READ—the following papers :—

I

G.O. No. 410, Educational, dated 27th June 1907.

ABSTRACT.—Sanctioning, subject to certain conditions, a grant not exceeding Rs. 10,000 towards the cost of providing additional accommodation for the Findlay College, Mannārgudi.

II

G.O. Mis. No. 549, Educational, dated 6th October 1909.

ABSTRACT.—Extending up to the 31st August 1910, the time fixed for the completion of the work of providing additional accommodation for the Findlay College, Mannārgudi.

III

G.O. Mis. No. 557, Educational, dated 22nd September 1910.

ABSTRACT.—Extending the time fixed for completing the additions to the buildings of the Findlay College, Mannārgudi, and for the submission of the certificate of actual expenditure thereon up to 28th February and 15th March 1911, respectively.

IV

G.O. Mis. No. 204, Educational, dated 7th April 1911.

ABSTRACT.—Extending the time fixed for completing the work of providing additional accommodation for the Findlay College, Mannārgudi, and declining to sanction a part payment of the grant in advance.

V

Letter—from the Correspondent, Findlay College, Mannārgudi.
To—the Director of Public Instruction, Madras.
Dated—the 21st June 1911.

I have the honour to inform you that about three-fourths of the new building for Findlay College have been completed. The whole work we contemplate will be finished in November. I am therefore now writing to ask if it would be possible for the Government now to pay an instalment of Rs. 5,000 of the total grant of Rs. 10,000 promised by Government on the completion of the building.

Under ordinary circumstances such a request would not have been made. The building work would have been financed and the grant received afterwards. But the circumstances in this case have not been ordinary. At the outset, it was difficult to secure a reliable contractor. Eventually a personal friend of the then Principal took it up, but after a time was unable to continue. Then the work was entrusted to another contractor. He became bankrupt. The whole work was delayed and the financial relations became most complicated. Now the work is being undertaken departmentally without a contractor. These unexpected events however have had the effect of involving the college in expenditure which was not contemplated at the outset. It would therefore be of the utmost help at this juncture and enable us to push on the work to a very speedy conclusion if a first instalment could now be paid. I believe that in some cases grants have been paid on this instalment scale.

Any other information I shall be happy to furnish.

Ref. on Cur. No. 4399, dated 11th August 1911.

Submitted to Government with reference to G.O. No. 410, Educational, dated 27th June 1907, and recommended that, as the Superintending Engineer, V Circle, reports that the value of the work already carried out amounts to Rs. 15,000, payment of a third grant thereon viz., Rs. 5,000, may be sanctioned.

J. H. STONE,
Ag. Director of Public Instruction.

Order—No. 615, Educational, dated 2nd September 1911.

In modification of paragraph 2 of G.O. No. 204, Educational, dated 7th April 1911, the Government are pleased, as a special case, to sanction the payment of an advance of Rs. 5,000 to the Findlay College, Mannārgudi, out of the building grant of Rs. 10,000 sanctioned in G.O. No. 410, Educational, dated 27th June 1907.

(True Extract.)

L. DAVIDSON,
Ag. Secretary to Government.

To the Director of Public Instruction,
" Accountant-General.

NOTES CONNECTED WITH G.O. No. 615, EDUCATIONAL,
DATED 2ND SEPTEMBER 1911.

[SUBJECT.—*Recommending the payment in advance of a grant of Rs. 5,000 towards the cost of constructing a building for the Findlay College, Mannārgudi.*]

From the Director of Public Instruction, dated 11th August 1911, No. 4399.

Please see G.O. No. 204, Educational, dated 7th April 1911, and the notes connected with it. In that order the Government declined to sanction a part payment of the grant promised in G.O. No. 410, Educational, dated 27th June 1907, to the Findlay College, Mannārgudi. Though the Director of Public Instruction omits all reference to that Government Order the present application is for a reconsideration of paragraph 2 of G.O. No. 204, Educational, dated 7th April 1911. It will be observed that that Government Order was based on paragraph 2 of the Director of Public Instruction's Endorsement, dated 29th March 1911, in which he remarked that "a part payment of the grant previous to the completion of the whole work is inadmissible under the rules." The present application is however supported by the Director of Public Instruction.

2. Submitted that the present application discloses no new grounds. The Grant-in-Aid Code does not provide for the payment of any grant in advance of completion of buildings—*vide* articles 51 (iii) and 53 of the Code; and the Government are averse from making an exception to the rules of the Code in this respect—*vide* Sir George Forbes' remarks on page 3 of the notes connected with G.O. No. 326, Educational, dated 29th May 1907, page 2 of notes to G.O. No. 33, Educational, 18th January 1909, and page 7 of G.O. No. 190, Educational, dated 26th March 1909.

3. It is for consideration whether the Director of Public Instruction may be informed that the Government see no reason to modify the decision in paragraph 2 of G.O. No. 204, Educational, dated 7th April 1911.

A grant of Rs. 10,000 towards the cost of constructing this building (which was estimated at Rs. 30,864) was sanctioned in June 1907 and the building was to have been completed before 30th June 1909. G.O. No. 410, Educational, dated 27th June 1907. In August 1909, the correspondent applied for an extension of time and this was granted, the 31st August 1910 being fixed as the latest date for the completion of the building. Applications were again made by the correspondent in August 1910 and February 1911, for further extensions of time, and time has now been allowed until 29th February 1912. The correspondent also asked for an advance of Rs. 4,500 of the grant, but this was refused. The rules do not permit of the payment of such advances and it is for consideration whether the Government may maintain the decision in G.O. No. 204, Educational, dated 7th April 1911.

K. RANGASWAMI AIIYANGAR—18-8-11.

For orders.

2. There has already been such delay in completing this building and so many extensions of the time allowed that I am doubtful as to the wisdom of accepting the Director's recommendation. Such concessions constitute dangerous precedents.

L. DAVIDSON—19-8-11.

As work to value of Rs. 15,000 has been done, the advance of Rs. 5,000 may be given. It will no doubt lead to the speedier completion of the building. Mr. Taylor started this here of a dangerous precedent—but in a very few cases would a grant in anticipation be dangerous. The chances of the school not continuing are very small, and we are practically quite safe in advancing the money. We want the school finished as early as possible, and this is one way to bring about that result. We should, I think, not make the grant to these important schools more difficult to obtain than is possible. I am told that many schools won't apply for grants because they find the matter involves such a deal of trouble under present rules. Mr. Taylor was terribly tight in these matters.

2. Please grant the extension and make the grant.

M. H[AMMICK]—31-8-11.

A draft order is submitted for approval.

2. With reference to paragraph 2 of Honourable Member's note above, it is submitted that no extension of time has now been applied for. In G.O. No. 204, Educational, dated 7th April 1911, the Government have already sanctioned the extension of time for the completion of the building up to 29th February 1912.

P.R.—1-9-11.

K. RANGASWAMI AYYANGAR—1-9-11,

L. DAVIDSON--2-9-11.
