To
The Secretary to Government,
Educational Department,
MADRAS.

Sir,

We most respectfully beg to bring the following proposal
for your consideration.

NEEDLEWORK CLASSES are considered compulsory in all English
girls schools here and at home, and that all pupils are taught
this necessary art.

This branch is unfortunately overlooked in Indian girls'
schools. May we represent that there is always the annoyances
with the local Durzees that can not be improved upon, the
tailoring charges getting exorbitant day by day, and if this
special branch is introduced, it would greatly help the parents
and afford instruction to their daughters. We would ask your
consideration to introduce this branch as an experiment locally.
We on our parts are prepared to undertake to give free instruc-
tions at any school once a week for two hours on our sewing-
machines till the girls have learnt as to how to work the machi-
nes, and to allow reduced rates on our machines and accessories

To The Secretary to the Government of Madras,
Educational Department.

Sir,

In returning herewith the letter of the Singer
Manufacturing Company received with your endorsement No. 2169-1
dated 13th September 1911 I have the honour to state that the
Superintendent of the Presidency Training School for Mistresses
and the Headmistress of the Hobart Training School to whom the
letter was referred, are not in favour of the proposal made by
the company and that I do not think that Government can support
what is clearly an advertisement.

I have the honour to be,

Sir,

Your most obedient servant,

R. A. Ariue.

NOTES.

C. No. 2169 From the Singer manufacturing co. No. , dated 1-9-1901.

SUBJECT.

Introduction of sewing machines in
needle work classes.

Needlework is taught in all girls' schools. Please
see page 5 of the scheme of studies for elementary
schools for girls.

2. The proposal of the Singer manufacturing
company is to introduce work on the sewing machine
as a part of the needlework taught in classes. It
is apparently intended to be a form of advertise-
ment of the 'Singer' machines and the propriety
of granting the request is a matter for consideration.

3. The current may in the first instance be
referred to the D.P.D. and the draft below
is for approval.
