ANNUAL REPORT.

We have much pleasure in laying before you the 26th Annual Report of the Anjuman and its doings for the year 1909-10.

THE LAST ANNUAL MEETING.

The last Annual Meeting of the Anjuman was held at the Anjuman Buildings on Wednesday the 24th March 1909 with the Hon'ble Mr. Justice Abdur Rahim in the chair. Our President, The Hon'ble Mr. Justice J. E. P. Wallis, was unable to preside owing to his indisposition. The office-bearers and the Standing and Executive Committees were elected on that occasion. The Hon'ble Mr. Justice J. E. P. Wallis was re-elected as President and The Hon'ble Mr. Justice Abdur Rahim, Messers S.D. Pears and Col. Lavery as Vice-Presidents.

We were re-elected as Joint Secretaries and Mohammad Abdul Kuddus Badsha Sahib Bahadur as Treasurer.

Mr. Pears resigned his office on his proceeding to England on furlough and the vacancy was filled up by the appointment of our old friend Lt. Col. R.F.R. Formby who had returned from England in September last.

COMMITTEE MEETINGS.

During the last year there were 23 meetings of the Standing Committee.

NEW RULES.

The Rules of the Anjuman as revised by the Sub-Committee were unanimously adopted at the last Annual meeting. The strength of the Standing Committee exclusive of the Office-bearers has been reduced to 10 members only.

STRENGTH OF THE SCHOOL.

There were 130 boys on the rolls at the beginning of the year, and 105 boys were admitted during the year and an equal number left the institution. Most of the boys do not seem to realize the fact that they are working against their own interest.

by leaving the place as soon as they know how to chip and plane a piece of wood. The many factories and workshops in Madras are only too glad to offer small wages to them, and most of the boys accept the same with perhaps greater eagerness, than the men are to offer them, which accounts for the large number of admissions and withdrawals, which, to say the least, is a great pity.

TECHNICAL EDUCATION.

The boys in the various standards have worked satisfactorily during the year, and through the kindness of the Director of Industries Government scholarships have been offered to boys of the various standards who should show themselves deserving of the same. Consequently a competitive examination was held at the end of March, and the results were submitted to the Director who has approved of the same. Our boys have fared well in these examinations.

The tone and discipline of the Institution have been maintained as evidenced by the report of the Director of Industries who says "The pupils appear to be well mannered, and the tone and discipline of the Institution creditable to the Superintendent."

No changes have taken place in the working staff during the year.

GOVERNMENT EXAMINATION RESULTS.

The results of the Government Technical Examinations are as follows—

Intermediate Cabinet making—1 boy was sent up who passed in second class.

Elementary Cabinet making—5 boys were sent up of which three passed, one in First class.

Unfortunately one boy who had left the Institution just after his name and fees had been sent in, did not appear though notice had been sent to him, and he was also reminded on the day of the Examination.

Carpet Weaving Elementary Grade—Three boys were sent up of whom one passed; one boy, of whom we had great expectations, unfortunately got into an altercation with another boy during the interval hour, over some trivial matter, and was prohibited from attending.

Drawing Outline Elementary—Two boys presented themselves and both passed.

Design Elementary. Two boys went up and one passed.

WORKSHOPS.

Carpentry Department. The orders in the carpentry department continued to come in steadily during the year, with the result that the total amount of Sales alone amounted to Rs 4753—5—1 (exclusive of ready made stock). The unfinished work in hand on the 31st March was worth Rs 405—12—0

Carpet Department. The receipts from the sale of carpets was Rs. 1170—15—0, while ready made stock and unfinished articles on the 31st March amounted to Rs 220/-

EDUCATIONAL

The Sub-Assistant Inspector of Schools made his Annual Inspection on the 14th and 15th February 1910, and was pleased to make the following remarks:—

"Results on the whole satisfactory. Both the Headmaster and his Assistant are fully qualified. Satisfactory to note that the Anjuman takes much interest in spreading literary and Industrial Education among the Mohammadan forlorn lads, in addition to feeding them and giving them scholarships. I am of opinion that the Anjuman deserves increased grant for their strenuous efforts and satisfactory results."

FINANCE.

Our main sources of income are as usual made up of subscriptions and donations, Government Grant, Sales of articles manufactured, and interest on Government Papers held by the Anjuman. Some of our friends and well wishers have supported us cordially during the past year. The thanks of the

Anjuman are due to Mr. Tifunarayana for his valuable gift of a Fretsaw machine, which was a long felt want in the Anjuman. Our closing balance at the Bank on the 31st March 1910 was Rs 3166-14-7 as against Rs 2038-1-1 for the corresponding date last year.

EXPENDITURE.

