The question for consideration is whether the
Director of Public Instruction may be empowered to
sanction applications of officers of the Indian
Educational service for permission to appear at
examinations in oriental languages.

2. The existing rules for the encouragement of
the study of oriental languages among officers of
the Indian Educational service were framed by the
Government of India and they are printed with G.O.
No. 505 Educational, dated 27th July 1906. Under

rule V of these rules officers desirous of attending examinations should obtain the permission of the local Government at least three months before the date of examination.

In paragraph 2 of G.O.No.610 Pub., dated 13th July 1910, the Government have delegated to heads of department, except the Director of Public Instruction, the power to sanction applications for permission to appear for reward examinations. The exception in the case of the Educational department was made because the rules applicable to officers of the Educational department were made by the Government of India and any alteration in those rules will require the sanction of that Government.

3. The Government of India have now decided to delegate to the Directors of Public Instruction the power to sanction applications of officers of the Indian Educational service for permission to appear at examinations in oriental languages and enquire whether in respect of this delegation this Government would still wish to retain the exception regarding the Educational department which was made in paragraph 2 of G.O. No.610 Public dated 13th July 1910. As explained in the preceding paragraph, the exception was made, because the rules relating to the Educational Department were made by the Government of India and this Government had no power to alter them. In these circumstances it is submitted that there is no objection to the delegation proposed by the Government of India and that that Government may be informed accordingly.

The only reason for not delegating to power to the S.B.D. Lyne seems to have been that it requires the sanction of India. Now the Govt. of India itself proposes the delegation. Submits that can be no objection to the proposal

Sir,

In reply to your letter No.137,
Education, dated 6th February 1911, I
am directed to state that the Govern-
ment of Madras have no objection to
delegate to the Directors of Public
Instruction the power at present ex-
ercised by the local Governments of
sanctioning applications of officers
of the Indian Educational service for
permission to appear at examinations
in oriental languages. I am to add
that the only reason why this Govern-
ment excluded this delegation in para-
graph 2 of the order No.610 Public
dated 13th July 1910 was that it would

have

necessitated an amendment of the rules
sanctioned by the Government of India.
