Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., Acting Director of Public Instruction, Madras.
To—the Secretary to Government, Educational Department (through the Accountant-General).
Dated—the 30th June 1911.
No.—Ref. on Cur. 1561/11.

I have the honour to request you will be so good as to obtain the early sanction of Government for the employment of an additional assistant on Rs. 200 *per mensem*, who will be outside the cadre of the Provincial educational service, in the Government College, Mangalore, with effect from 15th July 1911. The appointment may be a gazetted one.

2. In their report on the inspection of the Government College, Mangalore, the University Inspection Commission remarked that the present history assistant on the staff had to do all the history work in the college—16 hours in the week—and had, in addition, five hours of history teaching in the school department, that all the members of the staff appeared to have very long time-tables and that it was desirable, if possible, that an additional assistant should be appointed who would be able to take part of the work of teaching history. They also added that when the science classes were taken in the new building, an assistant—a graduate in chemistry—would be required. The Principal proposes accordingly the appointment of a Vice-Principal in the Provincial educational service in addition to the present staff and states that, if one able to teach history and English be appointed as Vice-Principal, he can relieve the present history assistant of some of his work and arrange for separate lectures for physics and chemistry.

3. I consider that the addition to the staff proposed is necessary, not because of the strength of the college but because of the multiplicity of the subjects taught and the need, under the new University regulations and the scheme for secondary school leaving certificates, of a more highly specialized staff. It may also be hoped that a better organization of the teaching in the college will enhance its popularity and lead to an increase of strength. I understand, however, that additions to the cadre of the Provincial educational service are out of the question and I dislike the designation Vice-Principal as implying some invasion of the Principal's authority. I, therefore, propose the addition to the college staff of an appointment on Rs. 200 *per mensem* outside the cadre of the Provincial educational service. I submit herewith a copy of the distribution of work which the Principal proposes to adopt if an additional assistant is appointed; but I think that a more complete differentiation of the college from the school staff is desirable and that, if my proposal is accepted, the Principal will be asked to bear this in mind.

4. I beg to add that the present proposal is made to meet the requirements of the University Commission and that further proposals will be submitted later including the addition to the institution of at least the three lower forms of a high school.

5. I beg to submit herewith the usual proposition statement and to state that a re-appropriation statement pointing out the source from which the extra cost can be met during the current year will be submitted on receipt of the civil budget estimates.

Official Memorandum No. 1698-2, Educational, dated 1st August 1911.

The Director of Public Instruction is requested to submit at an early date a copy of the University Inspection Commission's report on the Government College at Mangalore referred to in paragraph 2 of his letter, R.C. No. 1561/11, dated 30th June 1911.

2. He is also requested to submit for the information of Government copies of all the reports on Government institutions submitted by the University Commission which recently inspected them and to furnish for record copies of all similar reports in future.

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., Acting Director of Public Instruction, Madras.

To—the Secretary to Government, Educational Department.

Dated—the 4th August 1911.

No.—Ref. on Cur. 1561/11.

With reference to Government Memorandum No. 1698-2, Educational, dated 1st instant, I have the honour to submit herewith a copy of the University Inspection Commission's report on the Government College, Mangalore, and also copies of the reports of the Commission on the Presidency, Kumbakonam, Rajahmundry, Law, Medical and Teachers' Colleges.

Order—No. 581, Educational, dated 17th August 1911.

The proposal of the Director of Public Instruction to strengthen the staff of the Government College, Mangalore, by the appointment of an extra assistant is approved, but the Government consider that the new appointment should take the form of a

temporary addition to the last grade of the Subordinate educational service—Collegiate branch, pending the introduction of the scheme for the establishment of model secondary schools. The Director of Public Instruction can then arrange to post a member of the Subordinate service drawing Rs. 175 *per mensem* to do duty in the Mangalore College, his place being taken by the temporary assistant now sanctioned.

2. A revised proposition statement and a re-appropriation statement should be submitted for sanction.

NOTES CONNECTED WITH G.O., No. 581, EDUCATIONAL, DATED
17TH AUGUST 1911.

[SUBJECT.—*Employment of an assistant on Rs. 200 per mensem in the Government
College, Mangalore.*]

Previous papers:

G.O., No. 113, Educational, dated	4th March	1907.
" " 87	"	21st February 1910.
" " 735	"	12th December "

From the Director of Public Instruction, No. 1561, dated 30th June 1911.

The appointment of an additional assistant in the institution appears to be necessary, but it is for consideration whether the appointment may not be temporary for the present, pending the introduction of the scheme for the establishment of model high schools, as the Mangalore College is one of the institutions affected by that scheme. Under that scheme the number of assistant masters for each institution is not fixed and the Director of Public Instruction will have power to post any number of assistant masters to any school according to its requirements—please see paragraph 9 of the letter to India No. 87, Educational, dated 21st February 1910.

