Station Madras, Dated the 24th December 1910.

From (Name) The Hon'ble Mr. J.H. Stone, M.A., F.R.H.S.,

(Designation) Ag. Director of Public Instruction.

To The Secretary to the Government of Madras,
Educational Department.

Sir,

I have the honour to submit the enclosed estimates received from the Correspondent, S.P.G. College, Trichinopoly, for the installation of a gas apparatus, engine, dynamo etc., for the production of gas and electricity required for the laboratory of the college, and to recommend that a grant not exceeding Rs 3,130/- or one half of the entire cost, whichever may be less, may be sanctioned under articles 57 and 60 of the Grant-in-Aid Code to be paid as funds become available on submission of the necessary vouchers by the Correspondent of the college.

2. With reference to the sum of Rs 1,500/- shewn under item IV of the estimate as the cost of a house for Generator and Dynamo and foundations for steel tank

tank and gas engine' I have requested the correspondent to apply for a third grant under Chapter VIII of the Grant-in-Aid Code. This application, when received, will be dealt with by me as the amount of grant sanctionable for the purpose is within my sanctioning power.

3. Although in para 4 of this office letter R.C.No. 4567/10, dated 10th September 1910, it has been stated that grants towards the purchase of this apparatus would ~~be~~ appropriately come under 'Building grants' I now recommend that a half grant may be sanctioned under Chapter IX of the Grant-in-Aid Code as in the case of the Madras Christian College for which a similar recommendation has been made in my letter R.C. No. 2977/10, dated 30th November 1910.

4. As the correspondent has represented to me that the supply of gas and electricity is urgently needed in the science laboratories, I have given him permission to purchase the apparatus without prejudice to the question of grant.

5. I request that the enclosures may be returned when no longer required.

I have the honour to be,

Sir,

Your most obedient servant,

~~LEGISLATIVE~~

NOTES.

C.No. 2590 From the Director of Public Instruction, No.3200, dated 24-12-10.

Subject.

Grant towards the cost of Gas apparatus etc., required for the S.P.G. College, Trichinopoly.

The correspondent of the S.P.G. College, Trichinopoly, applies for a grant in aid of the following works:---

(1) Installation of a Gas apparatus, engine, Dynamo etc.,Rs.6,260

(2) House for generator and dynamo and foundation for steel tank and gas engine.....Rs.1,500

2. The Director of Public Instruction recommends that under articles 57 and 60 of the Grant-in-Aid Code a grant not exceeding Rs.3,130 or one half of the entire cost of the installation of gas apparatus, engine, dynamo, etc., may be sanctioned. As regards the grant applied for in respect of the 'house for generator and dynamo and foundations for steel tank and gas engine', the Director states that he has requested the correspondent to apply for a third grant under Ch. VIII of the Grant-in-Aid Code and that that application, when received, will be dealt with by him under article 55 of the Code.

3. In paragraph 4 of his letter dated 10th September 1910 printed with G.O.No. 567 Educational, dated 28th September 1910, Dr. Bourne stated that the oil gas apparatus, gas engine, and dynamo, and other accessories for the provision of gas and electricity required for the S.P.G. College, Trichinopoly, were more or less permanent structures and that grants towards their purchase would appropriately come under "building grants". The Hon'ble Mr. Stone does not endorse this view and recommends that a half grant may be sanctioned for the purchase of the apparatus etc., under Ch. IX of the Grant in Aid Code. In the case of the Madras Christian College, dealt with in the linked file, the Hon'ble Mr. Stone has made a similar recommendation. Attention is invited to ~~the~~ ^{Mr. Stone's} U.O. note dated 14th December 1910 in that file.

* That is, the Grant is subject to a fixed limit of one third of the estimated cost.
