GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper :—

Letter—from F. DEWSBURY, Esq., B.A., LL.B., Registrar, University of Madras.
To—the Secretary to Government, Educational Department.
Dated—Senate House, the 2nd November 1910.
No.—3039.

I have the honour, by direction of the Syndicate, to submit, for the sanction of Government, under section 25 (1) of the Indian Universities Act, 1904, the following alterations in the regulations proposed by the Syndicate and accepted by the Senate at its meeting held on the 21st October 1910 :—

(i) In Regulation 270 (last paragraph), the words "group of part II for the degree in Arts of this University" be *substituted* for the words "group for a degree in Arts".

(ii) In Regulation 280, paragraph 1, *omit* the last word "if" and *substitute* the following for the existing sections (a) and (b) :—

"(a) in the case of a candidate who is exempted in two out of the three subjects, if he obtains 50 per cent. of the maximum marks allotted to the third subject.

"(b) in the case of a candidate who is exempted in only one out of the three subjects, if he obtains one-third of the maximum marks in each of the remaining two subjects, and half of the total maximum marks for both."

2. In regard to the proposed alteration in Regulation 270 (2), I am to explain that the wording of the regulation, so far as it refers to "candidates who have passed in the Physical Science and Natural Science group for a degree in Arts" was intended to exempt those candidates who have not yet passed in Part I, English Language and Literature, but have already passed in the Physical Science or Natural Science group of Part II for the B.A. degree of this University as laid down in Regulation 190. That being so, the alteration has been proposed in view to bringing the wording of Regulation 270 (2) into line with Regulation 190 for the Arts degree.

3. In regard to Regulation 280, the question of the desirability of amending it came to notice at the first M.B. & C.M. Examination of 1910. A graduate in Arts of the Calcutta University had asked for exemption from passing in Chemistry under Regulation 270 (2) and the Syndicate granted the exemption. He accordingly appeared in Physics and in Biology; but though he passed in the former subject he failed in the latter, and so he failed in the whole examination; but had he not failed in Biology, the Board of Examiners would have had to face an unforeseen difficulty as there is no regulation under which he could have passed. Regulation 280, as existing at present, provides for the passing of candidates who are exempted in (a) Physics and Chemistry, or (b) Biology; but there is no provision for passing a candidate who may be exempted only in Chemistry or Physics. When the regulations were framed the case of candidates who are Arts graduates or Science candidates of this University only was evidently kept in view, but it is now found necessary to enlarge the scope of Regulation 280 in the manner proposed.

Order—No. 673, Educational, dated 24th November 1910.

Under section 25 (1) of the Indian Universities Act, 1904, the Government sanction the alterations proposed in Regulations 270 and 280 of the University Regulations.

NOTES CONNECTED WITH G.O., No. 673, EDUCATIONAL,
DATED 24TH NOVEMBER 1910.

[SUBJECT.—*Alteration in the University Regulations.*]

From the Registrar, University of Madras, dated 2nd November 1910, No. 3039.

Under section 25 (1) of the Indian Universities Act, 1904, the Syndicate of the University of Madras applies for the sanction of Government to certain alterations in Regulations 270 and 280 of the University Regulations.

2. Under Regulation 270 candidates for the degree of M.B. and C.M. are required to have passed the Intermediate Examination of this University or an examination accepted as equivalent thereto or an examination recognised by the General Medical Council of Great Britain. Candidates who have passed the examinations for the degree of Arts in the Madras University, or a part thereof, which can be passed only after passing the Intermediate Examination, are therefore eligible under the above Regulation to appear for the M.B. and C.M. Examination. In respect of these candidates, the second part of Regulation 270 provides that "Graduates in Arts or candidates who have passed in the Physical Science or Natural Science group for a degree in Arts shall not be required to pass in any of the subjects laid down for the first examination (that is either in Chemistry, Physics or Biology prescribed for the first M.B. and C.M. examination) in which they may have already passed at the examination for their degree."

- (ii) B. Do. Chemistry,
- (iii) Natural Science,
- (iv) Logic, Psychology and Ethics,
- (v) History and Economics, and
- (vi) Two languages (other than English).

and under Regulation 194 a candidate for the B.A. degree may pass the examination in each part separately.

4. The Syndicate states that the words "candidates who have passed in the Physical Science and Natural Science group for a degree in Arts" in paragraph 2 of Regulation 270 were intended to refer to candidates who have not passed in Part I, English Language and Literature, but have passed only in Physical Science or
