MEMORANDUM:- No 156-1
3.2.11

In G.O.No.1290 Revenue, dated 9th May 1908, sanction was accorded to the purchase of a motor car at a cost of Rs.3,500 for the use of Mr. Chatterton when he was Director of Industries, in order to enable him to supervise effectively the several branches of work under his control, more particularly the Sembian tannery. The tannery has now been closed, and as at present advised, the Government do not consider that sufficient reasons now exist why the Superintendent of Industrial Education should be provided with a motor car. The Director of Public Instruction is requested to report upon the point, however, and to say whether there is any special reason why the car should not be sold *as the proceeds* *could be put*.

To The Secretary to the Government of Madras,
Educational Department.

Sir,

With reference to Government Memorandum No. 156-1, dated 3rd February 1911, I have the honour to state that the Hon'ble Mr. Alfred Chatterton, while of opinion that no case can be made out for the Superintendent of Industrial Education, suggests that the question of the disposal of the Government motor car in his charge should stand over pending some ^{final} ~~final~~ arrangements for the supervision of the work now carried on in those branches of the Department of Industries which have not yet been abolished and which it may be the intention of Government to maintain. He states that though it is a fact that in the discussion previous to the passing of G.O. No. 1290 Rev., dated 9th May 1908, the Sembium Tannery bulked somewhat largely, it was only

only one of the several branches of work for the effective supervision of which a motor car was considered necessary. The work of the Department of Industries is still being carried on under his supervision and it will be quite impossible for him to ~~effectively~~ supervise it effectively without a motor car. With the closing of the Sembium Tannery, his Personal Assistant Mr. Tressler, who was in immediate charge of the Tannery, has been sent back to the Public Works Department. He has thus actually more work in ^{and} about Madras now than he formally had. He adds that as Government have publicly announced their intention of asking the Secretary of State to reconsider his decision in regard to the Department of Industries it would probably be convenient to await the result of that reference.

I have the honour to be,
Sir,

Your most obedient servant,

for Director of Public Instruction.

Motor Car supplied by Government to Mr. Chatterton.

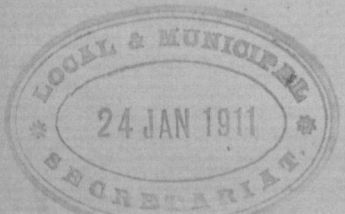

In G.O.No.1290, Revenue, dated 9th May 1908, sanction was accorded to the purchase of a motor car for the use of Mr. Chatterton, while holding the appointment of Director of Industries, at cost of Rs.3,500/- "to enable him to supervise effectively the several branches of work under his control". The notes show that this was mainly to enable him to go to Sembiam on account of the tannery there. The appointment of Director of Industries having ^{since} been ~~abolished~~ abolished and the tannery at Sembiam having been sold to the Rewah Darbar, the question arises whether Mr. Chatterton should still be allowed the use of the car which has been supplied at the cost of Government. It is submitted that unless there are special reasons, the car should now be sold and the proceeds credited to Government. As Mrs. Chatterton is now under the Educational Department, the matter may be referred to that Department for consideration.

I do not endorse the remark at A because I do not know what the conditions of Mr. Chatterton's present appointment are. He probably still has a good deal of scattered work. The matter will however no doubt be considered in Educl. 21.1.11.
