GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper :—

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., Acting Commissioner for Government Examinations, Madras.

To—the Secretary to Government, Educational Department.

Dated—the 7th August 1911.

No.—837.

I have the honour to submit the annual report on the examinations under the control of the Commissioner that were held during the year 1910–1911.

Dr. Bourne proceeded to Europe, on leave, on the 12th October last, when I assumed charge as Acting Commissioner.

2. The clerical work connected with the different examinations held under the Code of Regulations for European Schools was done, as in the previous year, by this office under the supervision of the Secretary; and the entire work of the Board for the Award of Secondary School-Leaving Certificates was also done by the office.

3. Under G.O., No. 675, Educational, dated the 25th November 1910, the Salt and Abkari Department Competitive Examination was abolished.

4. All the examinations were held at the various centres in the Presidency. Of these, the Special Test and the November Technical Examinations were held also in Mercara, and the April and the November Technical Examinations in the Native States of Travancore, Cochin and Mysore and in Bangalore.

5. Detailed information in respect of each examination is given below :—

(a) *Technical Examinations (April, June, November and January).*

The total number of individual candidates registered for the three grades of examination was 7,843, of whom 249 were for the Advanced grade, 2,117 for the Intermediate and 5,477 for the Elementary. There was an increase in the numbers registered for all three grades. Sixty-nine of the candidates for the Advanced, 551 for the Intermediate and 994 for the Elementary grade were pupils who belonged to 11, 37 and 56 different institutions, respectively.

The total number of subject-candidates examined was 9,519, of whom 3,600 were successful. There was an increase in the number of candidates for each grade both under "examined" and "passed," as also in the percentage of subject-passes for the Advanced grade, but there was a decrease in the percentage of passes for the Intermediate and Elementary grades and also on the whole.

Eleven of the subject-candidates for the Advanced grade, 59 for the Intermediate and 179 for the Elementary were female candidates. All the female candidates for the Advanced grade and 36 and 74 for the Intermediate and Elementary grades, respectively, were successful. Of the eleven female candidates for the Advanced grade, one came up in Free-hand Outline Drawing and the remaining ten in Needle-work and Dress-making, and the largest number for the Intermediate and Elementary grades took up Free-hand Outline Drawing.

The number of papers set for the Advanced, Intermediate and Elementary grades, respectively, was 36, 91 and 77, the number of subjects for the corresponding grades being 13, 51 and 53.

Brahmans, Non-Brahman Caste Hindus and Native Christians formed the bulk of the subject-candidates that passed in the case of all three grades.

Eight diplomas, of which four were for Commerce, and 83 group certificates, among which there were three for Mechanical Drawing, were issued during the year.

The silver medal of the Madras Musical Association was not awarded during the year, as the only successful candidate did not satisfy the conditions prescribed.

(b) *Examinations in connection with the Subordinate Medical Department (May).*

Fifty-nine applications (from matriculates) were received in all for the grade of Civil Medical Pupil for which thirty vacancies were thrown open to competition. Twelve matriculates registered their names for the grade of Madras-Burma Hospital Assistant Pupil for the twelve vacancies advertised and there was no competitive examination for that grade. There were six vacancies for the grade of Native Military Pupil; the Surgeon-General with the Government of Madras wrote to say that "of the six candidates required for that grade, two had already been ordered to be admitted into the Medical School without competitive examination and the remaining four might easily be got from the 29 surplus candidates on the Civil side", and accordingly there was no examination for that grade also.

(c) *Special Test Examinations (October).*

For these examinations, 4,389 candidates in all registered their names, 3,450 presented themselves for examination and 1,510 passed. The numbers that were registered and examined and that passed during the previous year were 4,137, 3,285 and 1,409, respectively. The results were fair on the whole.

Under G.O., No. 596, Educational, dated the 1st November 1909, the examinations in the Civil and Criminal Judicial Tests were conducted, as in the Revenue Tests, with books and without books. In the case of the former test, the examinations were held in the subjects as grouped in G.O., No. 154, Educational, dated the 19th March 1910.

The results in the Civil Judicial Test were better than those of the previous year. In the case of the Criminal Judicial Test, the percentage of success in the Higher grade rose from 31.5 to 42.5, while that in the Lower grade fell from 34.1 to 29.

6. *Finance.*—The receipts amounted to Rs. 1,68,215, or Rs. 97,838 more than in the previous year.

The expenditure, inclusive of refunds and of the charges for printing work done at private presses, was Rs. 70,906.

7. An inventory of valuable stock was duly maintained and checked during the year.

INSTRUCTIONS FOR THE
SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b) For rules regarding printing of notes, see the rules in G.O., No. 1220, Public, dated 30th November 1900.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Deputy Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Deputy Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.
