881. C. 1892
Mangalore,
23rd Sept
October, 1910.

To

His Excellency, Sir Arthur Lawley, K.C.M.G., G.C.I.E.
Governor of Madras.

The humble Memorial of Rev. Fr. Simon Stock of ST. Joseph T.O.C.D.,
Superior of the Carmelite Hospice, Jeppoo, Mangalore.

Most respectfully sheweth, - That the Carmelite Order founded with the prime end of promoting and encouraging moral and mental education, which it successfully advances in many parts of the Presidency, has instituted a house of students in Mangalore, to train her young members under the Jesuits that they may be able to further the interests of the Order, in due time, with greater success.

That as the founders of this institution did not at the time, entertain the idea of perpetuating it, and as no better abode could then be procured, the present house was placed at the disposal of the students by some sympathising friends for a temporary use; and that owing to the innumerable and daily-increasing disadvantages and trials necessarily connected with it, the inmates can no longer pull on their hard life in this house. That as this house was originally intended and constructed long ago as a poor shed for the aged and the infirm, its position is unhappily largely insular, its roof unavoidably low, its provision for light and ventilation positively bad and consequently in summer it may be said to store up heat and in winter dampness.

That as a natural effect the health of a large number of students who have to spend most of their time in mental work, has been greatly undermined, if not, altogether shattered; so much so, that two of

from have been compelled this very year, which is an annual occurrence, to quit the house by reason of ill-health, before completing their studies to the great detriment of the whole Order. That owing to the want of place those who fall sick are, as has often happened, miserably obliged to find accommodation together with the others in the same room to the great prejudice of the whole Community. That as a matter of fact only a few weeks since, a fever attacked one of the students and all the rest contracted it one from another almost simultaneously the consequences of which are still severely felt. That moreover the number of students has been so rapidly increasing that more than twice the number is forced to put up in this house at present, and that it will increase still more in the near future. That owing to the situation of the house they have to draw all the water required for such a great Community from a distant well, and in summer from another still more distant about half a mile from the house. That as the house with its premises does not extend more than half an acre, the inmates are put to great difficulties in their daily life especially for want of the necessary requirements for physical exercise; and that as all this is only for use for a limited period, they will have to make room for the owners as soon as it pleases them. That thus sadly wanting in every advantage, and the very necessities of life, the erection of a new house has become inevitable. The most moderate estimate which together with the plan shall be readily submitted, it wanted, goes upwards of twelve thousand (12,000) Rupees for the main building, capable of meeting the present necessities, besides the cost for the site and other expenses for the secondary buildings. That this institution being destitute of any funds or local income whatever, unwilling to begin the work but exclusively depending

on public charity, even to keep body and soul together, Your humble memorialist appealed to H. E. the Viceroy for a helping hand who after taking an official report advised him to apply to the Local Government for a grant, a copy of which is enclosed herewith. That your humble memorialist, therefore, makes bold to approach Your Excellency with most firm confidence and apply for a moiety at least of the estimate from the Government. That he entertains a firm hope of collecting the other moiety though with extreme difficulty from charitable men and especially from the native States of Travancore and Cochin, where the members of the Order are working as in other parts of the Presidency, both of which will be moved only by the example of the Local Government wherein this house is seated, and that consequently a denial at your Excellency's hands will certainly frustrate all his endeavours and hopes. That in fine this grant will be a new incentive and perpetual monument to spur on your Excellency's humble subjects the inmates of this house both present and future, to fulfil and promote the most sacred duties to the state. - And your humble memorialist as in duty bound, shall ever pray. That all this in fine, can be ascertained by taking a report through the Local Government.

Dear Sir,

I am sorry I have not been able to answer your letter of the 22nd March earlier, but I am now directed to say that His Excellency the Viceroy's private charity list is already a long and heavy one and it is regretted that he is unable to add to it. Should your intention be to ask for a grant-in-aid for your institution from Government, I am to say that you should address the Local Government in the matter.

I beg leave to bring to your kind notice that I had sent a memorial dated 23rd September 1910 to His Excellency the Governor, on behalf of our Students' Honor, Mangalore, and I was made to understand that it will be duly dealt with by the Government through the educational Secretary.

But as I have not yet received any reply from you and as our bad difficulties are daily increasing I take the liberty to beg of your kind sympathy and generosity to take the matter into your kind consideration and render us some relief in our present straits.

I may say once more that the help of the Government will be an encouragement to begin our work and a sanction to raise some alms from the public to complete the same.

Though our institution does not come directly under secular education yet in consideration of our extraordinary critical position we make bold to presume that we shall meet with a ready compliance at your bountiful hands.

Thanking you in anticipation.

Sir,

I have the honour to return endorsement No. 1892-1
Educational, dated 18th October 1910, and to say that the
Carmelite Students Home, Mangalore, is purely a private
religious institution and that it is not eligible for any
aid under the provisions of the Grant-in-aid Code since,
although it to some extent performs the functions of a
teachers' training institution, it does not conform to
departmental requirements.

