TO
THE DIRECTOR,
OF PUBLIC INSTRUCTION,
MADRAS.

*The humble memorial of the inhabitants
of Bapatla and Bapatla Taluk,
Guntur District.*

MOST RESPECTFULLY SHEWETH,

That this place has a BOARD HIGH SCHOOL under the management of the TALUK BOARD, ONGOLE, which has been in existence for the last 10 years and which has now a strength of 330 boys with an average income of Rs. 8,000 per annum derived from school fees.

2. That the TALUK BOARD with commendable solicitude for the progress of the institution has till now spent Rs. 12,000 on buildings and Rs. 6,000 on furniture, library and other equipments.

3. That a large outlay is still necessary to provide for the increased efficiency of the school on modern lines, in all directions—teaching staff, accommodation, laboratory, apparatus and appliances, manual and practical work, technical and industrial courses of study &c., which, your humble memorialists fear, will be beyond the slender resources of the TALUK BOARD.

4. That the DIRECTOR OF PUBLIC INSTRUCTION, while laying stress on the fact that "it was definitely ruled by GOVERNMENT that LOCAL BOARDS and MUNICIPALITIES should be immediately responsible for all elementary education within their local areas," has pointed out the way in which such local bodies may be relieved of their burden in these terms:—"In one or two cases, the GOVERNMENT have agreed to bear the net cost of MUNICIPAL OR LOCAL FUND SECONDARY SCHOOLS and it is possible an extension of this system would be the best solution of the difficulty." (Please vide pp. 28 of the Report on PUBLIC INSTRUCTION for the quinquennium 1902—07)

5. That the object of the MODEL HIGH SCHOOLS proposed to be established in this Presidency is, your memorialists believe, to give effect to the principle that the improvement in the quality of Secondary education is a matter of pressing importance and that a number of well-managed Government schools serves to keep up a high standard in aided schools.

6. That in order that this end may be fulfilled, your memorialists beg leave to point out that the Government High School for each district, should be so situated as to be within easy reach of other institutions in the district, to serve as a Model without being in such close proximity as to compete with them.

7. That Bapatla is a quiet, neat town on the railway line and within 4 miles from the sea, having a genial and salubrious climate and centrally situated, with Ongole on one side and Tenali and Guntur on the other, and that no other place in the whole district, can compare so favourably as Bapatla for the location of a MODEL HIGH SCHOOL in the Guntur District.

8. In considering the respective claims of the only two other towns in the District viz., Tenali and Guntur for a MODEL HIGH SCHOOL, your memorialists beg to submit that (1) none of the schools in these places is under public management and (2) of the two schools in Guntur—one under the management of the American Evangelical Lutheran Mission and the other under a Private Committee,—the selection of the latter for a MODEL HIGH SCHOOL, would result in a keen competition with the Mission institution which is directly opposed to the avowed intention of the Government.

9. As for Tenali, the Government would not have recognised a High School there, but for the recent rulings of the Department requiring LOWER SECONDARY SCHOOLS to be raised to the position of SECONDARY SCHOOLS or reduced to the Elementary grade. The Director of Public Instruction refused to recognise the High School Department some years ago in consideration of the better claims of Bapatla. Tenali, surrounded as it is on all sides by paddy fields, is completely water-logged during the rainy season and is highly insanitary; nor is it centrally situated. The school, moreover came into existence only last year.

10. That the memorialists beg to add that, as large and extensive government waste and dry patta lands are in the vicinity of the BOARD HIGH SCHOOL BAPATLA, there can be no difficulty in the matter of acquiring lands for the new buildings, play-grounds, school-gardens, hostels and quarters for teaching staff which would form necessary adjuncts to all MODEL HIGH SCHOOLS and that there would be no need for abandoning the present buildings and premises. There is already a hostel managed by a committee for the benefit of the students of the BOARD HIGH SCHOOL and it is under contemplation to collect funds at the ensuing Coronation celebration of His Majesty the King Emperor, George the Fifth, for constructing a building for the hostel.

