## Memorandum No. 690-2, Educational, dated 11th May 1911.

From the statement of building grant applications dealt with in the office of the Director of Public Instruction during the past three years, the Government observe that there have been numerous cases of great delay in passing orders. They recognize that delay must occur in the stage between the promise of a grant and the actual payment since the length of this interval depends on the time taken to construct the buildings and a variety of other causes, but there seems to be no sufficient reason for similar delay in deciding whether or not to promise a grant.

2. How long that decision is deferred in extreme cases may be gathered from the following extract of selected items :—

| Item in the list. | Serial number. | Name of institution.                                | Amount of grant applied for or promised. | Period from date of application to date of order promising grant. | Period from date of order referred to in the last column to date of order authorising payment. |

The Director of Public Instruction is requested to explain fully the great delay which has occurred in these eight cases—

- in the decision (column 5) and
- in ordering payment of the grants promised (column 6).

3. Other items requiring special notice are the applications for building grants which were received from the Victoria Memorial school, Relangi, on the 28th August 1908, from C.M.S. college, Tirnevelly, on 3rd July 1908 and from the C.M.S. school, Narasingapatnam, on 16th July 1909. Apparently none of these has yet been disposed of. The Director of Public Instruction is requested to state the causes of the delay in these cases.

4. Apart from the special instances cited in this reference he should also examine the feasibility of expediting the disposal of applications for building grants in general, and report to Government whether it is not possible by some change in system to eliminate the delays which appear to be of such common occurrence.

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., Acting Director of Public Instruction.

To—the Secretary to Government, Educational department.

Dated—Madras, the 10th July 1911.

No.—Ref. on Cur. 3282.

With reference to Memorandum No. 690-2, Educational, dated 12th May 1911 I have the honour to submit a detailed statement giving the dates of the different stages which the building grant applications relating to the schools named in the memorandum had to pass through.

The causes of delay are of course not the same in all cases, but in looking through the files I do not find that speaking generally this office can be held responsible for it. It is due in the first place to the inability of managers to put in their applications in a complete form, which necessitates references back and forth often through several offices, in the second to the Public Works Department which would probably say that they put the things through as quickly as in the circumstances they could, and as regards the actual payment of the grant to the failure of the managers to perform their part of the contract.

I think the system is susceptible of some improvement and I propose to submit suggestions as soon as possible.

Order—No. 484, Educational, dated 18th July 1911.

The detailed statement received from the Director does not furnish complete means of checking the delay in disposing of applications for building grants. There is in the first place no explanation of the delay between the date of application (column 3) and its receipt in the Director's office (column 4), which in several cases, e.g., serial Nos. 4, 5, 8 and 11, has extended over many months; secondly, columns 4 and 5 do not note the date upon which the Director's office called for complete particulars and without this information it is not possible to apportion responsibility for delay in this stage of the case between that office and the school managers. Pending receipt of the Director's suggestions for improving the existing procedure, his attention will be drawn to these two points and he will be requested to see that his office systematically issues reminders when applications for building grants appear to be unduly delayed either in the Government office or by the Public Works officers to whom plans and estimates have been referred.

ORDER :- No 484 of 18.7.11

The detailed statement received from the Director does not furnish complete means of checking the delay in disposing of applications for building grants. There is in the first place no explanation of the delay between the date of application (col.3) and its receipt in the Director's office (col.4), which in several cases, e.g. serial Nos. 4, 5, 8 and 11, has extended over many months; secondly, columns 4 and 5 do not note the date upon which the Director's office called for complete particulars and without this information it is not possible to apportion responsibility for delay in this stage of the case between that office and the school managers. Pending receipt of the Director's suggestions for improving the existing procedure his attention will be drawn to these two points and he will be requested to see that his office systematically issues reminders when applications for building grants appear to be unduly delayed either in the Government office or by the Public Works officers to whom plans and estimates have been referred.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(c) The number of copies and the details of distribution should be filed in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Deputy Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Deputy Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected, and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.
