GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers :—

I

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 24th August 1910.

No.—Ref. on Cur. 4392.

I have honour to submit the enclosed plans with estimate, amounting to Rs. 28,530, for the construction of a new building for the S. P. G. High School, Trichinopoly, and to recommend that, under Rule 51 of the Grant-in-Aid Code, a third grant of Rs. 9,510 may be sanctioned to be paid when funds are available.

2. The accommodation now provided is insufficient for the growing strength of the institution.

ENCLOSURES.

(i)

Remarks of the Inspector of Schools on accommodation in the year 1907-1908.

Accommodation.—Unsatisfactory.

T. T. LOGAN,
Inspector of Schools,
V Circle.

1908-1909.

Accommodation.—Inadequate and unsatisfactory. Provision for a Science Laboratory and a demonstration room will have to be made. The plan of the proposed building was shown to me by the Manager and suggestions were made as required in Proceedings No. 1521 of 25th February 1908 for improving the accommodation. The two separate blocks where the lower forms and the preparatory classes are now held may be demolished and a new building as proposed may be constructed. The main building may be thoroughly repaired the floor being cemented.

HERBERT CHAMPION,
Ag. Inspector of Schools,
V Circle.

7th January 1909.

1909-1910.

Accommodation.—Arrangements are being made for the erection of a three-storeyed building to contain 18 rooms. It is suggested that the requirements of science, drawing and practical work in mathematics be borne in mind. A better room for the teachers is also desirable. This building will improve matters greatly and it is to be hoped that the difficulties which have arisen with the Municipality will be overcome so that the work may be begun. The Manager intends applying for a grant. As it is, the classes are scattered and some of the rooms are unsuitable.

Ag. Inspector of Schools,

Letter—from the Rev. ALLAN F. GARDINER, M.A., Principal, S. P. G. College, Trichinopoly.

To—the Director of Public Instruction, Madras (through the Inspector of Schools, VI Circle, Tanjore).

Dated—the 7th April 1910.

No.—178-C.

I have the honour to send you by to-day's post the plan and estimate of the proposed building of the High School. At present I have proposed to build up to the first floor only at a total cost of Rs. 28,530 and I have applied to the Government for a one-third grant of Rs. 9,510 under Chapter VIII, Rule 50 of the Grant-in-Aid Code.

The school has not drawn any building grant for the last 20 years and upwards and the necessity for the proposed building has been felt for the last seven years. The Inspecting Officers have invariably remarked upon the inadequate accommodation of our classes.

Will you kindly forward this application to the Director with your strong recommendation for the sanction of the grant applied for?

I should be much obliged if this scheme could be put into execution with the least possible delay, and I trust that the sanction of the plans submitted and the grant applied for will be obtained at an early date.

II

Note by the Chief Engineer Public Works Department, dated 4th November 1910.

The Director of Public Instruction submits estimates amounting to Rs. 28,530 and Rs. 39,000 for building a High School for the S. P. G. at Trichinopoly with two and three storeys, respectively, together with three tracings bearing no distinctive numbers.

The plans and estimates have been scrutinised and necessary corrections have been made in the Chief Engineer's office. The pressures on the masonry in certain places indicated in red on the accompanying blue print made in the Chief Engineer's office are found to be excessive for brick in mortar, and provision is now made for building these portions of the building in brick in Portland cement.

The pressure on the soil is found to be about 2 tons. The Superintending Engineer should satisfy himself that the foundations provided are suitable.

The plans and estimate as submitted did not specify the sizes of girders, nor did they contain the necessary calculations. The sizes are now figured on the plans.

The timber is specified as "country wood." One of the timbers mentioned in Circular Memorandum No. 2040 C., dated 27th April 1909, as applicable to the Table I in Circular Memorandum No. 234 C., dated 9th January 1908, should be used for all structural timbers.

The amount of the estimate has been increased from Rs. 39,000 (for the three-storeyed building) to Rs. 42,700 in the Chief Engineer's office.

With these remarks the estimate amounting to Rs. 42,700 is recommended for sanction.

F. J. WILSON,
Chief Engineer, P.W.D.

Order—No. 646, Educational, dated 12th November 1910.

