GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper:—

Letter—from F. DRAWSBURY, Esq., B.A., LL.B., Registrar, University of Madras.

To—the Secretary to Government, Educational Department.

Dated—Senate House, the 7th November 1911.

No.—3488.

I have the honour, by the direction of the Syndicate, to submit, in accordance with section 25 (1) of the Indian Universities Act, 1904, for the sanction of Government, resolutions regarding alterations in the University Regulations passed at the meeting of the Senate held on Friday, October 27, 1911. Six printed copies of these resolutions are enclosed herewith.

2. Resolution I relates to alterations in the regulations a majority of which are formal in character. With regard to some of these, however, I have to state for the information of Government as follows:—

Alteration (1).—The removal of forms of statement submitted by tabulators and forms of application from the text of the regulations will allow of their modification from time to time, as may be found desirable, without the necessity of applying for the sanction of the Government thereto.

Alteration (17).—The intention of the proposal is to fix a definite period during which pupils of recognised high schools may qualify for their annual certificates, such period terminating seven days before the submission of these certificates to the Registrar, so that pupils of high schools in the more remote parts of the territorial limits of the University may be under no disadvantage as compared with those at schools in or near Madras.

Alteration (19).—If alteration (1) receives the sanction of Government, its further sanction to this revised form of application, which is rendered necessary owing to recent amendments of the regulations relating to the Intermediate Examination in Arts, will not be required.

3. Resolution II proposes amendments to Regulation 166 so as to provide—

(a) for the acceptance of female holders of completed secondary school leaving certificates as matriculates of the University. At present the holders of such certificates are registered as matriculates only when admitted to University courses of study by the head of an affiliated college. Regulation 160, however, provides for the exemption of female candidates for University examinations from the production of certificates of attendance at such affiliated colleges. Under the revised regulation they will be registered as matriculates if the Syndicate is satisfied with their certificates;

(b) for the registration as matriculates of those persons who have passed the Matriculation examination of this University or some other examination accepted by the Syndicate as equivalent thereto; and

(c) for the issue of certificates of matriculation to all registered matriculates of this University.

4. Under Regulation 192, the Syndicate has the power of recognising as equivalent to the Intermediate Examination in Arts of this University any corresponding examination of any other University. It is now proposed to allow the Syndicate the same discretionary power with regard to the examinations of this University, so that, if desirable, it may accept the First Examination in Arts of this University as equivalent to the present Intermediate Examination in Arts, and so permit candidates who have passed the First Examination in Arts to proceed to the B.A. Degree Examination without the necessity of also passing the Intermediate Examination in Arts.

5. Resolution IV suggests a modification of Regulation 382, which is required in order that the regulation may not contravene the provisions of section 24 of the Indian Universities Act, 1904. The present wording of the first paragraph of the regulation would seem to imply that the Senate may initiate a proposal for the disaffiliation of a college, and may use its discretion in submitting such a proposal to the Government. Under the provisions of the Act, a proposal for disaffiliation must be initiated in the Syndicate and the Registrar is required to submit such a proposal and all proceedings thereon, after its consideration by the Senate, to the Government for orders.

6. The certificates of attendance prescribed by Regulation 392 for the Intermediate Examination in Arts have been found to be defective. When the Government inserted into the Intermediate courses of study proposed by the Senate the additional part II relating to vernacular composition, no corresponding alteration was made in the form of attendance certificate. Further, the regulations require that a candidate who has failed at the Intermediate examination shall before again presenting himself for the examination produce a certificate of having attended an additional year in an affiliated college. But no corresponding form of certificate is prescribed by Regulation 392. In view of the above facts and of the recent alterations in the intermediate courses of study, it has been thought desirable that the intermediate attendance certificate forms should be wholly revised, and it is now proposed to have a separate form of certificate for each group of the course and for each year of study in that group. The new forms also provide for the signature, in addition to that of the Principal, of each professor or lecturer in charge of the practical work of the students in the various subjects of groups I and II. This is thought desirable in view of the fact that, though the regulations provide for practical work being done in the subjects of these groups by the students, no practical examinations are held at the end of the course.

The proposed form of attendance certificate for the Preliminary examination in English preceding the B.A. (Honours) Degree Examination is necessary in order to remedy a previous omission in the regulations.

7. If Resolution I (1) above referred to receive the sanction of Government, the form of application for University studentship suggested by Resolution VI will not require its further sanction.

8. At the meeting of the Senate held on October 21, 1910, the Hon'ble Diwan Bahadur L. A. Govindaraghava Aiyar submitted for consideration certain proposals for amending the regulations so as to allow of interrogatories being put to the Syndicate at meetings of the Senate. These proposals were referred to a Committee of the Senate for consideration and report. This Committee submitted its report to the last meeting of the Senate and recommended the adoption of the regulation to be numbered 6-A, which is contained in Resolution VII and is now submitted for sanction. The regulation is understood to be based upon a corresponding Standing Order of the Legislative Council of the Governor of Fort St. George, and provides, with necessary safeguards, for the putting of questions to the Syndicate on the business of the University at the ordinary meetings of the Senate.

