NOTES.

C No.1313, from the Political Department, No.952-1, dated 6-6-11.

Subject.

Compensation to the University of Madras for the loss of income sustained by it on account of the introduction of the secondary school leaving certificate scheme in the Cochin State.

The Cochin Durbar desires to be informed how the payment of compensation to the University of Madras for the loss sustained by that body on account of the introduction of the Secondary School leaving certificate scheme in this Presidency, is regulated.

2. The principle on which the amount of compensation payable to the University should be -- regulated has not yet been settled in this Presidency. In regard to this matter the Government of India in paragraph 5(e) of Home Department letter No.486 Education dated 26th June 1907, said

"The question of compensation to the University might perhaps be settled by the arrangement that if the University accepted the examination as qualifying for entrance, and if thereby, the receipts from the Matriculation examination were materially reduced, the proceeds of the school final examination, after all expenses were paid, should be credited to the University".

They further observed that it was obviously not necessary or desirable that Government should make money out of the examination.

3. Accordingly in paragraph 11 of G.O., No.427 Educational, dated 21st July 1909, approving the Scheme for the award of the secondary school leaving certificate, the Govt. stated that if the Syndicate of the University

ll
accepted the school)

leaving certificate as a substitute in whole or in part for the matriculation examination as a qualification for admission to the university course they would guarantee the University "against" reasonable loss of income to an extent not exceeding the profit derived from the new examination". The University has accepted the school leaving certificate as a substitute for the matriculation examination, but no compensation has yet been paid to the University as the first public examination under the school leaving certificate scheme was held only in March last. It will be some time before a decision is arrived at as to the exact amount of compensation to be paid to the University. If the Government are not to make money out of the examinations, or in other words, if the whole of the net proceeds of the school leaving certificate examination is to be paid to the University, the Cochin Durbar may be informed accordingly with the concurrence of the Financial Department.

T.K.

19-6-11.

The Syndicate of the University has not yet applied to this Govt for compensation for the loss sustained by that body in consequence of the institution of the school leaving certificate scheme. The amount of compensation can be settled only after the claim of the University is received and after the details of the expenditure of the last school leaving certificate examination are known. It is presumed that the Syndicate will make its claim in due course. It does not appear to be desirable to commit Government to any definite

definite line of action and it seems best to tell the Darbar that the ^{question} of Compensation to be paid to the University by the Govt. has not yet been ^{raised or} considered.
