note of 18th May 1907 to the effect that "the Tamkam bungalow has become a Government building, the Government having taken it over at a price of Rs. 8,000 and on condition of paying annually a sum of Rs. 480 on account of the scholarships" is not accurate.

The trust-deed printed in G.O., No. 365, Educational, dated 20th June 1902, Pages 2 to 4 of the Government Order. still remains in full force and effect. Under this, Government, as the trustee, is bound to maintain the building in good order and repair and is entitled to apply the rents and profits towards the expenses of maintenance, repairs and improvements. The "clear residue," to be applied to the maintenance of the Carnsalloch scholarships.

Mr. Pringle put forward the proposal that Government should make itself complete owner of the building by taking the legal steps advised by the Law officers. Sir James Thomson did not like this proposal, and thought it would be wiser in the end for Government to spend its own money in repairs and extensions.

Sir G. Stokes interpreted this to mean that Government should advance the necessary funds and liquidate the charge out of the enhanced rent which could then be levied, and that any surplus could be made over to the University.

A report was accordingly called for as to the present value of the building and the amount required for repairs, etc., and improvements. On receipt of this report, it was ordered in G.O., No. 102, Educational, dated 11th February 1904, that Government would maintain the bungalow in accordance with the terms of the trust-deed. The necessary additions were to be made, but the cost was to be limited to such a sum as would not raise the rent (then Rs. 100) above Rs. 160 *per mensem*. The payment of Rs. 480 for the maintenance of the Carnsalloch scholarships was to be regarded as the first charge on the rents "as far as possible" and maintenance charges "if possible" were to be regulated so as to enable this contribution to be paid.

In the notes to G.O., No. 1749 W., dated 16th September 1905, in which the estimate for additions and repairs was sanctioned, the rent was computed at Rs. 160 *per mensem* on the following basis:—

	RS.
Rent value of original property valued at Rs. 8,000 ..	480
Repairs—3 per cent. on Rs. 8,000; 2½ per cent. on value of additions (Rs. 20,100*) ..	742½
Interest (3½ per cent. on Rs. 20,100)	703½
	12,192½
	160½

The amount due (Rs. 480) to the University on account of the scholarships is provided for annually in the budget under the head 22. EDUCATION—University, and the Accountant-General has orders to place the amount annually at the disposal of the University.

So far as the University is concerned therefore, the Carnsalloch scholarship is fully provided for. The Registrar now asks that the accounts for the fund may be furnished for the last ten years. The last account current was furnished with G.O., No. 438, Educational, dated 21st June 1906. The Registrar may be informed that, since the arrangement arrived at in G.O., No. 102, Educational, dated 11th February 1904 has been given effect to, accounts similar to those last furnished in Government Order of 1906 above quoted have not been maintained and that under G.O., No. 503, dated 2nd September 1909, arrangements have been made to pay the University annually the sum due on account of the scholarship and that there is no surplus accumulated, the amount spent on account of repairs, etc., since 1st April 1906 being greater than the receipts from the same date (*vide* statement at page 5 of the notes to G.O., No. 556, Educational, dated 26th August 1907).

The statement at page 5 *supra* shows that the amount spent on additions, etc., came to Rs. 27,450 instead of Rs. 20,100 and that the amount annually spent on "repairs" has considerably exceeded the allowance made in the rent.

On the same principles as those originally adopted, the rent ought to be Rs. 197 *per mensem*, not 160 as shown below:—

	Rs.
Rent value of original property	480
Repairs—3 per cent. on Rs. 8,000 + $2\frac{1}{2}$ per cent. on Rs. 27,450	926
Interest $3\frac{1}{2}$ per cent. on Rs. 27,450	960
	12)2,366
	197

The question for orders is whether the Public Works Department should be asked to submit a revised data sheet for a revision of rent.

Please ascertain immediately. The District Judge at Madura is charged a rent of Rs. 171 *per mensem* on the bungalow which was built for him.
S. H. SLATER—22-8-10.
Please see G.O., No. 532 W., dated 8th May 1909
K.R.—23-8-10.

L. M. WYNCH—22-8-10.

I agree that we apparently continue to hold the building on trust. We have never taken any steps to divest ourselves of the trust.

It is therefore necessary that we should continue to keep accounts of the moneys spent on the building and the money received from it.

In any case as long as we pay the Rs. 480 to the University, we are and shall be doing more than the trust requires for some years to come.

I think the rent must be revised. The Public Works Department should take steps to revise it. We may tell the University that accounts are not now kept as they used to be, but we may let them have the statement in these notes, and point out that as they get the Rs. 480 now regularly, it is clear from the accounts that Government is giving them more than need actually do under the terms of the trust-deed.

M. H[AMMICK]—27-8-10.

Please draft.

L.M.W.—29-8-10.

The draft order is submitted for approval. If approved, it may be sent to the Financial and the Public Works Departments for acceptance.

S.

With reference to their letter No.1612, dated 28th April 1910 the Syndicate of the University of Madras will be furnished with a statement showing the receipts and charges connected with the Tamkam property from 1906-07 to 1909-10. For the accounts previous to 1906-07, the Syndicate will be referred to the statements of receipts and charges furnished annually under G.O.No.412 Educational, dated 20th July 1897. From the 1st April 1906 when the arrangement sanctioned in G.O. No.102 Educational, dated 11th February 1904 came into force no separate account of the receipts and charges of the Tamkam property ^{have been} is being maintained.

that there is no
accumulated surplus
as surmised by the
Syndicate, and

2. *above referred to, however,*
2. Under the arrangement the University
is now regularly *receiving* ~~getting~~ a sum of
Rs. 480 a year for the maintenance of
the Johnston of Carnsalloch scholarships
and it is clear from the accounts now
furnished *^* that the Government are
giving the University more than they
need actually do under the terms of the
trust deed.

3. Further orders will issue in the Public Works Department for the maintenance of a separate account of the receipts and charges of the Tamkam property and for the revision of the rent now charged for the bungalow.

INSTRUCTIONS FOR THE SECRETARIAT.

- (a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.
- (b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.
- (b¹) For rules regarding printing of notes, see the rules in G.O., No. 1220, Public, dated 30th November 1900.
- (c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.
- (d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.
- (e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

- (a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Deputy Registrar with a remark to that effect.
- (b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Deputy Registrar any instance of incomplete or careless editing.
- (c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.
- (d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.
- (e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.