11. In the United Provinces and some other parts of India, Local Fund institutions have been converted into GOVERNMENT MODEL HIGH SCHOOLS and on this principle, your memorialists beg to state that the BOARD HIGH SCHOOL BAPATLA deserves to become a Government Institution.

12. That the BOARD HIGH SCHOOL, has therefore superior claims for being taken over by the Government, both in virtue of the quasi-Government character of its management and its suitable and convenient position to serve as a fitting model for the High Schools in the district, nay, in this circle.

13. That your humble memorialists beg most respectfully to request that the Government may be graciously pleased to make the BOARD HIGH SCHOOL BAPATLA, a GOVERNMENT MODEL HIGH SCHOOL.

14. Wherefore, your humble memorialists shall, as in duty bound, ever pray.

Bapatla,

30th November, 1910.

Guntur,

Dated 30th December 1920

To

The Director of Public Instruction

M. A. D. B. A. S.

The humble memorial of the undersigned residents of Guntur most respectfully sheweth:-----

That they very strongly urge and recommend the selection of Guntur for the site of a model High School ^{if the} scheme is to be set on foot by the Government. The grounds on which the recommendation of Guntur as the best locality for a Model High School is based, are briefly these.

1. A Government High School existed here for several years and was handed over to the Municipality and to private management, only when all the Zilla Schools had to change management in accordance with a resolution of the Government.

2. The considerations which influenced the Government in selecting Guntur as the centre for a Zilla School in former times, even now exist and have now acquired increased weight and prominence on account of the fact that the Town of Guntur has considerably grown in size and importance.

3. Guntur is the Head quarters of the District and all the Head Offices in each branch of administration are located here. This is also the Head quarters of the Inspector of Schools. The pupils of the Officers of Government will certainly prefer to prosecute their studies here and will find it a great hardship to go to a remote place like Bapatla.

50 51
(2).

4. The town affords plenty of accommodation for pupils for their lodging and for Hostels which may be started by the Government.

5. There is already a building with large additions made by the Sanskrit School Committee with a good library and a large supply of apparatus and furniture which the Committee may willingly handover to the Government; whereas there is no such advantage and provision at Bapatla.

6. There is a large vacant ground around the school on a portion of which the building may be extended, if necessary, and the rest utilised as play-ground. The Committee recently applied for and the Government sanctioned the grant of the same for the purpose subject to the condition that the site may be availed of for the purpose till it is required for Municipal purposes.

7. The strength of the local College with its branches is about 800. The strength of the Town High School with its branches is about 500. These figures amply indicate that there is a great necessity for the existence of two Educational Institutions.

8. There is absolutely no ground for the supposition that there has been or that there will be competition between the local Mission College and the Town High School and that the interests of the College will suffer by the selection of Guntur as the site for the Model High School. The two Institutions have been existing so long, each commanding its own large strength and there is perfect harmony and good co-operation between them.

9. Bapatla is a wet place and pupils and residents are likely to become subject to dropsy and similar diseases

diseases incidental to wet climate; on the other hand, the dry climate of Guntur is an invaluable advantage in its favour and is the main ground for Guntur being the sanitarium of these parts.

10. The School at Narasarpet is about to be lowered in status and hence pupils of Palnad, Narasarpet & Vinukonda Taluks cannot afford to go a long way to Bapatla. Guntur is more central to the Krishna District and these distant Taluks than Bapatla.

11. The High School at Bapatla is maintained by the Local Board and can continue under the same management; whereas the Town High School, Guntur, is maintained by a private body without any appreciable permanent funds.

12. The laying of the foundation and the construction of the School building will involve heavy expenditure to the Government if it is to be constructed at Bapatla, as it is a sandy place where the ground consists of loose soil. Many spacious buildings have been erected by the Government at Guntur for the various Government Offices, since Guntur became the Head quarters of the new Guntur District.