Expenditure. The general Education and Technical Education cost Rs. 430-13-4 and Rs. 1102-8-3 respectively. Feeding of the boys cost Rs. 1663-9-6 and the Anjuman spent Rs 1513-11-10 in scholarships to the Carpentry and Carpet boys.

SPECIAL SUBSCRIPTIONS.

In the beginning of March last the following special subscriptions were received towards the subscription fund of the Anjuman. 1. The Hon'ble Mr. Justice J.E.P. Wallis Rs.50, The Hon'ble Mr. Justice Abdur Rahim Rs.50, Haji Mohammad Haneef Sahib Rs.100, Khan Bahadur Walji Lalji Sait Rs.50, S.M.V. Oosman Sahib Bahadur B.A B.L. Rs.25, Messrs A. Hameed Hasan, Khan Bahadur Gulam Mohammed Mahajir and T. Ghansham Singh Rs 10-each. The Anjuman is also indebted to the young members of the Badsha Sahib's family for a handsome contribution of Rs 80-in January last.

WALJI LALJI.

A. HAMEED HASAN.

ANNUAL MEETING.

The Annual Meeting of the Anjuman took place yesterday evening at its premises on the Mount Road, with the Hon'ble Mr. Justice J. E. P. Wallis, the President, in the Chair. Among those present were the Hon'ble the Prince of Arcot, the Hon'ble Mr. Justice Abdur Rahim, Colonel R. F. R. Formby, Mr. Yakoob Hasan, Khan Bahadur Ghulam Mahomed Sahib Mahajir, Hajee Mir Abbas Ali, Mr. Ahmed Mohiddeen Khan Bahadur, Raoof Ahmed Khan Bahadur, Mir Asad Ali Khan Bahadur, Hakeem Zainulabdeen Sahib Bahadur, Mr. A. C. Parthasarathy Naidu, Mr. Abdul Majid Khan Bahadur, Khan Bahadur Waljee Laljee Sait, Mr. S. M. V. Oosman Sahib Bahadur Mr. Rahamatullah Virji Sait and Mr. A. Hameed Hasan.

Mr. Justice Wallis, having been proposed to the Chair, called upon M. A. Hameed Hasan, Honorary Joint Secretary, to read the Annual Report.

HON'BLE MR. JUSTICE ABDUR RAHIM'S
SPEECH.

Mr. Justice Abdur Rahim, in moving the adoption of the Report, said that he felt he ought to make certain observations that occurred to him as regards the work of the year and the progress the institution had been making. One fact on which they could really congratulate themselves was their financial position. There could be no doubt that their financial position was very satisfactory—he might even call it strong—for they carried over a balance of Rs. 1,500 to next year. They had made a fair amount of profit in carpentry and some in carpet weaving. But, of course, an institution like this did not exist for the purpose of making any profit. It existed for the purpose of training boys in useful industries and the industries which the Anjuman encouraged most were carpentry and carpet weaving. In that connection the Report justly laid stress on the fact that it was a regrettable feature that out of 130 boys on the rolls 105 were admitted during the year and an equal number left during the year. The Report remarked,—and it seemed to him with great justice,—that the matter was to be very much regretted, because these boys who had been in the institution for a few months or for a year could not have learnt much. There were a number of boys, about 25 or 30, whom they could claim to be well trained, whereas they ought to have a much larger number. The Anjuman ought to find out some means if possible to retain the majority of boys for a longer period, so that they might

really learn something more than chipping and planing a piece of wood. They ought to learn how to make a better class of furniture and more especially of carpets. He understood that this complaint was not one peculiar to this year, but that a similar want of desire on the part of boys to continue long enough to be able to profit by the institution had been noticed in previous years, and that efforts had been made to remedy the evil, but it was very unfortunate that they had not been able to do anything very effective in that respect. They should try and devise some means by which they might induce boys to stay on longer and in this respect the Anjuman had to ask for the cooperation of the parents and of those Mahomedan gentlemen who had influence with the parents or were able to exercise influence over them. If parents were told that it would really be for the good of the boys themselves that they should stay on longer and accept smaller wages than they could get outside, a larger number of boys might be induced to stay on. Perhaps the Anjuman might, if funds permitted, make the experiment of giving better wages than were being given at present.