2. Another point for consideration in this connection is whether it is necessary to keep the proposed appointment outside the Provincial and Subordinate Educational Services. The assistant lecturers in the Mangalore College are included in the cadre of the Subordinate Educational Service, collegiate branch, and no reasons have been assigned as to why the proposed appointment also should not be included therein.

3. The Director of Public Instruction has not forwarded a copy of the report on the college by the University Commission of Inspection although he states that his present proposal is made to meet the requirements of that commission.

T.K.—18-7-11.

Please see paragraph 9 of Letter No. 87, Educational, dated 21st February 1910.

Paragraph 9 of letter No. 87, Educational, dated 21st February 1910. According to the scheme for the establishment of model secondary schools submitted with that letter, the assistant lecturers of all second-grade colleges are included in the Subordinate Educational Service—collegiate branch. The maximum salary of the above branch is, however, only Rs. 175 *per mensem* and as the Director of Public Instruction wants a man on Rs. 200 *per mensem*, it seems to be desirable to keep the appointment outside the Provincial and Subordinate Educational Services and sanction the appointment temporarily until sanction is received to the scheme of model secondary schools.

K. RANGASWAMI AYYANGAR—18-7-11.

The model high school scheme provides, it is true, for a staff of assistant masters, who may be transferred from one institution to another at pleasure, but their pay is limited to Rs. 100* *per mensem*, and what is now sought is a more highly-paid person, whose salary (Rs. 200) is Rs. 25 in excess of the maximum scale obtaining in the Subordinate Educational Service. The scheme also contemplates the employment of ten members of that service under the name of assistant lecturers to be allotted to the five second-grade colleges (including Mangalore). It is conceivable—though not, I think, probable—that one of these colleges might be able to do with a single assistant lecturer, in which case three might be posted to Mangalore. This would secure the extra hand, but not the pay deemed necessary—Rs. 200, for the maximum salary which a member of the Subordinate Educational Service can draw is Rs. 175. I do not like the idea of creating isolated appointments outside existing services, and should be disposed to suggest this arrangement to the Director of Public Instruction, *i.e.*, a temporary additional appointment to the Subordinate Educational Service pending orders on the model high school scheme with instructions to post a Rs. 175 man to Mangalore.

* Rs. 120 *per mensem* according to the revised proposals submitted in letter No. 735, Educational, dated 12th December 1910.

Statement on page 6 of letter No. 735, Educational, dated 12th December 1910.

L. DAVIDSON—19-7-11.

FINANCIAL DEPARTMENT.

The entertainment of an additional hand for the Government College, Mangalore, is reported to have been recommended by the University Inspection Commission. The Director of Public Instruction asks that a new *permanent* post on Rs. 200 may be created, but the Educational Department propose to sanction the employment of a man on Rs. 100† *temporarily* until effect is given to the model secondary schools scheme (a teacher on Rs. 175 being actually deputed to do the teaching work in the Mangalore College). Submitted that this department may agree with the proposal of Educational.

2. No provision has been made in the current year's budget on account of the charge, and with reference to paragraph 3 of Accountant-General's endorsement the Educational Department may, it is submitted, be requested to have the necessary re-appropriation of funds sanctioned before the expenditure is incurred.

Please first ask for the University Commission report on the college. I should like to see what they said about it.

We always should get their reports for reference in the office—ask the Director of Public Instruction for copies of all the reports of these commissions on all Government institutions.

[Memorandum No. 1698-2, dated 1st August 1911.]

From the Director of Public Instruction, dated 4th August 1911, R.C. No. 1561.

Please see the University Inspection Commission's report on the Mangalore College.

2. The Commission notices a large number of defects both in the organization and working of the college, the following being the chief among them:—

- (1) the history lecturer has 21 hours work in the week;
- (2) no continuous course of work in mathematics has been drawn up and the practical work of the students not valued systematically;
- (3) no syllabus in practical physics and chemistry has been drawn up;
- (4) the quantitative work in practical chemistry has been entirely neglected;
- (5) the temporary arrangements made for the teaching of physics and chemistry are very unsatisfactory;
- (6) the new science laboratory under construction is defective;
- (7) the science apparatus is unsystematically arranged and badly stored;
- (8) more science apparatus is required;
- (9) the library should be enlarged and the library grant increased.

3. The Director of Public Instruction also submits copies of the University Commission report on other Government colleges.

T.K.—12-8-11.

The present proposal is to appoint an additional lecturer, who will relieve the present history assistant of some of his work and also render it possible to arrange for separate lectures for physics and chemistry.

K. RANGASWAMI AIYANGAR—12-8-11.

There is no doubt the extra hand is wanted.

L. DAVIDSON—14-8-11.

The Secretary's proposal on page 2 may be carried out. The college does not seem to be in a very efficient condition.
