G.O., No. 570, Educational, dated 3rd August 1908.

ABSTRACT.—Informing the Director of Public Instruction that the application from the authorities of the High school, Srirangam, for a grant towards the cost of construction of a building for the school will be considered when the plans and estimates have been revised in accordance with the notes by the Consulting Architect; and requesting the Director of Public Instruction to inform the committee that no grant will be paid except on certain conditions.

II

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., Acting Director of Public Instruction, Madras.

To—the Secretary to Government, Educational Department.

Dated—the 11th July 1911.

No.—Ref. on Cur. 191/11.

In G.O., No. 570, Educational, dated 3rd August 1908, the plans and estimates for the construction of a building for the High school, Srirangam, were returned for revision. The management has now submitted the enclosed fresh plans and estimates prepared in accordance with my suggestions. The estimated cost of the proposed work amounts to Rs. 36,700 and a third grant of Rs. 12,233 is recommended under rule 51 of the Grant-in-aid Code.

2. The necessity for the proposed work was explained in paragraph 2 of this office letter Ref. on Cur. No. 3220/08, dated 26th May 1908, read in the above Government order.

3. The school is under the management of a committee which has been registered under Act XXI of 1860.

4. The management is anxious to begin the work as early as possible. It is therefore requested that the necessary sanction may be granted as was done in the case of the S.P.G. High school, Nandyál (Memorandum No. 1100-1, Educational, dated 30th May 1911). I am, as a special case, permitting the management to begin the work in anticipation of the above sanction.

III

Memorandum No. 1681-1, Educational, dated 17th July 1911.

The authorities of the High school, Srirangam, will be permitted to begin the construction of a building for the school without prejudice to their application for a grant for the purpose, which is now under the consideration of Government, and on the distinct understanding that no guarantee is given that any grant will be sanctioned towards its cost.

L. DAVIDSON,
Ag. Secretary to Government.

To the Director of Public Instruction.

Note by the Chief Engineer, Public Works Department, dated 24th July 1911.

	Rs.	The Director of Public Instruction
Main building	34,400	submits in connection with an application
Tiffin shed	1,235	for a grant-in-aid, estimates amounting
Latrines	900	to Rs. 36,700, as detailed in the margin,
Roads	165	and four plans for constructing a high
Total	36,700	school with necessary out-buildings at
		Srirangam.

The plans and estimates have been scrutinized in the Chief Engineer's office and some necessary alterations made in the roof timbers of the tiffin-shed.

The estimate submitted provides for a "jack-arched" roof over the main building. The acoustic properties of rooms roofed in this way having been found by experience to be unsatisfactory it is suggested that the roof may be "Madras terrace" instead of "jack-arched", and a saving of Rs. 110 thus effected.

If the aspect of the building cannot conveniently be changed it is desirable that the west side be protected from the afternoon sun by a verandah instead of a sunshade as provided in the estimate. This can, however, be added subsequently if found necessary.

The country wood to be used in the out-buildings is not specified. Any one of the following may be used for the roof timbers—ainee, karamradu, poonah, iurul jarrah or irumbogam.

A minor alteration is recommended in the elevation of the building and is shown in a slip attached. The arrangement of joists and girders for the change of roofing as suggested above is also attached.

With these remarks, the estimates, as altered in the Chief Engineer's office, aggregating to Rs. 36,130 (which provides for a jack-arch roof) are recommended for sanction.

C. A. SMITH,
Chief Engineer, P.W.D.

Order—No. 518, Educational, dated 31st July 1911.

The Government are pleased to sanction a grant not exceeding one-third of the actual expenditure, nor exceeding Rs. 10,000 towards the cost of constructing a building for the High school, Srirangam, subject to the following conditions:—

(1) that in carrying out the work the suggestions of the Chief Engineer in his note read above are adopted;

(2) that the work is completed before the 31st January 1913;

(3) that a certificate of the actual expenditure incurred on the work is submitted before the 15th February 1913;

(4) that all other conditions prescribed in the Grant-in-aid Code have been duly complied with.

2. On the above conditions being fulfilled the grant will be paid as funds become available.