The next point he wished to dwell upon was with regard to the examinations. It did not strike him that the results, or rather the number of boys who went up for the Government examinations, was quite satisfactory; they ought to be able to send up more boys. Of the boys who did go he believed the results were satisfactory, but he should like to know why more boys did not go up for the examinations. As regards carpet weaving, he did not find anything in the Report which enabled to say how they had progressed in that direction. Speaking for himself, he thought they ought to pay more attention to this department and that carpet-making ought really to be a feature of an institution like theirs. He did not know how many boys were engaged in the carpet department, but he thought they ought to induce more boys to take to carpet weaving, so that the institution might come to be known as a place where boys were trained for making really Oriental carpets. As regards subscriptions, he was very glad to find, as stated in the Report, that some of the members had really responded to the appeal made to them when it was found that the collections had fallen short of the requisite amount, but he would take the opportunity of impressing upon members that there should be no occasion to make such a special appeal to them. The Anjuman was an institution the benefits of which are largely derived by Mahomedan boys. In fact, it was a really unique institution, which ought to have the cordial support of the Mahomedan community of the whole of this

Presidency. The subscription was not very high but it was a fact that there were many members who had not even paid their rupee subscription for the year. Surely that was a state of things which ought not to be allowed to last. There were 130 boys trained every year in the Anjuman in very useful industries, and in regard to whose future they might be sure they would be kept away from pauperism and crime. Surely charitable gentlemen who were members of the Anjuman ought not to wait for special appeals. Mention was made in the Report of a gift made by Mr. Tirunarayana Chariar. He would like to say that it was a really very useful machine which Mr. Tirunarayana Chariar had presented to the Anjuman, and that they were very grateful to him for his gift. Mention ought also to be made of the gift of Rs. 100 by Hajee Mohamed Haneef Sahib when they were in want of subscriptions entitling them to the Government grant.

Mr. Mir Asad Ali Khan Bahadur seconded the adoption of the Report.

Haji Mir Abbas Ali made the suggestion that in the next year's Report comparative figures should be given, which the Secretary promised to carry out. On the question of inducing boys to stay longer in the Anjuman, he suggested that in addition to offering additional wages a system of granting rewards might be introduced.

The adoption of the Report was unanimously carried.

OFFICE-BEARERS.

On the motion of Mr. S. M. V. Oosman Sahib Bahadur, seconded by Mr. Yakob Hasan, the following office-bearers were appointed:—

The Hon'ble Mr. Justice J. E. P. Wallis, President; the Hon'ble Mr. Justice Abdur Rahim, Colonel R. F. R. Formby, I. A., and Mr. J. C. Molony, M. A., I. C. S., Census Commissioner of Madras, Vice-Presidents; Khan Bahadur Walji Lalji Sait, and Mr. A. Hameed Hasan B. A., LL. B. (Alig) High Court Vakil, Honorary Joint Secretaries; Mr. Mir Asad Ali Khan Bahadur, Treasurer, and Mr. C. P. Ramaswamy Iyer, B. A., LL., Legal Adviser.

In addition to the above office-bearers, the Hon'ble Nawab Sayed Mahomed Sahib Bahadur, Khan Bahadur Raoof Ahmed Khan Sahib "Purtho," Haji Mahomed Haneef Sahib Bahadur, Haji Moulve Ziauddin Mahomed Sahib Bahadur, Mr. T. Ghansham Singh, Mr. S. M. V.

Osman Sahib Bahadur, Mr. Yakub Hasan Sait, Haji Mir Abbass Ali Sahib Bahadur and Khan Bahadur Ghulam Mahomed Sahib Mahajir were elected members of the Committee.

THE PRESIDENT'S SPEECH.

The Hon'ble Mr. Justice WALLIS said that he desired in the first place to express the extreme pleasure which it has given to him, and he was sure to all of them, to welcome the Prince of Arcot, who was the leader of the Mahomedan Community and a most munificent patron of the institution. The Prince did not often honour them with his presence, but gave his assistance in a more substantial manner. It would not be necessary for the speaker to address them at any very great length that evening, for they had had the benefit of some most salutary observations from Mr. Justice Abdur Rahim, who had called attention to certain matters in which the condition of the Anjuman was not so satisfactory as they would desire it to be. Fortunately there were some things on the other side. He thought that as the result of considerable trouble and with the aid of such gentlemen as Mr. Pears and Colonel Formby, who really brought the question forward, they had succeeded in putting the financial system of the Anjuman on a sounder basis, so that they really know more where they were now than they did before. In an institution of that sort, constant effort was necessary if it was to be kept going in satisfactory condition.

