Station M a d r a s, Dated the 8th M a y 1911.

From (Name) The Hon'ble Mr. J. H. Stone, M.A.F.R.E.S.,

(Designation) Ag: Director of Public Instruction.

M a d r a s

To The Secretary to the Government of Madras,
Through
 Educational Department.

See

By the transfer of the Department of Industries to the control of the Educational department with effect from 1st January 1911, under G.O. No. 3446 Rev., dated 27th October 1910, the accounts of the Department for the year 1910-11 have been distributed to different heads of account, viz., XIX and XXI for receipts and 22 and 26 for charges. I have the honour to enquire whether in the Public Instruction Report for 1910-1911 the statistics relating to Industrial Education for the ^{whole} ~~whole~~ official year should be incorporated or only the figures so far as they relate to the period from 1st January 1911 to 31st March 1911 during which the Industrial Department was actually under the control of this Department.

2

A reference to the statement at the foot of the

2. A reference to the statement at the foot of the
General table IV of volume 1 of the Public Instruction report will

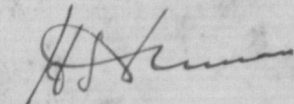

22/4
show how the figures shown under "Provincial Revenues" in the table are reconciled with those of the Accountant-General. If the figures of the Industrial Department for the ^{whole} ~~year~~ year are to be included in the report that portion of receipts and charges of the department for the first nine months of the year will have to be deducted to arrive at the Accountant-General's figure under "22-Education". The table will, however, show the charges under "22-Education" plus the charges of the Department of Industries including the weaving ^{and} ~~and~~ tanning sections under "26- Scientific & departments".

I request the favour of early orders on this communication.

I have the honour to be,

Sir,

Your most obedient servant,

For Director of Public Instruction.

EDUCATIONAL DEPARTMENT

NOTES.

C.No.1171, from the D.P.I., No.3048, dated 8-5-1911.

6
Subject.

Incorporation of the statistics relating to the Department of Industries in the Public Instruction Report for 1910-1911.

There appears to be no objection to including in the Public Instruction Report for 1910-11 the statistics relating to Industrial Education. On the other hand, they should be so included. The difficulty is about the inclusion of the charges of the weaving and tanning sections of the Department of Industries. These two sections of the late Department of Industries which have now been closed were quasi-commercial departments and their functions were not educational, and it does not appear to be appropriate to show under the head of education the charges relating to them. The inclusion of these charges in general table IV of the Public Instruction Report will unduly exaggerate the expenditure on education and will give an incorrect idea of the amount of educational expenditure of this Government.

2. For these reasons, the Director of Public Instruction may, it is submitted, be ^{instructed} ~~told~~ not to include in general table IV of the Public Instruction Report the charges relating to the late weaving and tanning sections of the Department of Industries, but to include therein only the charges of industrial education for the whole year 1910-11, reconciling ^{in the usual way} the figures in the general table with those of the Accountant General. ~~in the usual way~~

G.O. No. 3446 Rev. 7/27.10.10

Para. 1 at p. 1, C.F.

To Under Secy.

The control of the Industrial Education was transferred from the Revenue to the Educational Department with effect from 1st January 1911. The Director of Public Instruction now enquires whether in the Public Instruction Report for 1910-11 the Statistics relating to Industrial Education for the whole official year 1910-11 should be incorporated or only the figures so far as they relate to the period from 1st January 1911 to 31st March 1911.

2. The control of ~~the Dept.~~ ~~and was transferred to Educational~~ Industrial Education and the allotment for the expenditure thereon having been transferred to the D.P.I. only from 1st Jan'y. 1911 the Report should naturally record the transactions ~~as~~ from that date only.

x G.O. No. 521 Fil. 7/12.12.10
" " 167 " 7/31.3.11 D

But no report will presumably be submitted on the working of the late Department of Industries during the first nine months of the year. The Public Instruction ^{Report} may therefore, if it is submitted, include a report on Industrial Education throughout the year with the corresponding statistics. There seems to be no objection in this department to the exclusion of from General Table 4, of the Statistics relating to the Tanning and Weaving sections for the 1st nine months as proposed in the Edl. Dept. note.

Revenue have no objection to the proposals in Education's note
