READ—the following papers:—

I

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., Acting Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—the 21st March 1911.

No.—Ref. on Cur. 1053.

I have the honour to submit herewith an application for a building grant together with the plans and estimates, etc., for the erection of a building for the use of the Christ Church Poor European School, Mount Road, Madras. The approximate cost of the building, according to the estimate, is Rs. 5,513, but in the application the total cost is entered as Rs. 7,000 and a half grant of Rs. 3,000 is requested. I have called for an explanation as to the variation between the amount of the estimate and that shown in the application. Pending the submission of the information, I beg to recommend that a half grant not exceeding Rs. 3,000 may be sanctioned. The grant may be paid when funds are available, on completion of the building and on the execution of the trust-deed which the management are prepared to execute.

A brief history of the school is also submitted. No specification report has been submitted with the plans and estimates. This has been called for and will be submitted on receipt.

II

**Note by the Chief Engineer, Public Works Department, dated
23rd March 1911.**

The Director of Public Instruction submits for the sanction of Government plans and an estimate amounting to Rs. 5,513, for constructing a Mission Hall for the Christ Church Poor School in Mount Road, Madras.

2. The plans and estimate have been scrutinised in the Chief Engineer's office, and the scantlings have been corrected where necessary. By these alterations the amount of the estimate is increased from Rs. 5,513 to Rs. 5,791.

3. It is observed that there is no provision in the estimate for contingencies and petty supervision.

4. The Superintending Engineer should satisfy himself as to the suitability of the foundations provided.

5. With these remarks, the estimate, as altered in the Chief Engineer's office, amounting to Rs. 5,791 is recommended for sanction.

C. A. SMITH,
Ag. Chief Engineer, P.W.D.

NOTES CONNECTED WITH G.O., No. 170, EDUCATIONAL,
DATED 23RD MARCH 1911.

[SUBJECT.—*Building grant for the Christ Church poor European School, Mount Road.*]

Telephonic message—from the Under Secretary, Public Works Department.
To—the Under Secretary, Educational Department.
Dated—Madras, the 20th March 1911.

The Rev. Norman Bennet has enquired about an estimate for a new building in connection with Christ Church for which Government apparently proposes a grant subject to the estimate being approved by Public Works Department. Will you please say if you have any information about it?

No application has yet been received for a grant for the new building in connection with Christ Church. The Director of Public Instruction has been requested to expedite the submission of the application, if any has been received by him.

T.K.—20-3-11.

K. RANGASWAMI AIYANGAR—20-3-11.

G. F. PADDISON—20-3-11.

Telephonic message—from the Superintendent, Educational Department.
To—the Personal Assistant to the Director of Public Instruction.
Dated—Madras, the 22nd March 1911.

Will you please let me know urgently if any application has been received from the Rev. Norman Bennet for a grant for the new building in connection with the school at Christ Church?

Telephonic message—from the Personal Assistant to the Director of Public Instruction.
To—the Senior Superintendent, Educational Department.
Dated—Madras, the 22nd March 1911.

[REFERENCE.—Your message of this date regarding Christ Church School, Mount Road.]

The application was despatched to Government yesterday with this office R.O.C. No. 1053, dated 21st March 1911.

Submitted to Deputy Registrar for information. The Director of Public Instruction's letter is yet to come. It will probably be received this evening.

C.S.—22-3-11.

Submitted to the Deputy Secretary for information.

K. RANGASWAMI AIYANGAR—22-3-11.

Put it up very urgent when it does come.

G. F. PADDISON—22-3-11.

From the Director of Public Instruction, dated 11th March 1911, No. 1053/11.

Information regarding the variation between the amount of the estimate (Rupees 5,513) and that shown in the application (Rs. 7,000) and also the specification report have been called for from the authorities of the school by the Director of Public Instruction; it may therefore take some time before the plans and estimate are scrutinized by the Public Works Department and the grant sanctioned by Government.

Vide the Honourable Member's demi-official. As Mr. Bennet, however, wants His Excellency the Governor to lay the foundation stone before he goes to the Hills, Mr. Bennet may be permitted, as a special case, to begin the work in advance of approval of the plans and estimate by Government. For a precedent, please see Memorandum No. 1729-1, Educational, dated 3rd September 1910, on page 2 of G.O., No. 575, Educational, dated 5th October 1910.

2. The draft memorandum placed below is submitted for approval. After its issue the file may be forwarded to the Public Works Department u.o. for very early scrutiny of the plans and estimate.

P.R.—22-3-11.

Please see the Honourable Member's demi-official on page 1 of the papers. The course suggested at A may be followed, but the Director of Public Instruction does not make any recommendation to that effect, and the authorities of the school do not ask for such a concession. If the usual course of having the plans and estimate scrutinized by the Public Works Department before sanction is accorded to the building grant be followed, it will involve some delay and it is not likely that orders on this application will be passed before His Excellency goes to Ootacamund.

K. RANGASWAMI AIYANGAR—22-3-11.

If Public Works Department have not time to scrutinize the estimates, will they please return the file?

G. F. PADDISON—22-3-11.

To the Public Works Department.

PUBLIC WORKS DEPARTMENT.

Note by the Chief Engineer, Public Works Department, dated 23rd March 1911.

The plans and estimate have been scrutinized by the Chief Engineer, whose note read above embodies the results of the scrutiny. It will be seen that, owing to certain alterations, the amount of the estimate has been increased from Rs. 5,513 to Rs. 5,791.

The file may now be returned to Educational together with the Chief Engineer's note.

P.V.—23-3-11.

The time within which the work should be completed may be taken as six months.

C. A. SMITH—23-3-11.

Demi-official—from the Chief Engineer, Public Works Department.

To—the Secretary to Government, Educational Department.

Dated—the 23rd March 1911.

I return herewith the file about the Christ Church school building duly disposed of in Public Works Department. I send it to you direct to save delay.

The draft order placed below is submitted for approval.

K. RANGASWAMI AIYANGAR—23-3-11.

G. F. PADDISON—23-3-11.

Then submit to Honourable Member for perusal. This is a triumph of speed.
