Letter—from H. G. STOKES, Esq., Deputy Secretary to the Government of India,
Home Department (Education).
To—the Secretary to the Government of Madras, Educational Department.
Dated—Simla, the 20th August 1910.
No.—874.

The Government of India have recently had occasion to examine the statistics which are at present available regarding the condition of education in municipal areas, and find that they are in some respects very incomplete. They would therefore be glad to be furnished with the information indicated in the three statements which are appended to this letter, in respect of all municipalities in the Madras Presidency which have, according to the last census, a population of over 50,000.

2. The Government of India also desire to know first whether the provincial Education Department contributes any money towards primary schools in municipal areas, in addition to the expenditure on such schools which may be shown in the above statements as incurred by municipalities, and, if so, the amount thus expended in connection with each of the municipalities included therein, as also any explanation which may be necessary regarding the system upon which such expenditure by the Education Department is incurred; and, secondly, whether the amounts shown in the statements as expended by the municipalities include any sums derived from Provincial Revenues by way of contributions for educational purposes, together with any explanation that may be necessary as to the system upon which such contributions are made and the extent to which any part of them is contributed specially in respect of primary education as distinguished from the purposes of education generally.

II

Memorandum No. 1715-1, Educational, dated 10th September 1910.

With reference to the enclosed letter from the Government of India in which they call for certain statistics regarding the condition of education in municipal areas, the Director of Public Instruction is requested to furnish information on the point whether the Educational Department in this Presidency contributes any money towards primary schools in municipal areas, in addition to the expenditure on such schools which may be incurred by municipalities and, if so, the amount thus expended in 1909-1910 in connection with each of the municipalities which has, according to the last census, a population of over 50,000, as also any explanation which may be necessary regarding the system upon which such expenditure by the Educational Department is incurred.

L. M. WYNCH,
Secretary to Government.

To the Director of Public Instruction.

III

Memorandum No. 3376-1 M., dated 21st September 1910.

The President of the Corporation of Madras is requested to furnish information on the following points at an early date :—

(i) The total cost to the Corporation of the Chetpat Municipal school during 1909-1910, exclusive of the cost of general instruction in drawing, gymnasium and kindergarten;

(ii) the actual amount paid during the year as salaries to the teachers of the above school; and

(iii) separate figures showing the grants paid to aided schools for boys and girls respectively in 1909-1910.

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., Acting Director of Public Instruction, Madras.
To—the Secretary to Government, Educational Department.
Dated—the 19th October 1910.
No.—Ref. on Cur. 6118.

With reference to Government Memorandum No. 1715-1, Educational, dated 10th September 1910, I have the honour to state that article 5 of the Grant-in-Aid Code, as amended by G.O., No. 800, Educational, dated 2nd December 1908, provides that teaching grants on behalf of elementary schools situated in Municipalities are payable from Local funds if these are available; otherwise they may be paid from Provincial funds. In the case of the undermentioned municipalities which, according to the last census, had a population of over 50,000, allotments from Provincial funds were made for payment of teaching grants on behalf of elementary schools in them as they made no provision or only made a partial provision for the purpose in 1909-1910:—

						Rs.
						Allotments from Provincial funds made for teaching grants for elementary schools for 1909-1910.
1.	Madras Corporation	..	..	..	..	33,280
2.	Madura Municipality	..	..	..	..	10
3.	Trichinopoly Municipality	..	..	..	..	1,700

7.	Coimbatore Municipality	..	..	..	..	180
8.	Cuddalore Municipality	..	..	..	..	170

The total amount actually paid under the above head in each of the above municipalities will be reported as soon as the information is available.

2 Of the municipalities mentioned above, to only one, viz., Salem, a contribution of Rs. 1,820 for education was paid from provincial funds during 1909-1910 under G.O., No. 155, Educational, dated 24th March 1910. How much of this contribution was applied to Municipal Elementary schools is not known. I am calling, however, for information on this point and it will be furnished on receipt.

3. The information called for in Government Memorandum No. 3376-2 M., dated 21st September 1910, will be furnished as soon as possible on receipt of the replies of the inspecting officers who have been addressed on the subject.

L. DAVIDSON,
Ag. Secretary to Government.

GOVERNMENT OF MADRAS.
EDUCATIONAL DEPARTMENT.

No. 29.

From

THE HON'BLE MR. L. DAVIDSON, I.C.S.,
Acting Secretary to the Government of Madras,
Educational Department,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
DEPARTMENT OF EDUCATION.

Dated Fort St. George, the 19th January 1911.

SIR,

I am directed to reply to Mr. Stokes' letter No. 874, dated 20th August 1910, requesting that the Government of India might be furnished with certain statistics and information regarding education in the municipalities in this Presidency which have a population of over 50,000.