9. I have the honour to request that the orders of Government on these proposals may issue as early as possible so that such of the alterations as receive the sanction of the Government may be incorporated in the next issue of the University Calendar which is to be published in December.

The voting paper when filled up shall be returned to the Registrar in such manner as the Syndicate may direct with a view to secure the secrecy of the ballot and so as to reach the Registrar not later than ten days after the date of posting by him. A Committee of two members of the Senate shall be appointed by the Vice-Chancellor for the scrutiny of the voting papers at a time and place to be fixed by him, and the Registrar shall post to each member of the Senate a notice thereof ten days before the date fixed for the scrutiny. II. That the following alterations be made in the regulations:—

- (1) Substitute the following for the present Regulation 166:

166. (a) Subject to such rules and directions as the Syndicate may issue from time to time, holders of completed secondary school-leaving certificates, issued under the authority of the Government of Madras or such other authority as may have been accepted by the Syndicate, may be admitted by the head of an affiliated college, if he be satisfied as to their fitness, to a University course of study, and when so admitted shall be registered as matriculates of the University. Female holders of such certificates who wish to study privately for the Intermediate examination may submit their certificates to the Syndicate, and the Syndicate, if satisfied with their certificates, shall order their registration as matriculates of the University.

A certificate signed by the Registrar shall be given to each matriculate registered under this regulation setting forth (a) in the case of female matriculates registered by order of the Syndicate, the date of the completed secondary school-leaving certificate and the date of such registration, and (b) in the case of other matriculates the date of the completed secondary school-leaving certificate, the date of admission into an affiliated college and the name of the college to which the matriculate was so admitted.

- (b) Other candidates for matriculation shall be required to pass either (1) the Matriculation examination of this University or (2) some other examination accepted by the Syndicate as equivalent thereto.

A candidate who passes the Matriculation examination of this University shall be registered as a matriculate and shall receive a certificate signed by the Registrar, setting forth the date of the examination, the optional language in which he was examined, and the class in which he was placed.

If the candidate be a female candidate, admission to a college shall not be required as a condition of matriculation, and the certificate shall set forth only the name and date of the accepted examination, and the date of its acceptance by the Syndicate as an equivalent of the Matriculation examination of this University.

XIII.—(2) *Omit* Regulation 178 and *insert* the following as Regulation 167 under section “167. Applications for certificates of having passed the Matriculation examination shall reach the Registrar not later than the 1st September succeeding the examination. A fee of three rupees shall be charged for all certificates issued on applications made after that date.”

(3) The present Regulations 167 to 177 inclusive to be *renumbered*.

III. That the following alteration be made in the regulations:—

In Regulation 192 (b) the words “in some other University” be *deleted*.

IV. That the following alteration be made in the regulations:—

In Regulation 382 for the first paragraph *read* “a proposal may be made in the Syndicate at any time for the withdrawal, by an order of the Government, of the privileges of affiliation from any college.”

V. That the following alterations be made in the regulations:—

In Regulation 392—

(a) For the Intermediate examination attendance certificates therein prescribed, *substitute* the nine forms of certificates shown in Appendix C hereto.

(b) *Insert* under “B.A. (Honours) Degree Examination” the form of attendance certificate for the Preliminary Examination in English printed as Appendix D.

VI. That the form of application for University studentships printed as Appendix E be adopted, and incorporated in Regulation 371.

NOTE.—Should Resolution No. I (1) receive the sanction of the Government, this resolution will be unnecessary.

VII. (i) That the following regulation be inserted after Regulation 6 and before Regulation 7 in the regulations of the University of Madras:—

(1) At any ordinary meeting of the Senate it shall be competent for any member of the Senate to put questions on subjects usually dealt with at the meetings of the Syndicate and upon every other matter within the cognizance of the Senate, subject to the following provisos:

(a) Any member who wishes to ask a question shall forward to the Registrar a notice in writing to that effect, together with a copy of the questions to be asked, so as to reach him on or before the third Friday in January if the question is to be put at the March meeting, or on or before the third Friday in September if the question is to be put at the October meeting, provided that the Syndicate may, if it thinks fit, allow a question to be put at a shorter notice.

(b) The question shall be so framed as to be merely a request for information.

(c) The question shall not contain arguments and inferences, nor shall it be of a personal character.

(d) The question shall not be asked for an expression of opinion or the solution of a hypothetical proposition.

(2) The Syndicate may disallow a question on the ground that the question does not conform to the provisions of rule 1 of this regulation, or on the ground that it cannot be answered consistently with the interests of the University. The decision of the Syndicate in disallowing any question shall be final, and no discussion thereon shall be permitted at any meeting of the Senate.

(3) The Syndicate shall make such arrangements as may be necessary for the answering of the questions that may be put at the meetings of the Senate.

(4) Any question standing in the name of a member who is absent from the meeting at which it is to be put or who declines to put it may be asked by any other member.

(ii) That the regulation be numbered 6-A.

