From (Name) The Hon'ble Mr. J.H. Stone, M.A., F.R.H.S.,

(Designation) Ag. Director of Public Instruction.

Madras.

To The Secretary to the Government of Madras,
Educational Department.

Sir,

With reference to G.O. No. 754, Educational, dated 13th November 1907, I have the honour to submit the applications of the undermentioned eight candidates for the State scholarship tenable in England by Europeans and Eurasians educated in India:-

1. Patrick M. Rose Meyer. He is ineligible as he has not passed the High School examination under the Code of Regulations for European Schools, or the Degree Examination of an Indian University.

2. C. J. Van Haefton. Passed the High School examination of 1909, but is below 18 years of age.

3. C. R. H. Johnstone. Passed the Bombay High school Examination of 1909 and has completed his 18th year.

4. E.T.N. Taylor. Passed the High School Examination of

of 1910, first in the Presidency, but he is below 18 years.

5. S. C. Mitchell. Passed the High school Examination of 1910, but is below 18 years of age.

6. W.B. Oliver. Passed the High School Examination of 1910, but is below 18 years of age.

7. C. O. Mortimer. Passed the High School Examination of 1909, but is below 18 years of age.

8. W. A. Fraser. Passed the High School Examination of 1910, but is below 18 years of age.

2. No. (1) need not be considered as he has not passed the requisite examination. Of the rest, excepting No. (3), all the others are ineligible on account of their being under the prescribed age limit. But, leaving aside the question of age, No. (4) Taylor and No. (8) Fraser seem best fitted for a University course and Taylor is likely to win distinction. Fraser is below eighteen. Taylor is still younger and is going home with his father and is to go to St. Paul's School. I saw him in person and told him to apply for the scholarship again after he has completed his school course at home. I should certainly have recommended him if he had been old enough to go to college. Fraser is inferior to Taylor in capacity but is very well spoken of. If the eighteen years' limit is not considered absolutely fixed his name might perhaps go up. The candidates have not produced all the requisite certificates and they have not been called for.

I have the honour to be,

S i r,

Your most obedient servant,

For Director of Public Instruction.

C.No.498, from the Director of Public Instruction, No.48, dated 6-3-11.

Subject.

Nomination for the State Scholarship for Europeans and Eurasians tenable in England.

The Director of Public Instruction submits applications from the undermentioned eight candidates for the State Scholarship for Europeans and Eurasians to be awarded during the current year:-

(1) Patrick M. Rose Meyer.

(2) C.J. Van Haefton.

(3) C.R.H. Johnstone.

(3) C.F.H. Johnstone - European; son of R.E. (4) E.T.N. Taylor - Eurasian; son of E.L.Taylor, Accountant, P.W.D; born 8th November 1894; age 16 years and 5 months; has passed the European High School Examination; wishes to study Engineering.

(5) S.C. Mitchell - Eurasian; son of W.E. Mitchell, Superintendent of Jail, Rajahmundry; born 21st November 1893; age 17 years and 4 months; has passed the European High School Examination; wishes to study for the Medical profession.

(6) W.B. Oliver - European; will attain the age of 18 on 6th July 1911; has passed the European High School Examination.

(7) C.O. Mortimer - European; son of Sergeant-Major J. Mortimer (deceased); born 3rd November 1893; age 17 years and 5 months; has passed the European High School Examination; wishes to study Mathematics and Natural Science.

(8) W.A. Fraser - Eurasian; son of William Fraser, Manager and Proprietor, Boot and Shoe factory, Coimbatore; born 12th July 1893; age 17 years and 8 months; has passed European High School Examination; wishes to enter the Cambridge University.

3. The conditions for the scholarship are:-

Para.3 of Home Department Resolution on page 2 of G.O.No.200, Edl. dated 5th April 1907.

(1) that the candidate must be a native of India within the meaning of Statute 33 Vict. Cap. 3, Section 6, and his parents must not be resident in India for temporary purposes only,

Para.3 (1) of Home Department Resolution on page 2 of G.O.No.200 Edl. dated 5th April 1907.

(2) that the candidate must have passed the European High School Examination or must be a graduate of one of the Indian Universities,

Para.2 (i) of G.O. 754 Edl. d/3-11-1907.

(3) that the candidate must have completed 18 years of age and not have completed 21 years on March 31st of the year in which he applies for the Scholarship, and

Para.3 (i) of Home Department Resolution on page 2 of G.O.No. 300 Edl.d/5-4-1907.

(4) that the candidate must be of good physique and active habits and must produce medical evidence of good health.

4. Of the eight candidates who have applied for the Scholarship only two, namely, No.(1) P.M. Rose Meyer and No(3) C.R.H. Johnstone, satisfy the condition in regard to age but the Director of Public Instruction recommends neither of them for the Scholarship. He rejects No. (1) P.M. Rose Meyer, on the ground that he has not passed the European High School examination or the B.A. degree examination and No.(3) C.R.H. Johnstone without

Page 2 of C.F.

without assigning any reason. The latter has perhaps been rejected on the ground that he is not a native of this Presidency. He belongs to Bombay and his mother is living in Poona. It is observed that although P.M. Rose Meyer, No.(1) has not passed the European High School Examination, he has passed the Matriculation examination of the Madras University and is appearing for the Intermediate examination to be held in this month and that it was granted last year to a candidate similarly circumstanced that the scholarship was granted last year, namely, to W.G.H. Elliot who had not passed the European High school Examination and who had not completed the B.A. degree examination.

5. All the remaining six candidates have passed the European High school Examination, but none of them has completed 18 years of age. The Director of Public Instruction considers that two of these, namely, E.T.N. Taylor, No.(4) and W.A. Fraser No.(8) are best fitted for a University career but that Taylor is not old enough to go to college, being only 16 years old. He accordingly recommends that Fraser's name may be submitted to the Government of India, if the eighteen years' limit is not considered absolutely fixed. Fraser was born on the 12th July 1893 and will be 17 years 8 months and 19 days old on the 31st of this month.

6. It is for consideration whether Fraser may be recommended to the Government of India for the scholarship. The recommendation should be submitted to India by the 31st March--vide paragraph

× or probably on the ground that he is not a statutory 'native' of India.

Please see paragraph 2(i) of Home Department letter No.812 dated 11th October 1907, on page 2 of G.O.No.754 Educational, dated 13th November 1907. The main principles which should govern the grant of the scholarship are

(1) that it should ordinarily be given to a young man at the close of his school career in India so that he may join the University at practically the same age as boys educated in England; and

(ii) that it should be given to the candidate who is most likely to win distinction at the University.

The Government of India have laid down that the candidate to be qualified for the scholarship should have completed 18 years of age on the 31st March of the year in which he applies for the scholarship apparently because that is the age limit for entrance into University in England. The candidate recommended by the Director of Public Instruction will complete 18 years in July instead of on the 31st March as required by India's resolution and will be 18 when he joins the University which will be in September, or October. It is therefore for consideration whether the recommendation of the Director of Public Instruction may be accepted.

I don't think any of these candidates are likely to get the scholarship if they are recommended.

Grace has passed the High School examination but it is not known in what class, has appeared for the Junior Local but the results are not known, and is not old enough. I don't think any of these would be worth

Johnstone Craig's grandson is a Barony Ward boy to Education. He passed the Barony High School examination in the 2nd class in 1909.

Submitted that we should recommend again. Should Taylor appear next year, his report's recommendation will have more weight.

Agree. I should think any of these Candidates should be recommended.
