G.O. No. 361, Educational, dated 10th June 1911.

ABSTRACT.—Approving the issue of a second edition of the Code of Regulations for European Schools.

II

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., Acting Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 9th September 1911.

No.—Ref. on Cur. 3966.

Article 109 of the Code of Regulations for European Schools provides that in the case of a scholarship transferred from one province to another, the amount shall be transmitted by means of a transfer receipt issued at par. The Bengal Government have, at the instance of the Accountant-General of that province, modified the procedure; and according to the modification the bills of such scholarships are to be countersigned, finally audited and adjusted, not in the province which awarded the scholarships, but in the province to which they have been transferred. They have accordingly altered article 111 of the Code of Regulations for European Schools in that province (corresponding to article 109 of the Code of Regulations for European Schools in this Presidency) by omitting the last sentence in that article, and have asked the Director of Public Instruction to give effect to the modification in consultation with the Directors of Public Instruction of other provinces.

2. The Director of Public Instruction, Bengal, who has written to me on the matter, says that he is prepared to give immediate effect to the modification, and asks whether I am in a position to do the same in regard to Bengal Scholarships tenable in Madras. The procedure he suggests is that a new heading "European Scholarships of other Provinces tenable in Bengal" should be opened in the Educational budget of his province, and that a similar heading "European Scholarships of Bengal (or other Provinces) tenable in Madras" should be opened in the Educational budget of this Presidency, and that the Inspector of European Schools in each province should supply his Director, when the budget is in preparation, with an estimate of the amount required under the new head on the basis of existing actuals or the average of the past three years whichever is the greater. The transferred scholarships in each province, he says, would then be dealt with in exactly the same way as if they were scholarships granted in the province in which they are tenable.

3. I have consulted the Accountant-General who says that the proposed procedure would be simpler and more convenient than the present arrangement. I have, therefore, the honour to suggest that the procedure relating to the adjustment of scholarships of pupils transferred from one province to another may be similarly modified and that article 109 of the Code of Regulations for European Schools may be amended accordingly by the omission of the last sentence thereof.

Order—No. 744, Educational, dated 26th October 1911.

The proposal of the Director of Public Instruction is approved and article 109 of the Code of Regulations for European Schools will be amended by the omission of the last sentence thereof.

FINANCIAL DEPARTMENT.

According to the arrangement * proposed, European scholars holding the scholarships of other provinces but who read in one of the colleges or schools in the Madras Presidency will have to be paid such scholarships by this Government for the period for which they are tenable, and conversely, scholars of this Presidency who read in any of the colleges or schools in any other province will be similarly paid by the provinces concerned. Submitted that the number of such scholars can never be large, and it is not likely that the arrangement will result in any appreciable extra expenditure to this Government. The proposal may be accepted.
