ENCLOSURES.

No. Ref. on Cur. No. 6624/11 *8*
Spare copies Station, *Madras*, Dated the *27* October 191 *1*.

From (Name) The Hon'ble Mr. J.H. Stone, M.A., F.R.H.S.,

(Designation) Ag. Director of Public Instruction,

To The Secretary to the Government of *Madras*,
Educational Department,

Sr,

The Superintendent of the Reformatory School, Chingleput, proposes to mark the year of the Royal visit to India by taking the pupils of the school to the seaside at Mahabalipuram, during the ensuing Christmas holidays. He thinks it highly desirable that a holiday of the kind should be taken for the reasons that the school has not been trained to move out under canvas in the case of an emergency Eg. when a serious epidemic breaks out and that the effect on the health and the moral tone of the school will be most marked. Further it was remarked in the Proceedings of the Director of Public Instruction No. 4752 dated 25th April 1899 recorded in G.O. No. 309 Educational dated 2nd June 1899 that "it is highly desirable not only for the good health

and spirits of the pupils but also with a view to give some rest to the school building from continuous occupation, that the pupils should be taken for a short period every year, as in some of the Reformatories in Great Britain, to the seaside or other healthy locality". The cost of the proposal is estimated to be Rs. 150/- if the Transport Department could lend 20 tents for the purpose.

In reply to my query whether all the pupils can be safely relied upon to make no attempts to escape and whether it would not be advisable as a precautionary measure to leave behind those whom it would be unsafe to trust in the least, the Superintendent states that all the pupils can be safely relied upon and that he is confident that there will be no danger of attempts to escape.

In these circumstances I commend the proposal for the early approval of Government.

I have the honour to be,

S i r,

Your most obedient servant,

E. K. S. S. S.

For Director of Public Instruction.

If they can get the tents I think
the experiment may be tried. It
would do good, if can fully carried
out.