There were always drawbacks which they had to fight against, with more or less success. There was the drawback which Mr. Justice Abdur Rahim called attention to, viz. that boys kept on coming in and going away before they had learnt their work. There were a large number of boys who had been in the institution for several years, but still many of them went away before they derived the benefits which the institution was prepared to give them. The Anjuman would only be too glad to consider Mr. Abdur Rahim's suggestion as to better wages. It was a serious question to be tackled with regard to the financial position generally. He also thought that the other suggestion with regard to the offering of special reward was one which should be favourably considered. This year he desired to express the sincere thanks of the Anjuman to their very sympathetic Director of Technical Industries, Mr. Cotton. (Cheers.) No one could have been kinder to them than Mr. Cotton was. Just before going away to take up the exalted position which he was now occupying, Mr. Cotton had been good enough to send him a book containing very admirable

designs of old Oriental carpets which were already in use. Mr. Justice Abdur Rahim had suggested that they ought to devote more attention to this branch, and Mr. Cotton was emphatic on that point. Mr. Cotton had observed that the Anjuman boys showed great natural aptitude for carpet making and that therefore they had excellent material to work upon. Mr. Cotton had said this after inspecting what was being done in other parts of the country. He learnt that afternoon that there were prospects of very excellent orders in the carpet line which they had every hope of obtaining from European buyers.

He was sure also that they had again secured the services of Colonel Formby, who was one of the oldest members of the Anjuman (cheers) and to whose constant interest the institution owed so much. In conclusion, he would say again, that an institution of this sort could only be kept going by the constant effort and the constant interest of all its members, and he hoped that all would join in taking that constant interest during the coming year. (Cheers.)

Mr. Abdul Majid Khan Bahadur proposed, and Hakim Zainulabdeen Sahib Bahadur seconded a hearty vote of thanks to the Chairman, which terminated the proceedings. (*From the Madras Mail.*)

[TRANSLATION OF A SUNNAD GIVEN BY THE CHIEF ULAMA OF
 MADRAS TO THE ANJUMAN-E-MUFID-E-AHL-E-ISLAM,
 MADRAS, AND ITS SCHOOLS AND WORKSHOPS.]

In the Name of the Almighty and Omnipotent

Know All Men by these presents that the business transactions of the Anjuman-e-Mufid-e-Ahl-e-Islam have been minutely observed, scrutinized, and approved by us. Undoubtedly it is a very useful institution, and it is mainly owing to the exertions of its office-bearers that this Association has done, and is doing, a great deal of good to a very large number of Mohamedans. For instance, in so short a period, as it is from the time that this Anjuman was started, many of the ignorant and indolent persons of our religion have been taught to read and write and to work for their livelihood by legitimate means. Great care is also being taken to avoid such things as are against our religion. It is under consideration to start an Arabic School in connection with this Anjuman. The boys are now receiving lessons in religious and general subjects and in following trades, carpentry, turning, embroidery, carpet-manufacturing, etc. To encourage these students in their several industries, a suitable breakfast is given every morning to every one of them, and daily wages are given according to their attainments and, in addition to these, a substantial dinner is also given to all the boys that are engaged in the carpet, and advanced boys in other departments. By doing so, many illiterates have been made to study, and many poor and needy that were found starving here some years ago have now acquired the means of earning their bread. As the object of this Association is to increase the number of students and to help the needy as much as it lies in its power, pecuniary aid from various sources is indispensably needed, and without it the Anjuman can do nothing. We therefore recommend rich well-to-do and benevolent gentlemen to try as much as they can to help this Association so that it may be able to aim at higher objects of charity which it has in view. Oh! Mohamedans, assist mutually, towards good and charity, and remember the saying of the prophet that the

faithful is for the faithful, as one brick is for the other in strengthening the foundation. We have nothing more than this to bring to the notice of the public.

The Anjuman-e-Mufid-e-Ahl-e-Islam

The Institution known as "Anjuman" was started in 1884 with the object of giving poor Mohamedan boys a sound, general and technical education.

The Anjuman's School and Workshops are situated at 2-190, Mount Road, Madras, and are open daily excepting Sundays from 7-30 A. M. to 5-30 P. M.

Carpet-weaving, carpentry, turning, cabinet-making and polishing are taught at the Institution; well-trained Maistries and Instructors are employed, so that excellent work is turned out. A small stock of furniture and carpets may be seen on the premises. Estimates will be furnished and orders executed without delay. It should be borne in mind that articles are not made and sold with a view of making a large profit, but with the sole object of teaching boys a trade. As an aid to the scholars, a breakfast of hoppers and a substantial dinner are given to all. Scholarships are given according to attainments, and these increase as the lads progress in knowledge of their trades.

The Institution is supported by the leading Mohamedans in Madras and by many other gentlemen interested in the community and in technical education. It is managed by an English Manager who has an expert knowledge of the trades taught in the Institution; the whole of the work and accounts are controlled by thoroughly representative Standing and Executive Committees. The accounts are under the strict supervision of the Committees, of the Public Auditor and of Government in the Educational Department, so that subscribers may feel satisfied that their money is expended with care and economy.

Residents of the Madras Presidency and others are earnestly requested to contribute towards the support of this useful Institution, which has already turned out more than 700 boys able to earn their living; 130 boys are now being educated and trained.
