The Director of Public Instruction,

Madras

Sir,

With reference to your Proceedings Ref on Cur No. 4657 of 11 dated 11th October 1911, stating that this office should communicate with the Superintendent of Stationery for the supply of stationery articles for the European school and Preliminary Examinations for the current and future years, I have the honour to report that in this office Ref on Cur No. 156 T.C.W. dated 26th October 1911, the Superintendent of Stationery was requested to state whether he could supply the stationery articles required for the Examinations as per specimens forwarded to him with this office No. R.C. T.C.W./11 dated 19th September 1911. A reply not being received from the Superintendent until ^{the} 27th ultimo, he was reminded of the reply due, by telephonic messages dated 27th October 1911 and 31st October 1911. In his telephone dated 31st October 1911 the Superintendent wanted to know whether the examinations referred to were public examinations for which fees were levied. In reply he was telephoned to as follows:-

"The examinations are public examinations and fees are levied. The European School Examinations are to be held on the 27th November 1911 and the following six days in about 20 centres throughout the Presidency.

Stationery articles of the specimens already forwarded to you will have to be forwarded to the Superintendent of each centre so as to reach him before the 28th instant.

3
Please let me know if you can arrange for the stationery articles and answer books being supplied". 4

In his letter No. D. Dis 2414 dated 2nd November 1911, the Superintendent states that he is not authorized to issue stationery on payment for the purpose indicated in my letter and adds that I may make my own arrangements in the matter.

As the European School and Preliminary Examinations are to be held on the 27th November and 18th December 1911 respectively I request that sanction be accorded to the supply of stationery articles for the examinations by Local purchase as in the case of the previous years.

I have the honour to be, &c.

Submitted to Government and recommended that in the circumstances explained by the Inspector the permission applied for may be granted.

2. The articles of stationery required for the Examinations which were held during 1910 were purchased locally and the expenditure incurred thereon was sanctioned by Government W. in their order No. 739 Educational dated 24th October 1911.

SUBJECT. Supply of stationery required for the European school and scholarship examinations and the preliminary examination for teachers' certificates.

For want of authority from Govt. the Superintendent of Stationery has declined to supply the Inspector of European and Training Schools with the stationery required for the European School and scholarship examinations and the preliminary examination for teachers' certificates of the year 1911 and has asked the Inspector to make his own arrangements in the matter. The latter accordingly requests, and the S.P. 9 recommends, that sanction may be accorded to the local purchase of the stationery required.

2. The Inspector of European and Training Schools has till now been purchasing the articles of stationery required for these examinations from a private firm in Madras and supplying them to the various centres through the agency of that firm. This procedure being irregular the expenditure incurred in connection with the examinations of 1910

W. was specially sanctioned in Gono 739 Bldy 24. 10. 11.

W. The Financial department then remarked that "if it is convenient for the Inspectors to obtain these from a firm in the Madras City they can as well be obtained from the Stationery office and transmitted to the Superintendents concerned."

3. It is for consideration whether, instead of sanctioning

the local purchase of the stationery referred to, the Superintendent of Stationery may be authorized to supply them. The remarks of the Financial dept. may be obtained w.o. As the stationery should reach the Superintendent of each centre before the 35th inst. that department may be requested to treat the matter as urgent.

I expect it is too late for the Supt. of Stationery to supply this year. Probably the Inspector has already worked out details with local firms & has to give a definite order. If Financial do not object, I propose to authorize the Supt. of Stationery to make the supply in the following years and at the same time to say the Inspector may make local purchases this year if this sanction reaches the Supt. too late for him to arrange.
