17. 5. 11.

A copy of question no. 107 and the answer given to it at the meeting of the Legislative Council held on the 15th May 1911 is forwarded to the D.P. I and he is requested to state whether the statement required by the Hon'ble Legislative Council member can be prepared without undue trouble. If, however, the preparation of the statement for all the seven years is likely to involve much ^{labour} trouble it will suffice if information is given only for the past two or three years.

Sir,

In reply to Government Memorandum No. 1025-2, dated
17th May 1911, I have the honour to furnish below the figures for
mission and non-mission schools separately for the past three official
years and to state that the figures exclude grants paid to elementary
schools containing no standards higher than the fourth as figures for
non-mission and mission schools are not available separately for such
institutions.

EDUCATIONAL DEPARTMENT.

The Hon'ble Rao Bahadur Balakrishna Aiyar Ayl.

111. Will Government be pleased to lay
on the table a statement showing
the amounts of grants made, each
year, from Provincial funds
(a) to mission schools and colleges
and
(b) to other private aided schools
and colleges for various
purposes, during the past
seven years ?

The information asked for is not available in this office. It is for consideration whether it may be called for from the Director of Public Instruction. If so, the following answer may be given to the question:-

"The Government will call for the information asked for".

H.M.

This means a detailed scrutiny of seven years' applications in the D.P.I. office & the result will probably be a statement showing substantial grants to missionary institutions and relatively trifling allotments to other schools and colleges for the reason that the latter seldom have the means to undertake substantial building operations or other expenditure on improving their status. Expenditure will be made of the houses by ignorant & ill-disposed persons & I am very doubtful whether such a statement should be compiled & published. If H.M. agrees, the answer may read.

The information desired is not readily available at the Govt. Do not consider that any useful purpose would be served by compiling statistics on the subject. J

I have no objection to such a statement being prepared - if the D.P.I. can prepare it. But the question apparently refers to all Schools & Colleges - & to grant to all grants, viz teaching, boarding & all miscellaneous grants.

For all kinds of many institutions get the greatest share of grant because they are the richest & best managed & I don't think much harm will be done to any body by having this put into. However I don't think if the preparation of the return gives much trouble it need be granted & the reply may be,

"The Government have asked the information. The Dir of Public Instruction will be asked whether he can prepare a return giving the information asked for without undue trouble."

The D.P.I. might give the information in 2 or 3 years if there is much trouble to get it put in to screen. M.
