Note by the Chief Engineer, Public Works Department, dated 20th January 1911.

The Director of Public Instruction submits for sanction an estimate, amounting to Rs. 7,236,* and three plans for constructing a school for the Evangelical Lutheran Mission at Ambúr, North Arcot district.

	RS.

It is recommended that the projection of the eaves should be less and that eave boards should be omitted, as noted in green on the plan, as the verandah pillars are only 6' 6" high.

The Superintending Engineer should satisfy himself that the foundations provided are suitable.

With these remarks the estimate as altered in the Chief Engineer's office, amounting to Rs. 7,336, is recommended for sanction.

PUBLIC WORKS DEPARTMENT.

Note by the Chief Engineer, Public Works department.

The plans and estimate for constructing a building for the Evangelical lutheran mission school, Ambúr, have been scrutinized in the Chief Engineer's office. The results of the scrutiny are embodied in a note by the Chief Engineer, dated 20th January 1911.

The work can be completed in about 11 months.

P.S.U.—19-1-11.

P. K. SUBBA AIYAR—19-1-11.

It will be of considerable assistance if Educational can pass orders that duplicate plans and two copies of the abstract estimate are to be submitted in these cases of "grant-in-aid" buildings. The duplicate plans may consist of a tracing and a blue print or two blue prints. Such copies can be obtained by the Educational body concerned at very small costs and will be recorded here to facilitate future reference as is done now in the case of Government works.

EDUCATIONAL DEPARTMENT.

The amount of the estimate has, in the course of the scrutiny, been raised by Public Works Department from Rs. 7,236 to Rs. 7,336. The estimate includes the cost of the site (Rs. 1,250) which has already been purchased and towards which, as pointed out by the Director of Public Instruction, no grant is admissible under article 51 (ii) of the Grant-in-Aid Code. Excluding the cost of the land, the estimated cost of the building comes to Rs. 6,086 against the original estimate of Rs. 5,986. The grant recommended by the Director of Public Instruction, viz., Rs. 1,995, may, it is submitted, be correspondingly increased to Rs. 2,028, which represents one-third of Rs. 6,086—*vide* article 51 of the Grant-in-aid Code.

2. The draft order placed below is for approval.

3. The suggestion made by the Under Secretary, Public Works department, on the previous page in regard to the submission of plans in duplicate is being submitted separately for consideration.