2. The Assistant Inspector of Schools, Canara
Division, who was deputed to visit the Students Home
reports as follows:-

members for service in the several carmelite monasteries in Malabar and Cochin. There are at present 16 students and three teachers living in the monastery. Of the 16 students, 14 are brothers and 2 aspirants to the order. For purposes of general and University Education, the two young aspirants to the order are attending the St. Aloysius College:- A.J. Vurghese, 18 years of age in the senior Intermediate class, and K.C. Mathew, 17 years of age in the Junior Intermediate class. Deducting these two aspirants, there are 14 students who are called brothers and wear the Insignia of the order:-

to these classes. The third teacher, Father Mathew takes all the students in Spiritual subjects.

The monastery in Mangalore gets practically no pecuniary help locally. All its expenditure is defrayed by the Superior General of the Order who resides at the St. Joseph's Convent at Kunnumavar (P.O. Verapoly), which office is at present held by the Very Rev. Father Basil. The total expenditure defrayed by him in connection with the Mangalore Monastery during 1908 was Rs. 2,245-6-11 and Rs. 2,812-13-9 during 1909, which excludes fees paid on behalf of students for general and University Education.

The object of the monastery in Mangalore is to supply trained priests and teachers to about 10 monasteries in various parts of Malabar and Cochin, which maintain 2 high schools, 3 middle schools and 10 elementary schools. In the above full answers are given to points i, ii, and iv in your Order. As regards point iii, I went over the whole house and I am quite satisfied that it is quite a wretched building as it offends against almost all rules of hygiene - darksome, hot in Summer, wet in the monsoon and ill-ventilated. The description given of the building by Father Simon Stock is never an exaggerated picture. As regards the remaining point V, I cannot say that the Grant-in-aid Code applies to this institution. It is not intended for public instruction except so far that the residents in the monastery look forward to become priests and teachers in parochial schools attached to their several monasteries.

encouragement for the graceful, religious and spiritual work for which it prepares its members. It appears to me that the Superior appealed to the Viceroy for aid with the hope that a subscription list headed with donations from the Viceroy himself will circulate most successfully."

The Superior of the Carmelite Hospice at Mangalore applied in March last to His Excellency the Viceroy for pecuniary assistance towards the construction of a house for Jesuit Missionary students at Mangalore. The Government of India referred the application to this Government and desired to be informed whether the institution was a deserving one. After obtaining a report on the subject from the Collector of South Canara, this Government reported that the institution deserved help and encouragement - Vide G.O.Nos. 329 and 330 Educational, dated 7th June 1910.

2. The Private Secretary to the Viceroy then informed the Superior of the Carmelite Hospice that His Excellency the Viceroy was unable to make a grant from his private purse and advised him to apply to the Local Government, if his intention

Vb

was to ask for a Grant-in-Aid for his institution.

3. In accordance with the above suggestion, the Superior now applies for a half grant from ^{Government} ~~Government~~ towards the cost of constructing the Students' Home, which is estimated at

Rs.12,000. The 'Carmelite Hospice' is a home

for the Native Syrian Christian students from

Travancore, Cochin and other places who come

to Mangalore to prosecute their clerical studies

at St. Joseph's Seminary. Under Article 51 of

the Grant-in-Aid Code, a grant not exceeding one

third of the total cost may be given towards the

erection of hostels or boarding houses for

students attached to Educational institutions."

The building which it is proposed to construct

is intended for the accommodation of students

attending the St. Joseph's Seminary, which is

itself not eligible for grants under the Grant-

in-Aid Code - Vide Article 1 ^{of the Grant-in-aid Code} as the education

given therein is 'religious' and not secular.

The seminary not being thus eligible for grant,

the Students' home attached to it cannot come

within the purview of Article 51 of the Grant-

in-Aid Code. If the Government decide to make a

grant

The institution does not seem eligible for any grant from public funds as its object according to the Collector's report is to provide a home for certain Syrian students coming from native States to manipulate to promote their clerical studies in a Theological Seminary.

The D.P.I. submits his report on the Carmelite Students' Home, Mangalore. He states that the Students' Home is purely a private religious institution and that it is not eligible for any aid under the Grant-in-Aid Code.

2. This report was called for with reference to H.M.'s orders on pages 3 & 4 supra.

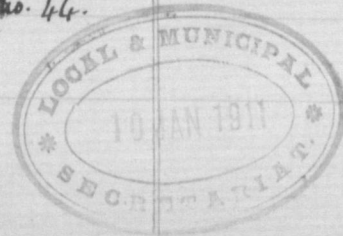

T.B.
30-12-10

The object of the monastery ^{at Mangalore} is stated to be to supply trained priests and teachers to about ten monasteries in various parts of Malabar and Cochin, which maintain two high schools, three middle schools and ten elementary schools. Mr. Shane considers that altho the Carmelite Hospice to some extent performs the functions of a teachers' training institution, it is not eligible for grant under the Grant-in-aid rules as it does not conform to departmental requirements. If therefore any help is to be given to this institution under the grant-in-aid rules, it can only be done on the

the understanding that the management conforms to departmental requirements

~~AD~~
31-12-10 I do not think
that we should give
any grant under the Educational
Codes to this institution.
Primarily it is a religious
institution, & it appears to
combine a maximum of
sectarian instruction with a
minimum of sound secular
education. Further I do not
think that the management
could ever be got probably to
conform to departmental require-
ments. The proper way to
help the inst. w^d be to give
it a purely charitable grant,
& I doubt if the Govt. warrant
such a grant. I would express
opⁿ that the Govt. are unable
to sanction any grant under
the Grant-in-aid Code & therefore
to avoid financial assistance to
a institution.
