READ—the following paper :—

*Letter*—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., Acting Director of Public Instruction.

*To*—the Secretary to Government, Educational Department (through the Accountant-General, Madras).

*Dated*—Madras, the 27th March 1911.

*No.*—Ref. on C. 1796.

I have the honour to request that you will be so good as to obtain the sanction of Government for the employment, with effect from 1st July 1911, of an additional laboratory attender on Rs. 15—1—20 in the Kumbakónam College and for raising, from Rs. 10 to Rs. 10—1—15, the pay of the present laboratory attender.

2. The employment of an additional attender is considered necessary for the Physical laboratory in connection with the practical work in Physics of the students of the B.A. Group (i) who have to commence their course under the new regulations in 1911.

There is at present an attender on Rs. 10 per mensem for the Physical and Chemical laboratory whose employment was sanctioned in G.O., No. 779, Educational, dated 21st November 1908, but the Principal reports that as there will be practical work for three classes from July next the laboratory work will become too heavy for a single attender. He further states that the pay of the present attender, namely, Rs. 10, is too low for the hard and intelligent work he has to do and strongly recommends that it should be raised to Rs. 10—1—15. I consider these proposals to be reasonable.

3. I beg to submit the usual proposition statement for favour of sanction and to state that a re-appropriation statement showing how the extra charge proposed can be met during 1911-12 will be submitted on receipt of the civil budget estimate for that year.

*No. Tanj. 2-1-172, dated 5th April 1911.*

The entries in the column "Present scale" have been compared with the registers of this office and are correct.

2. There is no audit objection to the proposal being sanctioned by Government.

3. The necessary provision of funds should be made before the extra expenditure is incurred.

A. NEWMARCH,  
*Offg. Accountant-General.*

To the Secretary to Government, Educational Department.

**Order—No. 313, Educational, dated 26th May 1911.**

The Government are pleased to approve the proposal of the Director of Public Instruction to employ an additional laboratory attender in the Government College, Kumbakónam. They, however, consider that the services of a sufficiently good candidate for the post can be obtained on a monthly salary of Rs. 15 and will therefore fix the pay of the post at Rs. 15 per mensem. The pay of the present laboratory attender will also be raised from Rs. 10 to Rs. 12 per mensem.

2. The proposition statement submitted by the Director of Public Instruction will be altered accordingly and will be sanctioned with effect from 1st July 1911. The sanction will be registered as No. 75 of 1911-12.

3. The Director of Public Instruction will be requested to expedite the re-appropriation statement referred to in paragraph 3 of his letter.

NOTES CONNECTED WITH G.O., No. 313, EDUCATIONAL,  
DATED 26TH MAY 1911.

[SUBJECT.—*Employment of an additional attender in the Government College, Kumbakonam, and the enhancement of the pay of the present attender.*]

*Previous papers.*

G.O., No. 554, Edl., dated 19th September 1910.  
 " " 645 " " 11th November "

*From the Director of Public Instruction, No. 1796/11, dated 27th March 1911.*

The Director of Public Instruction requests sanction to the employment from 1st July 1911 of an additional laboratory attender on Rs. 15—1—20 per mensem in the Government College, Kumbakonam, and also for raising the pay of the present laboratory attender from Rs. 10 to Rs. 10—1—15 per mensem.

2. The necessity for the employment of the proposed additional attender is explained in paragraph 2 of the Director of Public Instruction's letter. The main reason is the increase of laboratory work owing to the fact that students of the B.A. (pass) course who have taken up group (i) Mathematics under the new regulations have to undergo training in practical Physics. The Principal states that there will be practical work for three classes from July next and that the laboratory work will then become too heavy for a single attender. The increase in the pay of the present attender is applied for on the ground that Rs. 10 is too low for the hard and intelligent work he has to do. The Hon'ble Mr. Stone considers these proposals to be reasonable.

3. The Government College, Rajahmundry, which, like the Government College, Kumbakonam, is affiliated to the University of Madras in group (i) Mathematics, and also in group (ii-A) Physical Science, has two laboratory attenders on Rs. 12 and Rs. 10 per month.

Director of Public Instruction to employ an additional attender in the Kumbakónam College may, perhaps, be approved. But there appears to be no reason why the pay of the attenders of the Kumbakónam College should be fixed at higher rates than those allowed for the attenders of the Rajahmundry College. It is for consideration whether an additional attender on Rs. 12 per mensem may be sanctioned in the place of one on Rs. 15—1—20 proposed by the Director of Public Instruction and whether the proposal to raise the pay of the present attender from Rs. 10 to Rs. 10—1—15 may be negatived.

P.R.--21-4-11.

The necessity for an additional attender appears to have been made out. The question is what scale of pay should be allowed to the two attenders. There are two

*Vide* proposition statement on page 3 of G.O.,  
No. 554, Educational, dated 19th September  
1910.

attenders in the Rajahmundry College who are paid Rs. 12 and Rs. 10, respectively. The present proposal is to fix the salary of the attenders of the Kumbakonam College

at Rs. 10—1—15, and Rs. 15—1—20 each, respectively. There are four attenders in the Presidency College, of whom three are paid at the rate of Rs. 20 each and one is paid Rs. 15 per mensem. The scale of pay proposed by the Director of Public Instruction may, perhaps, be approved.

K. RANGASWAMI AIYANGAR—22-4-11.

The additional attender may be sanctioned and the Rajahmundry scale of pay adopted. It is not alleged that the services of an attender cannot be obtained for Rs. 10.

M. S. MASCARENHAS—24-4-11.

You cannot apply Rajahmundry scales to Tanjore. It does not follow that the cost of living is the same. The proposal may be accepted. Tanjore rates run high.

L. DAVIDSON—26-4-11.

The draft order placed below is submitted for approval. If approved it may be forwarded to the Financial department u.o. for acceptance.

2. The Director of Public Instruction proposes to submit a re-appropriation statement later on.

*To the Director of Public Instruction.*

#### OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

In view of the large amount of money that Government is spending on laboratory fittings and apparatus it seems to me a mistake to economise in the pay of laboratory servants who are in immediate charge of all this valuable stock. If incremental rates are *per se* objectionable I should advocate Rs. 20 and Rs. 15. As regards the Presidency College proposals will soon be coming up for a revision of the laboratory establishments and I shall be surprised if the Professors prove content with Rs. 20 as the highest pay for an attender.

J. H. STONE—14-5-11.

In the light of the Director of Public Instruction's remark I should accept the proposal, without the modification suggested by Financial.

L. DAVIDSON—16-5-11.

I suppose the duty of these men is to keep the apparatus clean, to bring things to the lecturer as he wants them, and see that things are properly put away, gas extinguished and generally the laboratory kept neat and clean. I should say if men are employed on Rs. 12 and Rs. 15 sufficiently good servants should be obtained. These men are, I presume, in no sense assistants, and take no part in conducting experiments. Sanction on Rs. 12 and Rs. 15.

M. H[AMMICK]—17-5-11.

The draft order has been revised in accordance with the Honourable Member's orders. For orders whether it may issue.

G.O., No. 313, dated 26-5-1901.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b<sup>1</sup>) For rules regarding printing of notes, see the rules in G.O., No. 1220, Public, dated 30th November 1900.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Deputy Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Deputy Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.
