From (Name) R.F. Austin Esquire, B.A., J.C.S.,

(Designation) Acting Collector.

To The Secretary to the Government of Madras,
Educational Department.

Sr,

I have the honour to submit herewith an application for exemption from examination rules in favour of J.B. David, Minor Irrigation Sub-Overseer, Arantangi.

He was working as a Surveyor in the Public Works Department and in various investigations and projects since 1903 and from the copies of the testimonials enclosed, he appears to have given entire satisfaction. In 1910 he was employed as Surveyor in the Cauvery Reservoir Project, Tanjore district, on #60 and on the termination of this temporary appointment, he applied for the post of Minor Irrigation Sub-Overseer in this district. I appointed him on 26th September 1910 as Minor Irrigation Sub-Overseer, Arantangi, on #40 on probation for six months in the vacancy caused by the resignation of the permanent incumbent. His work during the period has been satisfactory and the Divisional Officer, Pattukkottai, recommended his confirmation.

The Nagavalli Project,
Vizagapatam District,
15-2-09.

This is to certify that Mr. J.B. David has been employed on this Project for very nearly 2 years. His Sub Divisional Officers have all given him excellent report and his work has always been ^{found} to be accurate and good. I ~~am~~ can confidently recommend him to any body requiring a good surveyor and leveller. He is a good draftsman too and writes a neat hand. He has an excellent constitution and is not afraid of Malarious districts. His conduct has always been exemplary. I can only hope now that he will soon find a permanent footing in the P.W.D. at least as a Sub Overseer.

Executive Engineer, P.W.D.

Waltair, 9-12-08.

Mr. J.B. David worked under me as a Surveyor on Nagavalli Project for nearly two years. He gave me every satisfaction. He worked hard, his levels and Surveys were accurate and his drawings neat. I wish him every success.

Sd/- V. Hart,

Assistant Engineer, D.P.W.

III.

Mr. J.B. David has been working in the Nagavalli Project Division as Surveyor from April 07 to Jan. 09 and I have had personal knowledge of his services from June 08. He is intelligent and hard-working and I found him a neat and accurate leveller. He leaves as there is no further necessity for a Surveyor in the Division.

IV.

Periyar, April 18th 1907

Mr. J.B. David served as a Surveyor on the Periyar Pambayar Investigation during the first field season from December 1906 to April 1907. His work lay in the rough uninhabited jungle to the south of the Periyar Lake, and was mostly 22 miles from the nearest hamlet. He endured cheerfully the many difficulties resulting from the character of the country, the climate, the out-of-the-way situation and the leeches and other pests. The field work calculation and plotting were entirely satisfactory.

Assistant Engineer.

Office of the
Salem Coimbatore Investigation Party,
Coimbatore, dated 11th December 1906.

J.B. David has worked under me as a Surveyor in the Kurnool and Salem Coimbatore Investigation Parties for the last 3 years. On account of his capacity for work and his honesty and character, he has always been employed by me in the most trying situations (on the Velgode and Siddapur Projects in Kurnool and on the Upper Bhavani in Coimbatore). He has always done steady good work. He leaves the Party now for employment elsewhere; and I have no doubt that he will win the approbation of his employers always.

J.B. David worked as a Surveyor under me for about 2 years on the investigation of the Ouk Project in Kurnool and the Upper Bhavani Project in the Coimbatore District.

During this time I found him hard working and willing to do his best to give satisfaction, and his levels were correct. I was very pleased with his work and conduct, and have much pleasure in giving him this certificate of his severing his connection with this Party.

To The Secretary to the Government of Madras,
Revenue Department.

Sir,

In reply to Government Memorandum 951 B/11-1,

Revenue, dated 27th June 1911, I have the honour to report that the work of the Sub Overseer in Arantangi taluk is arduous and exacting. It is also extremely unpopular with all subordinates who are sent there. The first of these conditions will render it extremely unlikely that J.B. David will find time to study for the remaining --- tests. The second results in a constant change of officers to the detriment of the work. It is easy to get a qualified man to accept the post, but not to stay in it. The last incumbent even resigned in order to get away from it.

I have the honour to be,
Sir,
Your most obedient servant,

C. No. 1217 From the Collector of Tanjore No. 1139/Ven dated 29-5-1911.

SUBJECT. Recommending the exemption of J. B. David, ag. minor Irrigation Sub-Overseer, Arambangi, on Rato, from the examinations prescribed for the post.

Item (19) on p. 5 of the Public Service notification. C

The following qualifications have been prescribed as qualification for the posts of Minor Irrigation Sub-Overseer:—

(i) Examinations prescribed for the Sub-Overseer and Subordinate Class of the College of Engineering, or

(ii) Examinations in Agricultural Engineering and Surveying and Levelling prescribed for the diploma in Agriculture under the notification regulating the Govt. Technical examinations, or

(iii) Examinations in the intermediate grade in—

- ✓ (a) Building - Drawing and estimating,
- ✓ (b) Surveying and levelling,
- (c) Building materials and construction,
- (d) Hydraulics and Irrigation works, and
- ✓ (e) Earthwork and Road-making under the notification regulating the Govt. Technical examinations.

2. J. B. David, the Candidate recommended by the Collector of Tanjore (Mr. Austin) has passed (b) in the intermediate grade and (a) and (e) in the elementary grade. He has also passed "mensuration" which is not one of the subjects prescribed for the post in the elementary grade. His exemption is applied for on the grounds that he appears to have given entire satisfaction when he was employed as

Col. 1 of application on page 3 & 4 of C.F.

as a Surveyor in the P.W.D. and that his work during his probationary period at Mantangi as a Minor Irrigation Sub-Overseer has also been satisfactory. It is not, however, stated that passed Candidates are not available. The application seems to have been made ~~on~~ on personal grounds ^{and not} ~~there~~ in the interests of the public service.

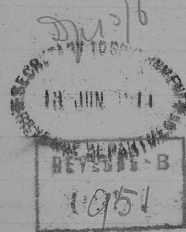

3. The Revenue department may be requested to offer their remarks as to whether the exemption applied for may be granted.

The Collector states that, as the minor irrigation work in Arantangi Taluk is arduous and exacting, ~~the~~ it is extremely unlikely that J. B. David will find time to study for the examination and that, though it is ^{not} difficult to get a qualified man to accept the post, he does not stay in the appointment long and ~~there~~ a frequent change of officers is thereby necessitated. It is ^{not} ~~under-~~ ^{stop} ~~impossible~~ why every qualified sub-divisional officer posted to Arantangi should ~~be~~ ^{find the work} so unpopular as to be obliged to quit the place. Mr. J. B. David has been employed in Arantangi since 26-9-1910 & ~~his work has been satisfactory~~ ^{his work has also been satisfactory}. In case no ~~any~~ qualified candidate is

as he will have no chance of qualifying

granted for 2 or 3 years. orders are solicited.

27.7.11

Sug.

1/ It is not clear why the collector
expects that J B David will be any more
willing than other minor revenue
oversers to stay in Aruntangi after he has
been confirmed.

2/ But he seems to be a useful man.
Perhaps Sir might ask that he should
be exempted for a couple of years
to give him a chance of passing
his tests

28.7.11

Hm.

I think Mr R.F. Austin's recommen-
dation is really worth more than the Exams.
I would support his request.

28.7.11

Mr Austin's main reason for recom-
mending exemption is that he has found
in J. B. David a man who will
