From (Name) J. R. Henderson, Esq., M.B.C.M., F.L.S.,
(Designation) Director, Marine Aquarium.

To The Secretary to the Government of Madras,
Educational Department.

Sir,

Referring to G.O. Mis. nos 194 and
309 Educational dated 3rd April and
23rd May 1911 respectively sanctioning
the employment of the marginally-noted
non-pensionable Establishment for
the Marine Aquarium, I have the honour
to state that further attempts have
been made to secure men at the rates
of pay sanctioned by Government, but
that so far they have proved unsuccessful.

1 Cooler on
No. 6.

I regret that I am ^{therefore} forced to re-submit the matter for the orders of Government.

2. As regards the pay to be fixed for the coolies, I venture to invite the attention of Government to the remarks made in my letters dated 16th February ^{G.O. no 194} and 12th April 1911 regarding their work. Having regard to the facts that they have to do very hard work continued for long hours, and that they have to take night shifts, I respectfully beg leave to urge that the rates proposed by me Rs 10 each for six coolies, and Rs 8 for the seventh man, are not excessive. As Government are, however, of opinion that the reasons put forward by me for an enhanced scale of pay are of a temporary character, I have the honour to propose that the enhanced scale may be sanctioned temporarily till the 31st March 1912. If this is approved, I shall resubmit the question for the orders of Government in January next. I beg to add for the information of Government that it is becoming increasingly difficult to secure coolies for the Aquarium at a daily wage of five annas,

This is the pay originally proposed for these men by the Director in G.O. 194 of 3-4-11

and I fear that this rate will have to be raised. Further I consider that the system of employing coolies paid from day to day is unsatisfactory for several reasons, Chief among which are, (i) that it takes up much of the time of the keepers at the Aquarium to look out for coolies, and (ii) that it places within their reach opportunities of speculation. I am therefore of opinion that this system should be discontinued as soon as possible. I have accordingly the honour to request that Government will be pleased to sanction the enhanced scale of rate proposed by me for the coolies, subject to the conditions that the scale will hold good only till the 31st March next and that the matter should be resubmitted for the orders of Government in January 1912.

3. As regards the gardener, I have the honour to observe that it has not been found possible to secure a competent gardener at Rs 6. It is no doubt possible to get a boy or woman at this wage, but neither of these would be of any use except in watering the plants. I have accordingly the honour to request that Government

It be pleased to reconsider the matter and
injection a pay of Rs. 7/- per menssem.

The pay originally
proposed was Rs. 8.
Vot let's in 190
194 58 73 4 11

4. If the above proposals are approved,
the non-pensionable staff of the Marine
Aquarium will consist of the following
servants:—

6 coolies on Rs 10/- each;

1 cooly on Rs 8/-;

1 gardener on Rs 7/-; and

1 nightwatchman on Rs 7.

same as that sanctioned
in 194 58 73 4 11

Apart from these men it will be necessary
to employ coolies for taking water from the
sea in order to renew the water in the tanks;
as this is only done about twice a week
on the average, it is unnecessary to em-
ploy for the work coolies paid by the
month. As heretofore coolies will be engaged
for the work as required at suitable
rates.

5. With reference to para 5 of my
letter disposed of in G.O. No. 194 dated
"April 1911 and para 2 of that G.O.,
I have the honour to submit a re-
appropriation statement (in duplicate)
meet the additional cost involved in

the current year on the assumption that the
coolies and gardener will be engaged
from the 1st August next.

6. I have the honour to request that
Government will be pleased to favour
me with early orders on this reference.

I have the honour to be,

Sir,

Your most obedient Servant,

2. There is no audit objection to the proposed scale of pay being sanctioned by Government.
3. It is a matter for the consideration of Government whether the Director should be authorized to incur expenditure on account of coolies engaged by the day in addition to coolies on a fixed scale sanctioned by Government. (Vide the latter part of para 4 of the Director's letter).
4. The pay of the coolies proposed to be entertained should be debited to "Pay of menials" and not to "Wages and cooly" The extra provision of Rs. 388 may, therefore, be made under the head "Pay of menials" only and not as proposed by the Director.
5. The reappropriation requires the sanction of Government in the Financial Department.

