GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper :—

Letter—from F. DEWSBURY, Esq., B.A., LL.B., Registrar, University of Madras.
To—the Secretary to Government, Educational Department.
Dated—the 1st November 1910.
No.—8024.

I have the honour, by the direction of the Syndicate, to submit to Government for sanction the following proposed alterations in Regulation 347 :—

(i) Add to clause (b) the words “and that due proportion is maintained between the number of the staff and that of the students under instruction”.

(ii) Add to clause (c) after the word “suitable” the words “that each lecture room is well lit and ventilated, and that it affords adequate accommodation for the number of students taught in it”.

(iii) Omit in clause (i) the sentence commencing with the words “the application” and ending with the words “not exceed 150”.

2. I am instructed to state that, in view of applications received from Affiliated Colleges for the special permission of the Syndicate to allow a small increase to the limit of 150 students in one class as prescribed under the present Regulation 347 (i), a Committee was appointed by the Syndicate to consider this Regulation with a view to its alteration, and that the alterations now proposed were the recommendations of that Committee.

3. The Syndicate is of opinion that a numerical limit to the number of students in a class is unnecessary, provided that the accommodation and staff are in proportion to the size of the class, and that therefore the present restriction of the numbers of any class to 150, which causes inconvenience both to the students and to the College authorities, may be removed.

Order—No. 687, Educational, dated 30th November 1910.

The Government sanction the proposed alterations in Regulation 347 of the University Regulations. The Regulation, as revised, is printed as an appendix to this order.

(True Extract.)

L. DAVIDSON,
 Ag. Secretary to Government.

To the Registrar of the University of Madras.
 „ Director of Public Instruction.

APPENDIX.

347. A college applying for affiliation to the University shall send a letter of application to the Registrar, and shall satisfy the Syndicate—

(a) that the college is to be under the management of a regularly constituted governing body on which, except in the case of a Government college, the teaching staff is represented ;

(b) that the character and qualifications of the teaching staff and the conditions governing their appointment and tenure of office are such as to make due provision for the courses of instruction to be undertaken by the college, and that due proportion is maintained between the number of the staff and that of the students under instruction.

(c) that the buildings in which the college is to be located are suitable, that each lecture room is well lit and ventilated and that it affords adequate accommodation for the number of students taught in it, and that provision will be made, in conformity with the regulations, for the residence, in the college or in lodgings approved by the college, of students not residing with their parents or guardians, and for the supervision and physical welfare of students ;

(d) that due provision has been or will be made for a library ;

(e) where affiliation is sought in any branch of experimental science, that arrangements have been or will be made, in conformity with the regulations, for imparting instruction in that branch of science in a properly equipped laboratory or museum ;

(f) that due provision will, so far as circumstances may permit, be made for the residence of the head of the college and some members of the teaching staff in or near the college or the place provided for the residence of students ;

(g) that the financial resources of the college are such as to make due provision for its continued maintenance ;

(h) that the affiliation of the college, having regard to the provision made for students by other colleges in the same neighbourhood, will not be injurious to the interests of education or discipline ; and

(i) that the college rules fixing the fees (if any) to be paid by students have not been so framed as to involve such competition with any existing college in the same neighbourhood as would be injurious to the interests of education.

The application shall further contain an assurance that after the college is affiliated any transference of management and all changes in the teaching staff shall be forthwith reported to the Syndicate.

NOTES CONNECTED WITH G.O., No. 687, EDUCATIONAL, DATED
30TH NOVEMBER 1910.

[SUBJECT.—*Amendments to Regulation 347 of the University Regulations.*]

Previous paper.

G.O., No. 841, Educational, dated 27th December 1906.

From the Registrar, Madras University, dated 1st November 1910, No. 3024.

Vide University Calendar for 1910. Regulation 347 of the University
Page 79 of G.O., No. 841, Educational, dated 27th December 1906. Regulations (original Regulation No. 349) runs :—

“A college applying for affiliation to the University shall send a letter of application to the Registrar, and shall satisfy the Syndicate—

(a) “that the college is to be under the management of a regularly constituted governing body on which, except in the case of a Government college, the teaching staff is represented ;

(b) “that the character and qualifications of the teaching staff and the conditions governing their appointment and tenure of office are such as to make due provision for the courses of instruction to be undertaken by the college ;

(c) “that the buildings in which the college is to be located are suitable, and that provision will be made, in conformity with the Regulations, for the residence, in the college or in lodgings approved by the college, of students not residing with their parents or guardians, and for the supervision and physical welfare of students ;

“ * * * * *

“The application shall further contain an assurance that after the college is affiliated any transference of management and all changes in the teaching staff shall be forthwith reported to the Syndicate.

“The application shall also contain an assurance that, except with the special permission of the Syndicate, no college professor or lecturer will be allowed to lecture to a class or section of a class, which has in its rolls more than 150 students and if two classes are combined, the joint number on the rolls shall likewise not exceed 150.”

2. This regulation, it will be observed, is almost a repetition of sub-section (1) of section 21 of the Indian Universities Act, 1904. The last paragraph of the Regulation fixes the maximum number of students in a class to whom a professor or lecturer can lecture at 150.

3. The Syndicate of the University proposes to omit this paragraph, as it considers that a numerical limit to the number of students is unnecessary, provided that the accommodation and staff are in proportion to the size of the class. The proposal has been made on the recommendation of a committee appointed to consider the question and may, it is submitted, be accepted. Please see in this connection the remarks at the top of page 184 of the notes to G.O., No. 841, Educational, dated 27th December 1896. The additions made to clauses (b) and (c) of the Regulation may also be sanctioned, as they are rendered necessary by the omission of the last paragraph of the Regulation. The alterations are indicated in pencil on page 79 of G.O., No. 841, Educational, dated 27th December 1906.

No. 687, EDUCATIONAL, 30TH NOVEMBER 1910.

4. A draft order is placed below for approval.
5. The file may first be sent u.o. to the Director of Public Instruction for remarks.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

I originally proposed the alterations on the grounds that—

(1) In practice the limitation of a class to 150 students applies only to English teaching.

(2) So far as lecturing is concerned it matters little whether the class is 150, 200, or even 250 strong.

(3) The arbitrary limitation resulted in the case of the Presidency College in our having to keep some of the classes in the science subjects below strength because all students in them have to take English.

(4) The Regulations did not enforce the provision of a sufficient staff for supervising students reading and dealing with their written exercises in English—matters perhaps more important than lecturing—nor of science demonstrators.

(5) It seemed necessary to give some indication of the meaning of "suitable" as applied to college buildings in view of the deletion of the 150 rule which was intended to prevent overcrowding in class rooms.
