Station Madras, Dated the 23rd September 1911

From (Name) The Hon'ble Mr. J. H. Stone, M.A., F.R.H.S.

(Designation) As: Director of Public Instruction,

To The Secretary to the Government of Madras,

Educational Department.

Sir,

In their order No. 621 Educational, dated 23rd November 1909, Government sanctioned the opening of a Special Commercial training class in the School of Commerce, Calicut, for a period of three years from 1st January 1910, and also the employment of an additional assistant on Rs 35 per mensem for the purpose. The class was accordingly opened in January 1910 and the first batch of students completed its course in December last. The second batch is now under training. Before inviting applications for the admission of the third batch I wished to satisfy myself that the supply was not in excess of the demand. On enquiry I understand that of the 24 students trained in the School during 1910, 21 are holding appointments as teachers and that 16 only of these are teachers of Commercial subjects, while the rest are expecting the formation of commercial classes in their schools. Nothing can be said with certainty as regards the demand that will exist for the second batch of students now under training. I expect

2 / 4

However, that the number of trained students that will be available at the close of the current year will be more than sufficient to meet the demand during the year 1912 even if the scheme for the establishment of Government Model Secondary schools were introduced next year, especially as private managers are prone to employ, on lower rates of salary than Rs 50 or 60, teachers who have merely passed in Commercial subjects in the Government Technical Examinations though they may not have undergone the special course in the School of Commerce. I have the honour accordingly to suggest that the class be closed in January 1912, the question of re-opening it in January 1913 being considered later.

2. I beg at the same time to propose that the services of the temporary assistant be retained for another ^{Year} as originally sanctioned in view of the considerable increase in the strength of the school. The Headmaster reports that the undermentioned classes have increased in strength since the reopening of the school to such an extent as to be unwieldy for efficient teaching.

	Strength
1. Book-Keeping (Intermediate)	208
2. Commercial Practice (Intermediate)	211
3. Banking (Intermediate)	130
4. Short-hand (Elementary)	158
5. English Composition	250
6. Do. Handwriting	250

It is stated that classes (1) (2) and (3) are at present divided into two sections each and (4) (5) and (6) into three sections each, that each of the two sections in Book-keeping and Commercial Practice is already more than 100 strong and that it is necessary to divide each of these two classes into 4 sections of about 50 each or at least into 3 sections of 70 each. It is further pointed out that the elementary short-hand class requires to be divided into four sections instead of three at present and that an additional section will be necessary for the English Composition and handwriting classes. He therefore requests that an additional teacher may be appointed for the four additional classes which will give him 18 hours teaching work a week and 10

3
hours correction of exercises.

In the light of the facts set forth above, I consider the Headmaster's request to be reasonable and recommend that the services of the temporary assistant sanctioned in G.O. No. 621 Educational dated 23rd November 1909, who would be set free by the closing of the special training class in the school be utilized with effect from 1st January 1912, for the additional sections that will have to be opened in the school.

3. Pending ^{the} receipt of orders on this communication I am instructing the Headmaster, School of Commerce, not to arrange for the selection of another batch of students.

I have the honour to be,

S i r ,

Your most obedient servant,

C. V. S. Thakur
