Passing orders on the question of providing — accommodation for the students attending the Medical School, Rayapuram.

NOTY RECORD.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

Read—the following papers :—

I

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., C.I.E., Director of Public Instruction, Madras.
To—the Secretary to Government, Educational Department.
Dated—the 5th September 1910.
No.—Ref. on Cur. 3665.

With reference to G.O., No. 1182 W., dated 19th October 1909, I have the honour to submit herewith plans and estimates amounting to Rs. 1,12,710 for providing the hostel attached to the Medical School, Rayapuram, with additional accommodation and to request that they may be approved and transferred to the Public Works Department for sanction. With regard to the details of the estimate, I beg to submit for the consideration of Government the following suggestions made by Lt.-Col. Reeves and reiterated by Captain L. Hirsch, the late Acting Superintendent of the School :—

(1) The Superintendent having been provided with a separate building, Superintendent's quarters above the gate are unnecessary.

(2) All the windows are placed 7 feet from the floor. They are too small. They should begin 2 or $2\frac{1}{2}$ feet from the ground and should be at least 4 feet $\times$ $3\frac{1}{2}$ feet with bars.

(3) Part of the Superintendent's quarters should be transferred into a general reading room.

2. In addition to these suggestions, Captain Hirsch has also recommended the construction of a compound wall round the existing and the proposed hostel buildings so as to enclose and make private the play-ground, gymnasium and the parade ground for Military pupils which are all included in the hostel grounds.

II

Memorandum No. 1775-1, dated 6th October 1910.

Before passing final orders on the plans and estimates for enlarging the hostel attached to the Medical School, Rayapuram, submitted with the Director of Public Instruction's letter R.C. No. 3665, dated 5th September 1910, the Government desire to know what arrangements are to be made for supervising the students in the enlarged hostel. The Government consider that some kind of discipline must be enforced among the large body of students who will reside in the hostel and that the students must have a locking-in time, a time when all lights are to be out and other similar restrictions. The Director of Public Instruction is accordingly requested to submit, in consultation with the Surgeon-General, detailed proposals for the superintendence of the hostel. He is also requested to report—

(1) whether the Superintendent of the Rayapuram School will find time to look after the students resident in the hostel in addition to his other duties;

(2) how far from the hostel is the building which was recently purchased for the residence of the Surgeon of the first district, Madras, and Superintendent of the Rayapuram Medical School, and whether the Superintendent is likely to exercise from his present residence an effective supervision over the students in the hostel; and

(3) whether, in the event of the Superintendent's not being able to supervise the hostel, an Indian or a Eurasian Assistant Surgeon would be likely to maintain discipline among the large number of students in the enlarged hostel, and if not, whether it will be necessary to employ an officer of a higher rank for that purpose.

(By order.)

M. S. MASCARENHAS,
Under Secretary to Government.

To the Director of Public Instruction.

III

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., C.I.E., Director of Public Instruction, Madras.
To—the Secretary to Government, Educational Department.
Dated—the 4th October 1910.
No.—Ref. on Cur. 4653.

In continuation of my letter Ref. on Cur. No. 3665 dated 5th September 1910, I have the honour to submit herewith a rough sketch and an approximate estimate amounting to Rs. 2,000 for constructing a compound wall round the quarters of the warden, Medical School hostel, Rayapuram, and for building a horse-stall and coach-house in the compound and to request you will be so good as to obtain the administrative approval of Government for the additions in question and to have the necessary orders issued, if possible, for the work being carried out along with improvements to the hostel proposed in my letter quoted above.

The Warden reports that a compound wall is necessary to prevent undesirable persons loitering about the place which is now too open and that the coach-house and horse stall are necessary as the stable of the school which was being used by him till a year ago can no longer be utilized for the purpose as three successive coachmen have complained to him of the place being insecure and haunted owing to its contiguity to the dissection room which often contains dead bodies.

IV

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., Acting Director of Public Instruction, Madras.
To—the Secretary to Government, Educational Department.
Dated—the 30th November 1910.
No.—R.C. 3665.

With reference to your Memorandum No. 1775-1, dated 6th October 1910, I have the honour to state that I have obtained at first the views of the Superintendent, Rayapuram Medical School, on the subject and am now asking the Surgeon-General with the Government of Madras to favour me with his opinion in view to the submission of detailed proposals to Government in the matter.

V

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., Acting Director of Public Instruction, Madras.
To—the Secretary to Government, Educational Department.
Dated—the 19th January 1911.
No.—Ref. on Cur. 3665/10.

With reference to your Memorandum No. 1775-1, dated 6th October 1910, calling for detailed proposals with regard to the superintendence of the proposed enlarged hostel of the Rayapuram Medical School, I have the honour to report as follows.

The Superintendent of the Medical School says that he cannot find time to look after the students resident in the hostel and that further as the hostel building is nearly a mile and a half from his residential quarters, an effective supervision

cannot be exercised by him over the students. He is of opinion that Civil Assistant Surgeon A. M. Masilamani Mudaliyar, the Assistant Superintendent of the School who is at present managing the hostel is quite able to look after the enlarged hostel and that an allowance of Rs. 50 per mensem should be granted to him in addition to the privilege of free residence which he has been enjoying at present. The Surgeon-General with the Government of Madras, whom I have consulted as to the best means of securing an effective supervision over the students, agrees with the Superintendent in the above view. I beg therefore to suggest that the Assistant Superintendent, who is a resident officer, be appointed as Warden of the proposed hostel and that he be empowered to exercise immediate and full control in all matters affecting the discipline thereof including the grant of leave to the boarders, subject to the condition that an appeal should lie to the Superintendent against his orders in such matters. It will not be possible for the Assistant Superintendent to have also immediate charge of the messing and accounts and I am therefore of the opinion, in which the Surgeon-General also concurs, that a full-time manager is necessary for this purpose and that he should be paid Rs. 20 *per mensem* out of the hostel collections. The allowance proposed for the Warden should, however, I think be borne by Government since his duties are mainly disciplinary.

Order—No. 537, Educational, dated 4th August 1911.

The correspondence read above relates to the provision of additional hostel accommodation for the students attending the Medical School at Rayapuram and the arrangements necessary for their supervision.

2. There is at present a single block containing accommodation for 48 pupils with a separate bungalow in close proximity for the occupation of the warden in charge. This will form a convenient location for senior students and may be utilized for that purpose.

3. The strength of the school indicates the necessity of providing additional accommodation for some 150 students. This should take the form of a single quadrangular block on the plan commonly adopted in collegiate institutions in England, provision being made not only for the students but also for quarters for two resident wardens, a gateway and porter's lodge at the main entrance and a separate postern-gate for the exclusive use of the Superintendent.

4. While the direct supervision will thus be exercised by three wardens selected from the subordinate staff of the hospital and medical school, the Government consider that the general superintendence should vest in the Superintendent himself. This arrangement will necessitate his living in close proximity to the building and an official residence must therefore be constructed for him on the premises.

5. The Director of Public Instruction is requested to obtain at an early date fresh plans and estimates for the buildings rendered necessary in order to give effect to the arrangements now decided upon and to submit them for the approval of Government.

(True Extract.)

L. DAVIDSON,
Ag. Secretary to Government.

To the Director of Public Instruction, with plans and estimates returned.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.), by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be written distinctly.

(c) For rules regarding printing of notes, see the rules in G.O., No. 1220, Public, dated 30th November 1900.

(d) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(e) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(f) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Deputy Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Deputy Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretary when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.

* Copies distributed on (Press Clerk.)

† Copies distributed on (Despatcher.)

* To be initialled and dated.