(iii) That the following consequential amendments to Regulation 19 be made:—

(a) After the first paragraph, *insert* “(i) the answering of questions, if any.”

(b) For (i), (ii), (iii) (iv), (v), *substitute* (ii), (iii), (iv), (v), (vi) respectively.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

Treated as a u.o. reference in accordance with demi-official from the Secretary.

A. G. BOURNE—22-11-11.

U.O. No. 102, dated 22nd November 1911.

I see no objection to any of the proposals except that to allow interrogatories to be put to the Syndicate at meetings of the Senate. This seems doubtfully expedient. It is, so far as I know, opposed to University practice in Europe and it seems altogether out of place to introduce the methods of the Legislative Council and the Corporation into the University.

Pages 28 and 49 of the notes with G.O. No. 221, dated 27th March 1906.

Pages 3, 4, 5, 26 and 27 of the notes with G.O. No. 841, Educational, dated 27th December 1906.

The Secretary will, I think, find some notes in his office regarding a proposal made when the regulations were framed to provide for a vote of want of confidence in the Syndicate.

It can hardly be maintained that past experience has made such an innovation necessary. The questions likely to be brought into public prominence under the proposed regulation are pretty sure to be of such a nature as to render it desirable that they should be finally disposed of by a body like the Syndicate.

The executive government of the University has been specifically tested in the Syndicate by the new Act and the relations between that body and the Senate fairly clearly defined.

The proposed privilege has, it is true, been apparently safeguarded from abuse, but in practice it may easily become a system under which acts of the Syndicate will be discussed in the press. It is almost a matter which would have found a place in the Act, had it been intended to introduce such a system.

Although it can hardly be said to be inconsistent with the Act (Indian Universities Act, 1904, section 25), it is not in any way included in the matters (which are set forth in much detail) included therein as suitable for regulations. It must, moreover, be borne in mind that the vesting of statutory powers in the Syndicate was held to be one of the most important provisions of the new Act and if the resolution means anything at all, it is an attempt to question the authority of the Syndicate.

Mr. Stone tells me that neither he nor any one else opposed the proposal in the Senate, so that I cannot, I fear, strongly press my objection; but had I been present, I should undoubtedly have noticed it at the meeting.

A. G. BOURNE—22-11-11.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

The alteration to which Dr. Bourne takes objection is the new regulation to be numbered 6-A, referred to in paragraph 8 of the Registrar's letter. It is for consideration whether this regulation may be disallowed.

2. The notes to which Dr. Bourne refers *supra* relate to Regulation 95 proposed by the Senate in 1905 when the new regulations were being framed and will be found on pages 28 and 49 of the notes with G.O. No. 221, Educational, dated 27th March 1906, and on pages 3, 4, 5, 26 and 27 of the notes with G.O. No. 841, Educational, dated 27th December 1906. The regulation in question was disallowed by Government (*vide* order in Council on page 27 of the notes with G.O. No. 841, Educational, dated 27th December 1906).

T.K.—23-11-11.

Submitted that the new resolution may be disallowed. Dr. Bourne is strongly against it. There was considerable discussion in 1906 when the Senate wanted to provide for a vote of want of confidence in the Syndicate and it was finally resolved to give it up. The resolution now proposed is, no doubt, an attempt to question the authority of the Syndicate and there is no knowing what in practice it will lead to.

M. H[AMMICK].

I don't see that it can lead to any harm if the Syndicate does its work properly.

M. H[AMMICK].

R. SUNDARAM AIYAR—23-11-11.

These papers come in an urgent file board with reference to the final paragraph of the current stating that it is proposed to incorporate the alterations approved by Government in the issue of the calendar (for 1912) to be published in December.

2. Regulation 6-A may, I submit, be disallowed as an unnecessary and undesirable innovation. It would be better not to assign any reasons.

3. I see nothing open to objection elsewhere.

4. There will not be time to circulate the file to other Honourable Members as I should ordinarily be disposed to do with regard to Regulation 6-A; but such circulation is not essential, I submit, and may be dispensed with.

L. DAVIDSON—29-11-11.

I am not prepared to refuse this regulation as to questions. I don't think it is an improvement on matters as they stand now, but I don't think hedged as the regulation is, it can do harm. It is a foolish imitation of our practice in the Legislative Council. It was not, I believe, opposed in the Senate by any body, and was carried, I think, unanimously. It may pass. I cannot agree that the proposal is contrary in any way to the Act. Under the regulation, the Syndicate is subject to the control of the Senate and to use the control properly, it is only in reason that the Senate should have facility for finding out what has happened in the proceedings of the Syndicate. They can only do this by questioning. I don't myself think the proposed regulation is likely to have any serious effect on the conduct of affairs in the University. Dr. Bourne only doubtfully guesses his objection. The regulation may be approved.

M. H[AMMICK]—30-11-11.

A draft is submitted for approval.

T.K.—2-12-11.

R. SUNDARAM AIYAR—2-12-11.

Send a manuscript copy in advance to the Registrar.
