CURRENT No.

Received 8-6-1910, Registered 8-6-1910

Subject.

Requesting Government to sanction the expenditure of Rs.1,000 for the purchase of yarn.

No. 79

Station MADRAS, Dated the 30th May 1910

From (Name) K.T.B. Tressler Esq.,

(Designation) Ag. Director of Industries.

To The Secretary to the Government of Madras.

Revenue Department.

Sir,

In continuation of this Office No.7 G dated 6th April 1910, in the third paragraph of which Mr. Cotton proposes the experimental manufacture of Linen goods, I have the honour to report that the Basel Mission have expressed their willingness to co-operate in this undertaking. In view of the large imports of Irish Linen into this country, Mr. Cotton intended to purchase about Rs.1,000 worth of Yarn, and, keeping a careful account of all charges, to ascertain whether the Table cloths and sheets made therefrom could be sold on terms assuring a fair margin of profit.

2
His proposal was that, with Yarn supplied by this Department, the Basel Mission should weave the goods, (being paid the charges connected therewith), and that the Department should then see what could be done with the finished article.

2. I enclose a copy of the reply received from the Basel Mission and request that Government will be pleased to sanction the expenditure of Rs.1000 for the purchase of Yarn.

3. Should the experiment prove to be successful, the manufacture of damask in this country would appear to open out a very promising field for Industrial enterprise.

85
I have the honour to be,
Sir,

Your most obedient servant,

K. D. Reddy
30.4.

Ag. Director of Industries.

S.K.R.

3
Copy of letter dated 6th May 1910 from the Basel Mission Weaving Establishment, Calicut, to the Director of Industries, Madras.

Re. Weaving of Irish linen.

We are in receipt of your kind letter No.51 m of the 2nd instant, wherein we note that your predecessor's proposal was to get the Irish linen manufactured by us with the twist that will be supplied to us and that we are to set aside a certain number of looms and keep an a/c of the cost, which will be paid to us. We thank you for this explanation and beg to inform you that we shall be prepared to start the manufacture on your supplying us with the required quantity of twist.

2 In this connection we beg to inform you the fact that we have been negotiating to add to our departments the manufacture of Irish Linen since last 10 years but owing to the rush of orders for our cotton goods, we had to lay this aside thinking that we could commence the work at a later opportunity. However, since you have given us the opportunity of setting the arrangements in motion, we would in future manufacture the Irish linen for our own trade too.

Weaving Linen:---- Replying to the question of
the cost of ----- at the Basel Mission.

No. 7.C.

Station Madras, Dated the 16th July 1910

From (Name) K.T.B. Tressler Esq.,

(Designation) Ag. Director of Industries.

To The Secretary to the Government of Madras.

Revenue Department.

Sir,

I have the honour to report that I have asked the Basel Mission Weaving Establishment to give me an estimate of the probable cost of weaving linen; but their reply gives me no definite information on the point.

2. When Mr. Cotton suggested that the Basel Mission Factory should carry out the Experiments, I presume that he thought that the Weaving School at Madura would not be ready for work for a considerable time. From the separate report which I am submitting

on

on this subject, it will be seen that -- provided the necessary arrangements are at once made -- it should be possible to carry out the Experiments at our own weaving school within three months or so.

3. I am again addressing the Basel Mission, but doubt if they will be able to furnish me with the information asked for. As, however, we will be in a position to carry out the experiments ourselves in a few months, I do not think the point is a vital one. If the arrangements they are able to make are not satisfactory to this Department, we can always fall back on our own school.

I have the honour to be,

Sir,

Your most obedient servant,

NOTES.

Purchase of yarn for the manufacture
of linen

REVENUE DEPARTMENT.

C. No. 2371 A, From the Director of Industries, No. 28, Dated 30/5/ 1900.

To Under Secy.

The proposal made by the
Director of Industries is that the Dept should
purchase yarn & supply it to the Basel
Mission which is to manufacture the yarn
into damask. The Mission is to be paid the
cost of manufacture & the disposal of the
manufactured articles is to be undertaken
by the Dept. This arrangement would be
unobjectionable if the Mission would not
otherwise embark upon this new line of
manufacture. But it will be seen from the
letter on p. 3 of, that the Mission appears
to be now ready to manufacture linen
~~for the~~ on its own account also. It is
therefore for consideration whether there is
sufficient reason for the Dept to take the
initiative in the matter. ~~Answer~~

In the case of the manufacture of cloth
from Ramis yarn referred to in fo. no. 1445
of 3-5-10, private manufacturers did not
come forward to undertake the experiment
& it was therefore necessary for the Dept
to undertake it. Orders are requested.

15.6.10.

2 10 9

To Secretary.

I submit that the proposed expenditure of Rs.1000 on yarn to be manufactured into table cloths sheets etc. by the Basel Mission, Calicut, and disposed of by the Department of Industries may be sanctioned. The Basel Mission has been thinking about the matter for the last ten years but has not got any further and although it says that "we would in future manufacture the Irish linen for our own trade too," now that the Department of Industries has given it the opportunity of setting the arrangements in motion, the expenditure now proposed seems likely ^{to keep it} up to the mark in the matter and to give the industry a fair start.

F.N.
16-6-10.

Please ask the Director for a forecast of the cost of manufacture. The Basel Mission must know about what the cost will be.

18600

To Under Secy.

A Draft O.M. is submitted for approval.

C. N^o 2978A - From the Director of Industries, N^o 795/16-7-10

To Under Secy.

The Director of Industries ^{reports} that the Basel Mission has not yet furnished him with the estimate of the probable cost of weaving linen from theyarn to be supplied by the Dept of Industries & that he is addressing the Mission again on the subject. He states at the same time that he is submitting separately proposals about the Weaving school at Madras & that if the arrangements connected with the school are made at once, it would be possible to carryout the experiments in the school itself without resorting to the Basel Mission.

the file Submitted that ~~the file~~

Educational Department.

This proposal to purchase yarns and get them manufactured by the Basel Mission into linen goods for sale in order to ascertain whether table cloths and sheets could not be manufactured ~~and sold at a profit, should be dropped as it is~~ ^(well, it is submitted, however) purely a commercial venture and therefore contrary to the ruling of the Secretary of State.

There appears, however, to be no objection to teach ~~how to~~ manufacture ~~of~~ table cloths and sheets at the weaving school which it is proposed to establish at Madura.

T.R.