2. Madras Town and the nine municipal towns noted in the margin have according to the last census a population of over 50,000, and the three statements which accompany this letter contain the information required by the Government of India in respect of these municipalities.

- | | |
|----------------|------------------|
| 1. Coimbatore. | 6. Kumbakonam. |
| 2. Madura. | 7. Negapatam. |
| 3. Calicut. | 8. Tanjore. |
| 4. Salem. | 9. Trichinopoly. |
| 5. Cuddalore. | |

3. With regard to the question whether the Educational Department in this Presidency contributes any money towards primary schools in municipal areas in addition to the expenditure on such schools which is shown in statement II as incurred by municipalities, I am directed to state that the rule in force is that teaching grants to aided elementary schools situated in municipalities shall be paid from Municipal funds to the extent to which they are available for the purpose, and that the balance or, in cases where no such funds are available, the entire amount shall be paid direct from Provincial funds. In pursuance of this rule grants were paid direct to aided elementary schools in 1909-1910 in eight of the ten municipalities shown in statement II. The figures are given below:—

Municipalities.	Amount.
	RS.
Madras Corporation	33,272
Madura	91
Trichinopoly	1,700
Calicut	1,423
Salem	3,342
Kumbakonam	580
Coimbatore	175
Cuddalore	170

These grants are paid out of the lump allotment made under the head "Grants in aid" in the Educational budget. The distribution of the allotment is left entirely to the Director of Public Instruction and the grants are paid direct to managers by the officers of the Educational Department.

4. In reply to the question whether the amounts shown as expended by the municipalities in the statements forwarded herewith include any sums derived from Provincial revenues by way of contributions for educational purposes, I am to state that the sum of Rs. 6,873 shown in statement No. II as expended by the Salem Municipality upon schools managed by it includes a contribution of Rs. 1,820 paid from Provincial funds. The amount of this contribution is determined every year with reference to the actual state of funds of the Municipal Council and it is intended to supplement the resources of the Municipal Council so as to enable it to maintain in the elementary schools under its management an adequate staff of teachers on the scale of pay prescribed in the Educational Rules. This amount is paid from the provision in the educational budget under 22-I. *Miscellaneous—Contribution to Municipal funds.*

I have the honour to be,

Sir,

Your most obedient servant,

L. DAVIDSON,
Ag. Secretary to Government.

The Government of India forward three blank statements, viz.—

- I. Primary schools (not including primary departments of secondary schools);
- II. Annual expenditure by the municipalities upon primary schools (not including primary departments of secondary schools), 1909-10; and
- III. Numbers and salaries of teachers employed in primary schools managed by municipalities, not including primary departments of secondary schools in the year 1909-10:

and request that they may be furnished with the information indicated in these three statements in respect of all municipalities in this Presidency which have according to the last census a population of over 50,000.

2. They also desire to know—

(1) whether the Provincial Educational Department contributes any money towards primary schools in municipal areas, in addition to the expenditure on such schools which may be shown in the above statements as incurred by municipalities and, if so, the amount thus expended in connection with each of the municipalities included therein, as also any explanation which may be necessary regarding the system upon which such expenditure by the Educational Department is incurred; and

(2) whether the amount shown in the statements as expended by the municipalities includes any sums derived from Provincial revenues by way of contributions for educational purposes, together with any explanation that may be necessary as to the system upon which such contributions are made and the extent to which any part of them is contributed specially in respect of primary education as distinguished from the purposes of education generally.

3. It will be observed that the information required is for the year 1909-1910. The report on Public Instruction for the year 1909-1910 has not yet been received, but even if it had been received it would not furnish the information required by the Government of India, viz., statistics regarding individual municipalities and details regarding teachers employed in each municipality. The Local and Municipal Department may therefore be requested u.o. to furnish the information indicated in the three statements forwarded by the Government of India and to state whether the amounts shown in the statements as expended by the municipalities include any sums derived from Provincial revenues by way of contributions for educational purposes.

4. As regards the question whether the Educational Department contributes any money towards primary schools in municipal areas, the Director of Public Instruction may be requested to furnish the required information. A draft memorandum to the Director of Public Instruction is accordingly submitted for approval.

The following nine district municipalities and the Madras Corporation have a population of over 50,000 :—

The three blank statements forwarded by the Government of India have been filled in so far as figures are available in this office.

2. In the case of statement I, information is not available as to how many of the total number of schools not managed or aided by the Municipalities of Calicut and Madras, are for boys and for girls separately. The total number has tentatively been shown under boys' schools.

3. In regard to statement II, it is submitted that in the case of only one municipality, viz., that of Salem, a Provincial grant of Rs. 1,820 was received towards the management of municipal schools.