13. The villages surrounding Bapatla are poor and the rich villages are situated near Guntur. In consequence, the Model High School, if started at Bapatla, cannot command sufficient strength in the High School and the Lower Secondary Departments and therefore, will meet with great difficulty in maintaining a secondary character.

14. Bapatla is not the Head-quarters of even the Divisional Officer.

District Board, Gunthar.

2. The Taluk Board was consulted on the subject at the meeting on the 20th inst., and the Board had not the slightest objection to make to the proposal of the memorialists.
3. The High School at Bapatla is the only institution of the kind in the district under the management of a local body and it has been steadily growing in importance and usefulness. If a model High School is at all to be established in this district, the Board High School at Bapatla is obviously the best institution available for the purpose from every point of view. I therefore beg to recommend strongly the memorial for the favourable consideration of Government.

2 Another memorial asking that the Model School should be situated at Gunthar has been sent to the Director of Public Instruction through the undersigned. Bapatla is far healthier than Gunthar, and in that respect is a more suitable site for the school.

Please note briefly.

C.A.I.
9-12-10.

The claims of the Bapatla Board High School
to be taken over as a model secondary school,
were specially considered by the Director of
Public Instruction *in connection with the General Scheme.*
The school was not selected
as the Director ^{then} considered that Bapatla was too
small a place for a model High School. On the
other hand the Guntur Town School which it is now
proposed to take over ~~was~~ was formerly a Govern-
ment High School and is still held in a Govern-
ment building— Please see the remarks of the
Director of Public Instruction against Guntur

Board school contained 298 pupils in eig
including elementary classes, while the Town Hig
School, Guntur, had an attendance of 333 in six
classes, excluding elementary classes. The sul
sidiary tables for 1909-10 have not yet been re-
ceived from the Director of Public Instruction,
and it is not therefore possible to give the fi-
gures of attendance in these schools on the 31st
March 1910.

The Guntur school
is under private manage.
ment & can ~~not~~ be converted into
a pub. school only with the consent
of the managers. It is not
anticipating that they will be obliged
& if they don't, the present decision
might I think be stand. Obviously
the District G.O. quarters is the most
suitable place for a model school.

The Director of Public Instruction submits orders of Government two memorials - one from the Secretary, Model High School Memorial Committee Bapatla, requesting that the Board High School at Bapatla may be made a Government Model High School in preference to the Town High School, Guntur and the other from the residents of Guntur praying that the proposed Model High School may be located at Guntur in preference to Bapatla. The Director of Public Instruction has made no remarks on the memorials.

2. It has already been decided that the Town High School at Guntur should be taken over under departmental management and organized as a Model High School. Before making this selection the Director of Public Instruction (Mr. Logan) considered the claims of the Board High School at Bapatla and rejected them on the ground that Bapatla was too small a place for a Model High School. There is nothing in the present petition which seems to outweigh this consideration. Bapatla does not appear to be an important place; it is not the headquarters even of a Divisional Officer while Guntur is the headquarters of the district. The memorialists may therefore be informed that Government see no reason to take over and organize the Board High School at Bapatla as a Model High School.

memorial' on pages 4 and 5 of file. These arguments are not at all convincing and have been adequately met in the memorial from the residents of Gunter, a perusal of which is solicited. Attention is also solicited to the notes on page 1 and 2 ante. It is observed that on the 31st March 1910, the Bapatta Board School contained 341 pupils in eight classes including elementary classes, while the Town School Gunter had on its rolls 509 pupils in eleven classes including elementary classes.

2- With reference to the contention of the Bapatta memorialists that the Board School Bapatta has superior claims for being taken over by Government to the Gunter School (a private school), it is submitted that it is ^{already} in contemplation to take over under departmental management ^{such of} the high schools and incomplete secondary schools now maintained by local boards as are not taken over for model schools, and the D.P.D. has been asked to submit proposals on the subject. This proposal is also
