To The Secretary to the Government of Madras,

Educational Department.

Sir,

With reference to Memorandum No. 2529-2 Educational dated 27th October 1911 I have the honour to state that it is unlikely that any amount will be required during 1912-1913 for expenditure under "'22-Education-University". Any grants given in future to colleges may be suitably given under "22 C-Education-Grants-in-Aid".

2. In this connection I beg to invite the attention of Government to this office letter Ref on Cur No. 6977/11 dated 14th October 1911 recommending payment to the University of a sum of Rs 24,004-5-6 on account of the loss sustained by that body in consequence of the introduction of the scheme for the award of Secondary School Leaving Certificates. In the Budget Estimates for 1912-1913 submitted in my capacity of Commissioner for Government Examinations under "26-O Scientific &c. Departments" a provision of Rs 15,000/- has been entered on this account. I

request

request that the provision may be raised to Rs 25,000.

I have the honour to be,

Revised estimate—1911-1912.—The revised estimate is mainly based on the actuals of the past year and of five months of the current year. The budget under *University* is retained in the revised estimate pending later actuals. The absence of the Director on leave out of India accounts for the saving under the second head. The decrease under *Inspection* occurs mainly under salaries and allowances. Under the fourth head, 13,0 has been resumed from the budget under *Europe stores* and the lump provision of 23 for furniture, Apparatus, etc., has also been omitted in the revised, as it has been included in the lump grant of 3,00,0. The decrease under *Government Colleges—Professional* is mainly due to savings under salaries in the Teachers' College and the Law College, and that under *Government schools—General* to savings under allowances and supplies and services of elementary schools. Under *Government schools—special*, savings are chiefly expected under salaries and stipends in training schools for masters and to a smaller extent in the provision made for the Technical Institute and the weaving and leather experts. The revised estimate under *Grants-in-aid* is that proposed by the Director. The lump provisions of 1,20,0, 25,0 and 20,0 respectively for the establishment of Government model high schools and the reorganisation of training schools for masters and mistresses will, probably, not be utilised during the current year. The special grant of 3,00,0 has been retained in the revised, pending later information.

Budget estimate, 1912-1913.—The Director has not made any provision under the first head. I have, however, entered the usual provision of 5 on account of the Johnston of Carnasalloch scholarship. The budget under *Directions* includes provision for the special officer sanctioned in G.O. No. 481, Educational, dated 17th July 1911, for an additional clerk on Rs. 70 and for strengthening the establishment, but the last two items have not yet been sanctioned by Government. The provision for grain compensation allowance in the departmental budget under the third head may be reduced by 2,0 with reference to the revised estimate for the current year. The establishment for the Superintendent of Industrial Education, provided for under this head, has not yet been sanctioned by Government. A lump provision of 0,8 is made for the reorganisation of the office of the Inspector of European and Training schools. Under *Government Colleges—General* provision is made for a mechanic for the Mangalore College, and an additional attender for the Numbakōnū College, although these appointments have not yet been sanctioned by Government, and for the continuance throughout the year of the temporary assistant for the Rajamundry College although his retention was sanctioned in G.O. No. 650, Educational, dated the 7th November 1910, up to the 31st March 1912 only. The amount deducted as probable savings under this head may be increased by 3,0. A lump provision of 7,9 is also made for extra establishments for the Presidency College, Madras, under *Government Colleges—Professional*, provision is made for a commercial instructor for the Teacher's College not yet sanctioned by Government; and for the continuance for the whole year of the temporary assistants sanctioned only up to 31st March 1912 in G.O. No. 162, Educational, dated the 21st March 1911. The abolition of the Bree's Memorial school, Ottacamund, and the smaller expenditure estimated under capitation allowance to teachers in elementary schools for boys and grain compensation allowance in elementary schools for girls, account for the decrease below the current year's budget under *Government schools—General*. I have included in the estimates under this head the educational establishment working in the Laccadive Islands, which has been provided for by the Board of Revenue in its budget under 3. LAND REVENUE; this accounts for an increase of 5 under this head. The provision of 7,0 in the departmental budget for the payment of grain compensation allowance in elementary schools for girls may be reduced by 4,0 with reference to the current year's revised estimate. A lump provision of Rs. 1,474 is made under this head for the opening of new schools in the Ganjam Agency; provision is also made for the opening of a Muhammadan Girls' school at Tindivanam which has not yet been sanctioned by Government. Under *Government schools—Special*, the Director has budgeted for two temporary assistants on Rs. 00 for the Training school, Rajamundry, not yet sanctioned by Government. With reference to past actuals and the current year's revised, the amount provided for stipends in Training schools for masters may be reduced by 15,0 and the provision for grain compensation allowance in Training schools for mistresses and the School of Arts by 4 and 2 respectively. I am unable to offer any remarks on the lump provisions proposed for the weaving, dyeing and leather experts, in the absence of sufficient data regarding them. Under *Grants-in-aid*, enhanced provision is made under Teaching grants to colleges and elementary schools and under Building and Special grants to European schools, but these increases are partly compensated by a decrease of 47,0 under grants for furniture, etc. The last head includes an additional provision of 60,0 under subsidies to local boards. The Director has entered in his budget three lump provisions of 4,17,0, 93,0 and 45,0 for the establishment of model high schools and the reorganisation of Training schools for masters and mistresses respectively and as also included them in the schedule appended to his budget.

(1) University. The Director of Public Instruction has not made any provision under this head. In the current year's budget a sum of Rs.50,000 was provided under this head for grants to the University and affiliated colleges with reference to para.3 of Home Department letter No.518 dated 11th June 1909 - page 2 of of G.O. No.421 Educational, dated 16th July 1909. in the budget for 1912-13 the Accountant General has entered the usual provision of Rs.500 in round figures for payment of Rs.480 to the University for the maintenance of Johnston Carnsalloch scholarships - c.f. G.O.No.503 Educational, dated 2nd September 1909; but nothing has been provided for grants to the University or to affiliated colleges. Under 22 - G. "Grants-in-Aid" the allotment for colleges has been increased from Rs.65,000 to Rs.80,000 but this is for increased teaching grants and is not for grants for equipment &c. for which the assignment originally made by the Government of India was intended. It is therefore for consideration whether a provision of Rs.50,000 may not be repeated in 1912-13 also, for grants to the University and for affiliated colleges. This will be in accordance with the proposal contained in paragraph 6 of letter to India No.73 Educational, dated 4th February 1909.

(Memo. no. 2529-2 dated 27-10-11)

From the D.P.D. Memo 7791 dated 21-11-11

The D.P.D. states that it is unlikely that any amount will be required during 1912-1913 for expenditure under "22. Education - University" and that any grants given in future to colleges may be suitably given under "22-G. Education - Grants-in-aid". The Director does not refer to the point whether any grant will be required for the University.

2- The D.P.D. requests that the provision of Rs 15,000 entered in the Commissioner for Govt. Examinations' budget for 1912-1913 for payment of compensation to the University for the loss sustained by that body in consequence of the introduction of the scheme for the award of Secondary School Leaving certificates may be raised to Rs 25,000. This has however been

done already by Govt & no further action is necessary -

3. The file may be sent to the Financial Dept. for perusal & after return from that Dept. the current may be recorded.

The D.P. says that no amount will be required for expenditure during 1912-13 under "Education University". Apparently therefore he does not consider that any grant to the University will be required. Fin^l may see and return.