The Government are pleased to sanction a grant not exceeding one-third of the actual expenditure, nor exceeding Rs. 9,510 towards the cost of constructing a building for the S. P. G. High School, Trichinopoly, subject to the following conditions:—

(1) that in carrying out the work the suggestions of the Chief Engineer in his note read above are adopted;

(2) that the work is completed before the 29th February 1912;

(3) that a certificate of the actual expenditure incurred on the work is submitted before the 15th March 1912;

(4) that all other conditions prescribed in the Grant-in-Aid Code have been duly complied with.

2. On the above conditions being fulfilled the grant will be paid as funds become available.

NOTES CONNECTED WITH G.O., No. 646, EDUCATIONAL,
DATED 12TH NOVEMBER 1910.

[SUBJECT.—*Application for a building grant of Rs. 9,510 for the S.P.G. High school, Trichinopoly.*]

From the Director of Public Instruction, dated 24th August 1910, No. 4392.

The plans and estimate may be forwarded to the Public Works Department, u.o for scrutiny.

P.R.—2-9-10.

T.K.—2-9-10.

S. H. SLATER—3-9-10.

To the Public Works Department.

PUBLIC WORKS DEPARTMENT.

The plans and estimate have been scrutinized in the Chief Engineer's office and his remarks are embodied in a note.

The work can be carried out in about twelve months if materials are ready.

P.K.S.—3-11-10.

P. HAWKINS—4-11-10.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

The idea is to construct a three-storied building at an estimated cost of Rupees 39,000. The management of the school, however, proposes to build at present only up to the first floor and this portion of the building is estimated to cost Rs. 28,530. The manager therefore applies for a grant of one-third of Rs. 28,530 or Rs. 9,510 which is the maximum admissible under article 51 (i) of the Grant-in-Aid Code. The Director of Public Instruction recommends that this amount may be sanctioned.

2. The draft order placed below is submitted for approval.

P.R.—10-11-10.

The Public Works Department state that the work can be finished in twelve months, if materials are ready. The latest date for the completion of the work has been fixed in the draft order as the 29th February 1912, so as to allow a margin of about three months for the collection of materials.

K. RANGASWAMI AYYANGAR—10-11-10.

The accommodation at this school has long been pronounced unsatisfactory, and the proposed grant seems justified. The draft is for approval.

C. A. INNES—10-11-10

I went over this school in August. The grant should be sanctioned.

INSTRUCTIONS FOR THE
SECRETARIAT.

(a) If a paper is marked to be printed
urgently, the Superintendent of the section
concerned should sign the Press slip. The
Superintendent should exercise a careful discre-
tion in the matter.

(b) Each letter, memorandum, or order, or set
of orders, in the file of correspondence should be
headed in succession with the Roman numeral I,
II, III, etc., the number being written in red ink
or blue chalk above the item. The particular
papers to be printed in the special issue-copies
should be indicated by the Roman numeral (I,
II, etc.) by which that item has been headed in
the correspondence file. All matter, including
marginal remarks or references, to be printed
should be written in ink and matter which should
not be printed should be encircled. Initials and
signatures that are not quite legible should be
re-written distinctly.

(b¹) For rules regarding printing of notes,
see the rules in G.O., No. 1220, Public, dated
30th November 1900.

the Press to keep matter standing for a specified
period, ordinary papers of 8 pages and under
will be kept standing for one week, and larger
papers for two weeks only. The type of notes
and of all confidential papers is distributed
immediately after striking.

(e) This slip, properly and completely
filled in, should accompany every paper sent to
Press; it will be returned by the Press when
proofs are furnished; it should be sent to the
Press when a call is made for revised proofs or
when a corrected proof is sent for striking.
When finally returned by Press it should be
filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of
the Press, a paper has been marked urgent
unnecessarily, he should send the Press slip to
the Deputy Registrar with a remark to that
effect.

(b) Unless a note to the contrary is made
against the matter, pencil entries should not
be printed. The Superintendent of the Press
may bring to the notice of the Deputy Registrar
any instance of incomplete or careless editing.

(c) Signature copies of letters to the
Secretary of State or to the Government of
India should be printed on hand-made paper.

(d) This slip should be returned by the Press
to the Secretariat when proofs are furnished; it
will be sent back to the Press when proofs
are returned corrected and should be finally
returned to the Secretariat when struck-off
copies are supplied.

(e) The names of the Secretary and Members
should be printed in full when they occur on
the right hand side, but only the first time when
they appear on the left side, the initials alone
being printed later.