4. In column 2 of the same statement the figures shown against the nine district municipalities as representing the municipal expenditure on schools managed by the municipalities, exclude the cost of the general gymnastic instructors and general drawing masters, as their work is not confined solely to municipal schools. In the case of the Madras Corporation, however, separate figures regarding the cost

Vide statement II, page 53 of the report. The entry against establishment includes the pay of the gymnastic and other instructors referred to.

P. T. THARYAN—19-9-10.

of the management of the municipal school alone are not available, and the amount shown against the Corporation includes the cost of the general instructors in drawing, gymnasium and kindergarten.

5. In column 3 of the same statement the sum of Rs. 24,932 shown as representing municipal grants to aided schools in the Madras City is the amount paid both to boys' and girls' schools. Separate figures for boys' and girls' schools are not available here.

6. In statement III, an additional column has been opened to show the total amounts payable annually to the teachers of municipal schools according to the sanctioned scale of establishment as the amounts actually paid during 1909-10 vary from the former owing probably to vacancies, leave allowances, etc., and may not therefore convey a correct idea of the actual cost of the establishment of the schools.

7. The total amount paid to the teachers by the Madras Corporation in 1909-10 is not known; the amount payable to the teachers sanctioned for the school has, however, been entered.

8. If complete information in respect of the points noticed above is deemed necessary, the Director of Public Instruction and the President of the Corporation of Madras may be asked to furnish them. Subject to approval, two draft memoranda to the President and the Director are submitted below.

Nos. 28, 29, EDUCATIONAL, 19TH JANUARY 1911.

LOCAL AND MUNICIPAL DEPARTMENT.

Paragraph 3 of the draft deals with the question of making grants to *aided* Elementary schools from Provincial funds. These grants are, under the present rules, paid directly to the schools and do *not* pass through Municipal Councils. The Educational Department administer these grants; and so far as this department is aware, the draft seems correct.

2. Paragraph 4 deals with the question of paying grants to Municipal Councils for educational purposes. As stated in the draft, the amount of grant is determined annually with reference to the financial condition of the Municipality. No definite principle has been laid down in the matter.

3. Submitted that the draft may be accepted in this department.

To 19.1.11 101

The Secretary to the Government
of India,
Home Department.

Sir,

I am directed to reply to Mr. Stokes' letter No. 874 dated 20th August 1910, requesting that the Government of India might be furnished with certain statistics and information regarding ~~the condition~~ of education in the Municipalities in this Presidency which have a population of over 50,000.

2. Madras town and the nine municipal
towns noted in the margin^x, have accord-
ing to the last census a population of
over 50,000, and the three statements
which accompany this letter contain the
information

- x
1. Coimbatore. 6. Kumbakonam.
2. Madura. 7. Negapatam.
3. Calicut. 8. Tanjore.
4. Salem. 9. Trichinopoly.
5. Cuddalore.

45/ 13 15P
information required by the Government of India in respect of these Municipalities.

3. With regard to the question whether the Educational Department in this Presidency contributes any money towards primary schools in Municipal areas in addition to the expenditure on such schools which is shown in statement II as incurred by municipalities, I am directed to state that the rule in force is that teaching grants to aided elementary schools situated in municipalities shall be paid from Municipal funds to the extent to which they are available for the purpose, and that the balance or, in cases where no such funds are available, the entire amount shall be paid direct from Provincial funds. In pursuance of this rule grants were paid direct to aided elementary schools in 1909-10 in eight of the ten municipalities shown in statement II. The figures are given below:---

<u>Municipalities.</u>	<u>A m o u n t.</u> Rs.
Madras Corporation.	33,272
Madura.	91
Trichinopoly.	1,700
Calicut.	1,423
Salem.	3,342
Kumbakonam.	580
Coimbatore.	175
Cuddalore.	170

These grants are paid out of the lump allotment

Para. 1 of Rs. 800 Est. J.

allotment made under the head "grants-in aid" in the Educational budget. The distribution of the allotment is left entirely to the Director of Public Instruction and the grants are paid direct to managers by the officers of the Educational Department.

4. In reply to the question whether the amounts shown as expended by the municipalities in the statements forwarded herewith include any sums derived from provincial revenues by way of contributions for educational purposes, I am to state that the sum of Rs. 6,873 shown in statement No. II as expended by the Salem Municipality upon schools managed by it includes a contribution of Rs. 1,820 paid from Provincial funds. The amount of this contribution is determined every year with reference to the actual state of funds of the Municipal Council and it is intended to supplement the resources of the Municipal Council so as to enable it to maintain in the elementary schools under its management an adequate staff of teachers on the scale of pay prescribed in the Educational Rules. This amount is paid from the provision in the educational budget under 22-I. Miscellaneous - Contribution to Municipal funds.

INSTRUCTIONS FOR THE
SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b¹) For rules regarding printing of notes, see the rules in G.O., No. 1220, Public, dated 30th November 1900.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Deputy Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Deputy Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.