NOTES.

C. No. 1807 From the ^{Director}~~Secy~~ Marine Aquarium No. 70, dated 10. 7. 1911.

SUBJECT.

Pay of the menial establishment
of the Marine Aquarium.

The Director of the Marine Aquarium states that it has not been found possible to secure men for work at the Aquarium at the rates of pay sanctioned by Govt. In these circumstances it seems necessary to sanction increased rates of pay. These rates may be sanctioned till the 31st March 1912 as proposed by the Director in para 2 of his letter.

2. The draft below is for approval. If approved, it may be sent for acceptance to Financial as that Dept. has to sanction the reappropriation statement.

3. No orders appear to be called for on para 2 of the A. G.'s endorsement. The six coolies sanctioned are for working the air-pump, filter-pumps, cistern pumps &c both by day and night and the seventh cooly is for sweeping, cleaning and feeding the fish & relieving other coolies for meals. None of these will be available for renewing the water in the tanks twice a week.

The Director of the Marine Aquarium originally proposed a salary of Rs 10 for six of the Coolies, and Rs 8 ^{each} for another Cooly, for the Gardener and the nightwatchman. Sanction was however accorded only to a pay of Rs 9 to the six Coolies, Rs 7 each to the other Cooly and the nightwatchman and Rs 6 for the Gardener. The reduction was made at the instance of the Financial Dept - vide pages 8 and 9 of G.O. No. 194 Es^d dated 30th April 1911. A reconsideration of this order was refused in G.O. No. 309 Es^d 23rd May 1911 and the Director was told to increase the pay of these servants temporarily in exercise of the discretion vested in him by para. 4 of G.O. No. 202 Finl. dated 4th April 1911. The Director again urges that the rates of pay sanctioned in the case of the Coolies & the Gardener are inadequate and that they should be raised ^{at least temporarily until 31st March 1912} by one rupee each. The proposal may perhaps be now accepted with the concurrence of Financial.

Rs 8.11
8

But under para 4 of D the Director can himself sanction ~~an extra rupee~~ an extra rupee, that then is

the need for Govt sanction for a temporary increase of that amount? Does W. Henderson not understand his present powers or does he mean that even with the higher scale it will be necessary to grant him compensation allowance.

L.D.

9.84

The payment of grain compensation allowance is only sanctioned from month to month. The last sanction authorizes payment of the allowance only up to the end of July 1911, and Mr. Henderson's difficulty seems to be that he cannot offer Rs 10 for the coolies until the 31st March 1912, as the continuance of the compensation allowance is not certain. For the matter of that, he cannot offer Rs 10 for the month of August, as payment of the Comp^t allowance for this month has not yet been sanctioned and will not be so until about the last part of the month.

2. The pay of these menials was fixed in

G.O., No. 194, Ed.1., dated 3rd April 1911, at one Rupee less than that then proposed by the Director as his scale took into account the loss involved by the stoppage of grain compensation allowance which he could himself make good by having recourse to the discretionary power vested in him by the periodical orders issued by Government in connection with the grant of grain compensation allowance. The Educational Department, however, now consider that the Director could not under the existing circumstances offer an increased rate of pay at the beginning of the month as orders regarding the grant of grain compensation allowance issue only about the end of the month. In the circumstances

the proposal to grant an increase of pay as proposed up to 31st March 1912 may perhaps be accepted. It is, however, for orders whether in that case the Director may be told that the discretionary power for temporarily enhancing pay should not be exercised so far as these menials are concerned, during the period they would draw the higher rate of pay.

3. With reference to para 3(ii) of the A.G.'s endorsement that the extra provision of Rs.958 proposed by the Director should be made under the head "Pay of Menials", it is submitted that the attention of the Director may be drawn to this remark.

4. The draft may, it is submitted, be accepted in this Department subject to the remarks in para 3 & 3 above.
